## INTRODUCTION.

---

IN presenting the Second Volume of the Hastings Directory to the Public, the Publisher begs to thank the business men of the County for the liberal manner in which they have supported the work. Believing that the first edition gave general satisfaction, he feels assured, from the pains which have been taken in the compilation of the present work, that it will, at least, meet with the same favor. It will be observed that several improvements have been made in this edition. Further improvements will be made in future editions.

## COUNTY OF HASTINGS.

---

Four years ago, the first Directory of the County of Hastings was published, and by it we formed some idea of the extent and resources of the County. A more correct estimate of its growth and prosperity could scarcely be obtained than by comparing the facts and information contained in the work of 1860, and those embodied in the present edition. In every department of the work—its statistics, its local information, its list of names, its descriptive and general information, its advertising pages—there are evidences of substantial progress. Our population has materially increased; our mills and factories have multiplied and added to their capacity; our towns and villages have kept pace with the general prosperity; our rural neighborhoods show the effect of thrift and enterprise; the back country is filling up with a hardy and industrious population, and in fact, all around us are unmistakable evidences of prosperity. In agriculture, in education, in trade and commerce, we have made steady advancement, and with the natural advantages possessed by us, our agricultural, lumbering and mineral resources, the future presents a promising aspect.

### SITUATION OF THE COUNTY.

The County of Hastings is situated on the north shore of the Bay of Quinté, commanding a frontage on the bay of about thirty miles, and extending to within five miles of the head of said waters. It comprises within its limits several townships, a town, and many growing and prosperous villages. The incorporated village of Trenton, the townships of Sidney, Thurlow, and Tyendinaga, and the town of Belleville, lie immediately adjacent to, and fronting the Bay of Quinté; Rawdon, Huntingdon, and Hungerford are immediately in their rear; Marmora, Madoc, and Elzevir to the north, and Lake, Tudor and Grimsthorpe are to the north of these. Within the last few years twelve new townships have been laid

out adjoining these last, and are now incorporated with the North Riding of the county. Through the latter, a public road, known as "The Hastings' Road," has been opened by the Provincial Government, and free grants of land are made to those who desire to go in and settle the country.

The county has access by water and railway to the eastern and western markets, not merely with the ports of the Province, but with those of the United States. The navigation of the bay is convenient and secure, and free from those hazards to which the lakes are at times liable; steamboats or other vessels ply regularly between Trenton, Belleville and Montreal, Belleville and Kingston, and Belleville and Oswego, thereby affording a frequent, cheap, and comfortable means of conveyance for the purposes of travelling and commerce. The emigrant who wishes to settle in or visit the county of Hastings, can proceed from Quebec, either by railway or steamer to Belleville. From Belleville, stages run daily to the principal villages in the back country; and for a trifling sum, the traveller can go and examine the lands in any of the townships. From Belleville to Trenton, the western boundary of the county, it is twelve miles by water. Here we arrive at the head of the bay, which is separated from Lake Ontario by a narrow strip of land. It has been contemplated to cut a canal connecting Lake Ontario and the Bay of Quinté, the preliminary steps to secure which have already been taken. By this canal the dangerous navigation along the Prince Edward's shore would be avoided, and the route from the far west to Montreal shortened some fifty miles.

#### MANUFACTURING RESOURCES OF THE COUNTY.

It is not too much to say that no other county in Canada, possesses such splendid water-power privileges as Hastings. Three large rapid streams pursue their tortuous course throughout the county, fed by numerous tributaries, furnishing at a thousand different points splendid mill sites, and an ample supply of water to drive any description of machinery. These streams take their rise from 75 to 100 miles to the north. *Trent*, the largest stream, is situated in the western section of the county, and possesses innumerable privileges for driving machinery, though as yet these privileges are comparatively unoccupied. The *Trent* is a rapid

stream, and in many places broad and deep. The river *Moir*a empties into the bay at Belleville, and for sites for mills and factories, and machinery of every description, presents unrivalled advantages. For twenty and thirty miles back flouring and saw mills are erected at different points on the river; and at Belleville we have very extensive mills and factories of various kinds, supplied with water power from this river. These factories might be increased tenfold without affecting the supply of water. *Salmon River* empties into the bay about one mile south of Shannonville. It is a fine stream, and furnishes a large number of flouring and saw mills, at different points, with motive power. Large quantities of square timber, and scores of thousands of logs are every spring brought down these rivers from the extensive lumbering districts 50 and 100 miles back, and made up into rafts to go down the bay and the St. Lawrence to Quebec, or manufactured into lumber at the extensive mills at Belleville, Trenton, and Shannonville. It will be seen at a glance that our manufacturing resources are abundant; and it only wants capital to make the county one of the best manufacturing districts in British America. And may we not reasonably expect, when the extent of these resources becomes more widely known, when the inexhaustible supplies of mineral wealth with which the county abounds, are brought to light, that capitalists will find it to their advantage to invest here, where they will be certain of profitable returns?

#### OUR MINERAL WEALTH.

Any one unacquainted with the facts of the case, would be startled by the assertion, that it would be difficult to over-estimate the importance of the mineral resources of this county. But we believe that a fair examination of the grounds on which such a statement rests would convince the most indifferent that our resources in that respect are practically boundless. We have in great abundance the three chief metals of commerce and the arts—iron, copper and lead—and of the more unusual metals we have nickel, zinc and antimony; and it is the opinion of many that the more precious metals will be found in our back townships. Indeed, gold was found last summer in appreciable quantity in a quartz vein in the neighboring township of Belmont, by Mr. Charles

Robb, mining engineer, of Montreal. When it is remembered that prospecting for minerals has only just commenced here, and that, with the exception of a few acres here and there, the whole metal-bearing country is covered with the original forest, it will be seen that as yet we know comparatively nothing of the extent or variety of our ores. Our purpose is not to speculate as to what may be found, but to speak of what is known and certain.

To begin with the iron. Three immense beds of magnetic ore are found upon the shores of Crow Lake, two of them terminating in bluffs at the shore, where the ore can be put at once upon scows, the third occurring about 300 yards from the water. These are the ores which have been used at the "Marmora Works." They have to be conveyed in scows down the lake and along Crow River, a distance of a few miles to the furnace, which is built at the first falls; the river at that point affording a water-power sufficient for all the machinery that could be placed along its banks.

In addition to the above, very fine hematite and bog ores are found a short distance east of the works, which, used with the magnetic ores, will produce the combinations so much sought after, and procured at great expense at many American furnaces.

In the next township east of Marmora, Madoc, a bed of magnetic ore of great extent and remarkable purity is found, from which excellent iron was formerly made at Madoc village; and at the village of Bridgewater in Elzevir, the township next east of Madoc, a bed of magnetic ore, said to be of enormous extent, has been found within a few rods of the splendid water-power which drives the mills of the Hon. Billa Flint at that place. Besides the above, iron has been observed cropping out at numerous intermediate points, many of which, there is every reason to believe, will, on further exploration, be found to be regular beds. Thus in every township along this line, from the west to the east of the county, there is known to exist an inexhaustible supply of the very best iron ore, which can be worked for many years without the expense of regular mining.

Many persons have an idea that in some "good time coming," in the remote future, these ores will come into use, but that it is premature to work them now. These people have no very definite reason for thinking that the working of these ores should

be postponed *sine die*; but there is a vague notion afloat that the great desideratum is mineral coal, which they hope will be procurable sometime or other more cheaply than at present; or that as ores become scarcer in other places these will come into use. But they have never been at pains to enquire into the question, or to ascertain whether we have not as good and *as cheap* as can be found anywhere. The following extract from the article *Iron* in the *New American Cyclopaedia*, will give the attentive reader an idea of the elements necessary to the successful working of iron ores, and of their cost at the principal American furnaces. We quote all that the writer says under the heading "Cost of Manufacture:"

"The legitimate items which make up the cost of producing pig iron are few, and may be valued with tolerable correctness, but beside these are contingencies such as result from accident and bad management, that cannot be reckoned in any estimate, and frequently swell the expenses per ton beyond all calculation. Without further reference to these, the cost may be considered as made up of ore, fuel, flux, labor at the furnace, interest on capital, repairs and superintendence. Ore, fuel, and labor are the chief items. The cost of the first two, depending in great part on transportation, varies widely according to the locality and convenience of supply. That of the remaining items is more particularly affected by the magnitude of the establishment, diminishing per ton of iron produced as this increases. Each iron-making district possesses its peculiar advantages, one having ore of excellent quality and cheap, another fuel, another producing iron of superior quality, which, by its high value, admits of the use of expensive materials; and if another is found possessing all the requisites for the production of the best iron at little cost, its distance from the great market commonly counterbalances these advantages. Some estimate may be given of the approximate cost of manufacture in a few of the principal districts of the United States. The furnaces on the Hudson River use  $\frac{2}{3}$  to  $\frac{3}{4}$  hematites from Columbia, and Dutchess Cos., N. Y., and the neighboring counties in Massachusetts and Connecticut, and  $\frac{1}{3}$  to  $\frac{1}{2}$  magnetic ores from Lake Champlain and from the highlands below West Point, the mines not less than five miles back from the river. The Champlain ores cost, delivered, from \$3.50 to \$4.50 per ton; those of the highlands about \$2.50; the hematites from mines owned by the furnace about \$2.25, and from this to \$3. The average for the hematites may be considered \$2.50 per ton, and for the magnetic ores \$3.50. Of the former about

two tons, and of the latter one ton are required to the ton of iron. The cost of ores is then \$6.75; anthracite two tons at \$4.50, \$9; flux 35 cents; labor and superintendence, as sometimes done by contract, \$4; total \$20.10. Repairs and interest on capital may be considered as making the actual cost full \$21. In the great iron district of the Lehigh, the ores are supplied from such various sources that the average of their cost is not easy to determine. The magnetic ores are brought to the furnace from New Jersey, and the hematites from the mines scattered about the valley between the Blue mountains and the South mountain in Lehigh and Berks counties. The magnetic ores are generally valued at about \$3.50 per ton, and for the hematites as much as \$2 per ton is sometimes paid for transportation, and \$1 more for mining, besides 25 or 50 cents for the value of the ore in the mine. The average cost of the mixed ores is probably about \$3 per ton, and  $2\frac{1}{2}$  tons are required to the ton of iron. The cost per ton of pig iron is then as follows: ores \$7.50; anthracite, two tons at \$3, \$6; other items as above, \$4.35; total \$17.85; making the whole cost not far from \$19. The greater convenience of the Hudson River furnaces to the great markets of New York, Troy and Albany, and the better quality of their iron, fully compensate for the higher cost of production. The furnaces making iron with charcoal for fuel on Chesapeake Bay, near Baltimore, run at an average expense not varying materially from the following estimate: ore  $2\frac{1}{2}$  tons at \$3.62 $\frac{1}{2}$ , \$9.06; fuel  $3\frac{1}{2}$  cords at \$2.50, \$8.75; flux oyster shells 30 cents; labor (including \$1.50 for charring) \$2.75; other expenses \$2; total \$22.86. Nothing but the excellent quality of the iron sustains these furnaces, and enables their product to find a market in the rolling mills and nail factories of Massachusetts."

From the foregoing the reader will observe that the cost of fuel and ores to the ton of pig iron at the three furnaces named is respectively \$15.75, \$13.50, and \$19.31; now it may be safely assumed that at Marmora the cost of labor, &c., will be no more than at the places named—the only question then is what will the ore and fuel cost delivered at the furnace. The Marmora Iron Company paid 50 cents a ton for quarrying and putting it on board scows, which have to be floated to the furnace, allowing 75 cents a ton for selecting the ores and floating them down, which is a large per centage over what it cost. We have  $2\frac{1}{2}$  tons of ore delivered at the furnace for \$3.12 $\frac{1}{2}$ ; then  $3\frac{1}{2}$  cords of wood at \$1.25, for which price any quantity can be had, gives \$4.37 $\frac{1}{2}$ ; add \$1.50 for charring, makes the fuel for working a ton of pig

iron cost \$5.87½; less than the cheapest of those mentioned by the writer in the Cyclopaedia.

There is no error in the above calculations; then why should not iron be made at a profit at our ore beds? Any one who has not given this subject some attention, will be surprised to learn that *four-ninths* of all the iron made in the States is smelted by charcoal, but such is the fact.

The article above quoted from gives as the total production of pig iron for the year 1856—the last year to which it brings down its tables—812,917 tons; of this 394,509 tons was made with anthracite coal, 44,481 tons with coke, 25,073 tons with bituminous coal, and 348,854 tons with charcoal; the price at Philadelphia of pig iron made by anthracite coal, was, in the above year, \$25 per ton, making the value of the whole production of the year \$9,862,725. The price of pig iron made by charcoal at the same time in the same market was \$30 per ton, making the value of the whole production of the year \$10,465,620. In 1858, the average price in Philadelphia for anthracite pig iron was \$20, and for charcoal pig iron \$24, being the same relative price of twenty per cent. in favor of charcoal. The famous iron of Norway and Sweden is made from precisely such ores as ours by charcoal, and that too of a very inferior quality. They have little else there than pine; and a large part of their charcoal is made from the slabs of the pine saw-logs, and in some places in Norway they float their timber for making charcoal down the rivers, as we do saw logs in this country, for a distance of fifty English miles, and yet they make iron at a great profit: the iron masters of those countries are the wealthiest people there.

A recent number of the *Marquette Journal*, a newspaper published at the Lake Superior iron region, says: "Large investments have been made in timbered lands along the lines of the Marquette and Ontonagon and Peninsular railroads, as well as on Big Bay de Noguét, with a view to erect blast furnaces for the manufacture of charcoal pig iron." The charcoal that can be made from the soft woods of that high latitude is much inferior to what our hardwood produces, and yet it is found to be profitable to make iron with it there, with all the drawbacks of high wages, dear food, and great distance from market.

Now it never can be hoped to get fuel to our ores cheaper than it can be made at present upon the spot; then what reason is there to think that the future will afford facilities for working them superior to what we now possess? The fact is that every year the facilities are becoming less and less, for the simple reason that the fuel is gradually wasting away, either burned to clear the land or used to make potash. All that is required is a sagacious expenditure of capital, and it only requires that the matter be fairly put before capitalists to secure their attention.

One serious drawback certainly does exist, and it is the only thing that can interfere with this enterprise; it is the want of cheap communication with our system of railways and navigation.

It is true we have excellent macadamised roads to all the points indicated, but an expense of \$4 per ton to bring the pig iron to market will compensate for the difference in the cost of the raw material. This difficulty may to a great extent be met by making the iron at once into bars, or into steel direct from the ore, thus producing an article of more value which could better bear carriage. But there is no reason why so important an interest should languish for want of a railway. Once built, such a road would be furnished with freight to its utmost capacity—going up the valley of the Moira to some point at or near Bridgewater, thence crossing the country by a natural water that extends past Madoc nearly to Marmora. It could touch at three points where charcoal furnaces could be supplied with fuel and ores in vast quantities, and would furnish an immense amount of freight. In addition to this, a much larger business would be done in exporting the raw ores to be mixed with the inferior ores of Pennsylvania and Ohio; this business is carried on to an enormous extent from points so distant as Lake Superior; a railway has been built there extending back from the coast some twenty miles for the sole purpose of bringing down these ores. To quote again from the *American Cyclopaedia*: “This business is rapidly becoming of immense importance, as may be seen by the transportation of ore and iron to the lake, for shipment by the Bay de Nogueet and Marquette Railroad, which, up to October 8th, 1858, amounted in that year to 28,913 tons, and to the same date in 1859 to 75,875 tons. It is stated that from ten to twenty vessels have been constantly waiting, during

“the season of navigation, for cargoes; and the demand for the year 1860 will require a supply of 150,000 to 200,000 tons.”

The *Marquette Journal*, to which we have before referred, says: “The amount of iron ore shipped from Lake Superior in 1855 was 1,447 tons against 116,998 tons in 1860, and 185,557 tons in 1863. These amounts, especially those for the last two years, fall far below the demand, the difficulty having been in procuring transportation for the ore, and men to mine. The quantity actually spoken for, to supply the various furnaces using this ore, before the opening of navigation in 1862, was over 140,000 tons, while in 1863, 250,000 would not have supplied the demand.” The same paper states the value at Marquette of the iron product of that region for 1863 to be \$1,327,245.

These ores could be forwarded from Belleville to any point on Lake Erie much more cheaply than from Marquette; and it will be seen at a glance that a railway once in operation, its capacity would be the only limit to its freight. Vessels regularly employed in carrying iron ores to the west would bring back as their regular and natural return freights mineral coal, which could thus be delivered in Belleville more cheaply than at any point on Lake Ontario, and there would naturally grow up here manufactures in iron. This coal, too, would be used at Belleville for smelting ores as the charcoal of the back country became exhausted.

But iron is not the only mineral that will be developed by this means. Very fine ores of both yellow and purple copper have been found in most promising quantities, both in veins and beds of great extent, at several points in the township of Lake, fifteen miles from Marmora. Some exploration has been done here, with most encouraging results, and the only thing that stands in the way of extensive working is the distance from steam communication.

In the neighboring township of Belmont, very fine veins of yellow copper have been opened with every prospect of success at two points; in the township of Madoc, a very rich vein of purple copper ore has been opened; and at several places in Tudor, the township next back of Madoc, copper has been found. Tudor bids fair also to become a great lead-producing district—a large number of veins of galena, yielding from 70 to 90 per cent. of lead, have been

found, several of them of great width, and richly charged with ore. A vein of lead has also been found in Marmora, about ten miles from the iron works, from which splendid specimens of lead ore have been taken, a single piece weighing over fifty pounds.

Besides these metals, antimony has been found in considerable quantity at the north-east corner of Hungerford, and zinc has been found in Lake.

As was remarked before, the work of exploration has only just commenced, and almost every week some discovery of importance is made. Enough, however, has been already found to employ the energies and capital of many companies. The discoveries have nearly all been so recent that the attention of capitalists has not yet been drawn to this part of the country; but it cannot be long until these matters receive the attention they deserve.

Marble of very fine quality, for surface specimens, has been found in large quantities in each of the four townships in which iron exists, viz., Belmont, Marmora, Madoc, and Elzevir. Should these marbles prove, on working, to be of good quality, they of themselves would furnish no inconsiderable freight for a railway.

Lithographic stone is also found in abundance in Marmora and Madoc, and is of a superior quality.

In the meantime a railway is the great desideratum, and the problem of how it is to be secured, is engaging public attention. It is felt by many that the development of our mineral wealth is really a provincial interest: for aside from the amount of substantial prosperity it would secure to this immediate locality, it would indirectly benefit the country at large. And again, there is no reason to suppose that these minerals are confined to this part of the country, as our back country, for hundreds of miles, is of the same geological formation, and presents precisely the same conditions as those which accompany minerals here. It is therefore a matter of the very first importance to the whole Province that the question of the successful working of our mines should be decided in the affirmative.

The matter will probably be brought before Parliament at its next session, and an application be made for a grant of land in the rear townships of this and neighboring counties, for the

purpose of building this road on the plan of the land grant rail-roads of the neighboring states, and there is no doubt that the good sense and patriotism of the Legislature will recognize the claim.

In such an event the County of Hastings will present attractions to the capitalist, to the emigrant of moderate means, and to the laborer, unequalled by any county in Canada. The agricultural resources of the southern part of the county are unsurpassed in the province, and the operations of its mines and smelting works at so many points in the rear will give profitable employment to great numbers of men who, in turn, will consume everything that the farmers in these neighborhoods will have to sell, turning to account a thousand things, which distance from market renders now nearly valueless; and bringing under cultivation tens of thousands of acres of land which, too rugged to work to advantage while remote from markets, will supply the large resident population employed about mines, with mutual profit to producer and consumer. While at the southern terminus of the railway, smelting works, rolling mills and other manufactories such as always grow up in a mining region, will soon build up a city which, for real prosperity and substantial wealth, will be unsurpassed in this country.

#### THE HASTINGS ROAD, AND NEW SETTLEMENTS IN REAR OF THE COUNTY.

By the Act 22d Vict., cap. 14, 30th June, 1858, the following townships contiguous to the Hastings road, were "attached to the County of Hastings for all purposes whatsoever:"

McLure,	Bangor,	Monteagle,
Faraday,	Mayo,	Limerick,
Wicklow,	Herschel,	Carlou,
Dungannon,	Wollaston,	Cashel.

The Hastings road agency also includes the townships of Tudor, Lake, and Grimsthorpe previously annexed, and the townships of Lyel, Sabine, Murchison, and Airey, unannexed.

The area of the agency is one million one hundred and eighty-nine thousand one hundred and twenty-nine acres, including water and roads. Of this area five hundred thousand acres are surveyed and divided into farm lots of 100 acres each.

The proportion of the whole which is fit for agricultural purposes, according to the official map published by the Commissioner of Crown Lands in 1863, is about 40 per cent. of the entire area, or four hundred and seventy-six thousand acres, the remaining sixty per cent. being made up of rough, broken, rocky lands which will never be fit for the plough; and of beaver meadows, ash swales, and cedar swamps, which will eventually be valuable farm lands, when the country becomes thickly settled.

The Hastings free grant road intersects the new townships in a line nearly north and south, having its southern termination on the north boundary of Madoc, one of the old settled townships of the county. From this point it is connected with Madoc village by the new County gravel road, twelve miles, and with Belleville, by the County road from Madoc, twenty-eight miles.

The free grant lots extend for a distance of seventy-eight miles in a direct line from the southern termination of the road, and also for a distance of thirty-three miles east, and west on the Peterson road which connects the Hastings with the Opeongo and Bobcaygeon free grant roads. The point of intersection of the Peterson road with the Hastings is 100 miles north of Belleville. Settlement has already extended on the Hastings road to a distance of fourteen miles beyond this point. We give some tables and extracts from the report of the agent, M. P. Hayes, Esq., to the Commissioner of Crown Lands for 1863, exhibiting the progress of settlement.

TABLE NO. 1. GENERAL PROGRESS OF SETTLEMENT  
ON THE HASTINGS FREE GRANT ROAD.

Potash, barrels.....	86	119	161	125½

“ It will be observed that the locations show a rapid decline in number after the first three years, particularly in 1862 and 1863. This decline is partly attributable to the introduction of the regulation requiring the payment of an entrance fee of \$5 on each free grant location at the close of 1861; but this regulation would not have affected the number of entries to so great an extent, were it not that the free grant lots remaining open for location at the last mentioned date and subsequently, were at a considerable distance from the front, and very difficult of access on account of the bad condition of the road. The same remark applies to the free grants now remaining on my hands for location; and, in order to obviate the disappointment arising from this fact to persons coming to this section from abroad to seek such locations, I have urged the opening of the lots on the town lines crossing the Hastings road, between each range of townships, as free grants. This measure would unquestionably be highly beneficial in many respects. It would give strength, solidity and body to the long line of settlement established along the main road. It would bring the Crown Lands in the townships into rapid sale, by bringing them all into proximity with neighborhoods of resident settlers, and in this point of view it is a measure of great importance to the revenue. I am aware that the late hon. Commissioner of Crown Lands, although favorably disposed towards the adoption of the proposed measure, was prevented from doing so by a doubt as to his authority under the Land Act to open any lots as free grants except those touching the main lines of colonization roads. I do not know whether the department still entertains any doubt on this point; but if so, the measure is one of such great importance, and so much required, that such doubt ought to be removed by legislation if necessary.

“ The number of new settlers located on free grant lots during the year 1863, is 22.

“ In addition to the free grant lots located, I have sold during the year seventy-two 100-acre lots of Crown and Clergy Lands.

" The total receipts on account of public lands in this agency, for the year 1863, amount to \$7,869.04, being a considerable increase over those of any previous year.

The number of acres cleared at the close of the year 1863, on free grants, is .....	4,791
In process of clearing.....	579½
Total.....	5,370½
Number in same condition at close of 1862.....	4,553

Increase during the year ..... 817 acres.

" The Crown Lands in the new townships of this county are offered at a uniform rate of 70 cents an acre for cash; or \$1 an acre, one-fifth to be paid down, and the remainder in four equal annual instalments with interest.

" On payment of the whole of the purchase money, Letters Patent will issue for the land, if the party applying or some person under whom he claims, have taken possession of such land within six months from the time of sale, and shall from that time continuously have been a *bona fide* occupant of, and resident on the land for at least two years, and have cleared and rendered fit for cultivation and crop, and had under crop within four years at farthest from the time of sale of the land, a quantity thereof in the proportion of at least ten acres to every one hundred acres, and have erected thereon a house habitable and of the dimensions at least of sixteen by twenty feet.

" Timber must not be cut without license, except for agricultural purposes.

" The lots will be sold subject to current timber licenses.

" The condition of sale as regards settlement will be rigidly exacted; therefore, if a purchaser does not satisfy the resident agent on that point within the time limited, the land will be resumed, and the instalment paid will be forfeited."

The original location and construction of the Hastings road being very defective, it was found necessary to make several deviations from the original road. Of these alterations, about thirty miles have been made within the last two years, greatly facilitating communication with the front. The County road also, connecting the Hastings road with Madoc village, has been opened in a direct line, and partly gravelled. We are informed that when the works in hand this season are completed, an ordinary team will be able to haul a full load as far as the Peterson road.

We give a short description of the townships.

**TUDOR.**—First township east of road; well settled, though not generally good land; all the free grants in Tudor are taken up. There are 207 lots open for sale in this township, of which about 80 are in occupation by squatters who went on previous to the survey. Lead has been found extensively in this township.

**LAKE.**—First township west of road; a good township, but not well settled, from the difficulty of finding boundaries; was surveyed in 1827. A large number of lots patented to absentees previous to present regulations requiring actual settlement. Copper and lead ores have been found in several parts of this township.

**CASHEL.**—On second tier east of road, thirty miles N. E. from Madoc. Some fine land in southern and central portions. There is a small settlement in S. W. corner of people from the County of Prince Edward. This township is well situated, but there is no means of access to it as yet. A road must be constructed about thirteen or fourteen miles long to connect this township with the Hastings road through Tudor.

**LIMERICK.**—Second township on east side of road; contains some excellent land in southern portion. The free grants are all occupied, though generally of inferior quality as compared with those further north. There are two large lakes in Limerick, well supplied with salmon trout and other fish.

**WOLLASTON.**—Second township on west side; same general character as last township. Free grants all occupied, though generally poor; some land being level, with hardwood in the central and south-western portions. Surveyed in 1863. The surveyor's report on the lands in the central and southern parts of Wollaston, is very favorable, and settlers are going in pretty rapidly. There is a splendid water-power at the foot of Eagle Lake in this township.

**DUNGANNON AND FARADAY.**—First range of townships north of the height of land; generally hilly, with large masses of crystalline limestone on the surface in some places. There are in these townships some very fine uplands of deep sandy loam, free from surface stone, and heavily timbered with hardwood and mixed pine and hemlock. There is a thriving settlement along the road here. Grist and saw mills are in operation at Lamb's Lake; there is also

a general store and a post-office at York River on the Hastings road.

MONTEAGLE, HERSHEL, WICKLOW, McLURE, AND BANGOR. —These townships form probably the best *large block* of good land remaining in the hands of the Crown in Canada West. They are rather too far from the front for recent immigrants, without greatly improved roads, but they will undoubtedly sustain a large population before many years. There is a thriving settlement along the road in Monteagle and Herschel. Good saw and grist mills are in operation close to the intersection of the Peterson and Hastings roads in Wicklow. In Bangor also, along the Peterson road, there is a very prosperous, thriving settlement; a post-office has been recently opened here under the name of "Purdy," being the seventh post-office in succession north of Madoc,—all opened since the commencement of the new settlement in 1856. When we consider that eight years ago Madoc was the "Ultima Thule" of postal accommodation, and was well satisfied with a weekly mail from Belleville, while now it has a daily despatch and return mail with the front, and several forward mails into the back country, receiving more mail matter now in one day than it did then in a month, we have an indication of the progress of the back townships which cannot be questioned or doubted.

#### COMPARATIVE PROGRESS.

One way to ascertain in what ratio a country prospers, is to examine its statistics. By comparing one period with another, we know exactly what degree of progress has been made; and if we take the census returns of 1861, although by no means accurate, and compare them with former census returns, we have every reason to be gratified with the result. In 1839, the population of the County of Hastings was 12,085; in 1850, it had increased to 25,259; and in 1861, it reached 44,970. The cultivated lands in 1839 numbered 38,524 acres; in 1861, the number of acres under cultivation was 198,982, the cash value of which was \$5,841,445. The value of implements owned by farmers, was estimated at \$312,962 in 1861. In 1839, the number of houses in the county, including all kinds, was 652; in 1861, there were 6,807 houses, of which 546 were of brick and stone, 3,362 of frame, and

2,890 of log. To show the extent of our agricultural productions, we give the quantities of grain raised in 1861:—Fall wheat, 34,337 bushels; spring wheat, 350,915; barley, 142,592; rye, 191,353; peas, 480,830; oats, 611,293; buckwheat, 86,951; corn, 79,207; potatoes, 492,146; turnips, 166,921; carrots, 38,413; mangel wurzel, 13,128; beans, 1,260; clover and timothy seeds, 1,349; hay, 23,297 tons; hops, 7,133 lbs.; maple sugar, 349,579 lbs.; cider, 28,532 gallons; wool, 127,969 lbs. Of fulled cloth and flannel, there was manufactured 88,176 yards. In 1839, there were 1,779 horses; in 1861, there were 11,412. Of oxen, in 1839, there were 1,348; in 1861, there were 3,729. In 1839, there were 3,668 cows and calves; in 1861, there were 28,417. In 1861, there were in the county 74,785 sheep; 20,136 pigs. There was produced during the same year, 797,911 lbs. butter, and 77,979 lbs. of cheese. In other respects the census returns give abundant evidence of gradual growth and prosperity. Our saw and grist mills, our woollen factories and iron works, and many other descriptions of manufactories are yearly increasing in number and capacity; and with the valuable resources at our doors, there is every reason to be gratified with the prospect which the future presents.

#### FLORA OF HASTINGS.

We are indebted to Mr. John Macoun, teacher of School No. 1, Belleville, for the following valuable paper "On the Flora of Hastings:"

Hastings, with its soil varying from the most tenacious clay to the loosest sand, its hills of stratified and unstratified drift, its rocky ridges, its beautiful lakes and numberless streams, its black ash, cedar, and tamarack swamps, possesses a flora that for copiousness and diversity of species cannot be rivalled by any county in Canada. Though its flora has not been fully investigated, yet within its boundaries I have observed 905 species of flowering plants and ferns, representing 395 genera and 104 orders, being more than one-third of all the flowering plants and ferns mentioned in Gray's Manual of Botany, as occurring in the Northern (United) States, including Virginia and Kentucky. The following table will show the exact proportions:

	No. of Orders.		No. of Genera.		No. of Species.	
	Described In Gray.	Observed in Hastings.	Described In Gray.	Observed in Hastings.	Described In Gray.	Observed in Hastings.
Dicotyledons.....	111	83	632	289	1713	572
Monocotyledons.....	23	17	172	87	638	287
Acrogens.....	4	4	25	19	75	46
	138	104	819	395	2426	905

With these facts before us, is it any wonder that our farmers can raise such excellent crops of every description? For what is true of natural productions, is most undoubtedly true of the crops raised by the farmer. A soil that produces many herbaceous plants, or trees of different orders, is better fitted for agricultural purposes than a soil where one species predominates. As a proof of this, let us take a few of our principal forest trees, and see where they grow in communities. Where the pine reigns supreme, sand or Laurentian rocks is never wanting; where the elm is found in the greatest profusion, the farmer knows he can raise little else than hay; where beech predominates, we find a cold subsoil; and even where maple grows in the greatest abundance, we too often find the soil encumbered with boulders. Is it not patent to all, that a union of these trees and others in the same piece of woodland, is caused by a commingling of soils; for all trees in a state of nature will grow only in a soil suited to their wants. Now, if these trees, so diverse in their natures, find ingredients in the soil suited to their several wants, is it not reasonable to expect that the same soil, if properly managed, will invariably give a good return to the farmer?

This commingling of soil, is the reason why Canada is one of the great grain-raising countries of the world.

I purpose in the following pages to give a short sketch of the natural productions of the county, as far as known by me, under the following heads:

- 1st. Our forest trees, and their uses.
- 2nd. Our nuts, berries, &c.
- 3rd. Our flowers and flowering shrubs.
- 4th. Our medicinal plants, and the uses to which they are applied.
- 5th. Our ferns, and their habitats.

#### OUR FOREST TREES.

The white pine (*Pinus strobus*) stands at the head of our forest trees,—whether we regard its height, its usefulness, or its value in a commercial point of view. It is our tallest tree, often attaining

an altitude of 150 feet, with a diameter of five or six feet. As a material for house building, its value cannot be over-estimated, as it combines the two great requisites—lightness and durability. Closely related to the white, is the red pine (*Pinus resinosa*). It is rather scarce in this county, though abundant farther north. The hemlock (*Abies Canadensis*) is another large tree, often growing to a great size. It is little used in this part of Canada, though used extensively in the West, where white pine is scarce.

The balsam (*Abies balsamea*), white spruce (*Abies alba*), and black spruce (*Abies niger*), are very abundant in swamps and low damp woodlands. They are much used, when young, as rafters for barns and houses. All three are highly ornamental, delighting the eye of the most careless, and giving a charm to the most uninviting prospect. Within the bark of the balsam are many reservoirs filled with a resinous matter, which is highly esteemed in the country as application for cuts, bruises, &c.

The white cedar (*Thuja occidentalis*), and tamarack (*Larix Americana*), form extensive swamps in many parts of the county. They are both very useful, especially the former, which is largely used in fencing; the latter is often exported for ship-building.

Red cedar (*Juniperus Virginiana*) is sometimes found along the Moira. The heart of it is used in the manufacture of black-lead pencils.

Rock elm (*Ulmus racemosa*), white or swamp elm (*Ulmus Americana*), and slippery elm (*Ulmus fulva*), are abundant in most parts of the county. The two former are manufactured into square timber, and exported in large quantities; while the latter seems to be only valued for its inner bark, which contains great quantities of mucilage. The white elm has many names amongst lumbermen, but they all seem dependent on locality. In low, wet ground its roots suck up enormous quantities of moisture, which freezes and swells in the winter, causing the inner layers of the tree to separate, making the tree of no value for timber.

Of oak we have six species, three of which are much used: White oak (*Quercus alba*), black, or more properly red oak (*Quercus rubra*), and blue or swamp oak (*Quercus prinus*). These three are abundant in all parts of the county. The mossy cup oak (*Q. macrocarpa*), is abundant along the Bay of Quinté; it does not attain a large size. The scarlet oak (*Q. coccinea*) is to be found on the Oak Hills; it is a large tree; its leaves are changed to a bright scarlet by the frosts of autumn.

The chestnut oak (*Q. castanea*) is rare; a few trees may be seen growing along the Trent road, above Murney's Hill; they may also be seen in the Trent valley.

Of ash we have three species: white ash (*Frazinus Americana*), red or rim ash (*F. pubescens*), and black ash (*F. sambuci-*

*folia*). All three are very useful for many purposes. The wood of the white ash is light, tough and strong, and much used by carriage-makers; the wood of the black ash is purplish, tough, elastic, and excellent for the cooper and basket-maker.

We have three species of birch: the yellow (*Bitula excelsa*), black (*B. lenta*), and canoe birch (*B. papyracea*). All these are used in cabinet work; from the bark of the latter the Indians make their bark canoes.

We have also three species of poplar: *Populus tremuloides*, *P. grandidentata*, and *P. balsamifera*; the latter is called balm of Gilead by the farmers; it is abundant in most swamps.

Shell bark hickory (*Carya alba*), is abundant in the vicinity of Belleville, and east along the Bay of Quinté. Bitter-nut (*C. amara*) is found in profusion in rich woods, in most parts of the county. Butter-nut (*Juglans cinerea*) is abundant in many localities in the front townships. Sugar maple (*Acer saccharinum*) is abundant on all good soils; so also is beech (*Fagus ferruginea*) and basswood (*Filla Americana*).

Our remaining trees are soft maple (*Acer rubrum*), striped maple (*A. Pennsylvanicum*), ironwood (*Ostrya Virginica*), black cherry (*Prunus erotina*), and the nettle tree (*Celtis occidentalis*), which I suspect is the rarest tree in Canada. I have observed a few trees in the valley of the Salmon River, about three miles above the railway bridge.

In the foregoing synopsis I have enumerated thirty-seven species of timber trees, all natives of the county, and with very few exceptions useful in the arts.

#### NUTS, BERRIES, &C.

Besides the hickory, butter, and beech nuts, we have two species of hazel-nut. One, the beaked hazel-nut (*Corylus rostrata*), is known to all. The other (*C. Americana*) is very abundant in the vicinity of Belleville, and likewise in the valley of the Trent. The nuts of both species are well flavored, being little inferior to imported hazel-nuts. We have only one species of grape (*Vitis cordifolia*); it is abundant along all our water-courses. Early in June the very air seems loaded with its perfume while in blossom. Of gooseberries we have three species, and likewise three of currants. Of the former are the common wild gooseberry (*Ribes Cynorbati*), and the smooth swamp gooseberry (*Ribes rotundifolium*). The first is used when young, the other is collected when ripe, and preserved. The fruit of the third species (*Ribes lacustre*), is small and unpleasant. The black currant (*Ribes floridum*), which is abundant in marshy places, is little inferior to the black currant of the gardens in size or flavor. It makes an excellent preserve.

The red currant (*R. rubrum*) is the same as the red currant of our gardens. The foetid currant (*R. prostratum*) abounds in the northern part of the county; its fruit is very insipid.

Our strawberries (*Fragaria Virginiana* and *F. vesca*), red and black raspberries (*Rubus strigosus* and *R. occidentalis*), and high blackberry (*R. villosus*), are in great profusion in almost every part of the county. They produce the great fruit crop of the backwoods farmer, as too many of them have forgotten to plant fruit trees or berry-bearing bushes around their homesteads. It is a low estimate to say that from three to five thousand bushels of these berries are gathered in the county every year; part being eaten as soon as collected, while the remainder are preserved for future use. Their value, in a sanitary point of view, cannot be over-estimated, as they are scarcely ever absent from the table in some form or other from the middle of June till the latter end of August; this being the hottest period of the year is the time at which their cooling properties are most needed.

Besides the foregoing we have one plum (*Prunus Americanus*), four cherries, four blackberries (commonly called huckleberries), one true huckleberry (*Glyhusticis resinosa*), two species of low bush cranberry and a few other berries of minor importance.

#### OUR MEDICINAL PLANTS.

Besides being supplied with timber and fruit we have also a large number of medicinal plants, having no less than ninety-three of those mentioned in Ira Warren's Household Physician. Like many of the patent medicines, advertised in every local paper, our county produces enough of herbs to cure all the ills that flesh is heir to. In the following enumeration I shall only mention a few of our most useful and best known plants. By being known I mean those which have been observed by all, but are not known by the names given in books nor for their valuable properties.

The pitcher-plant (*Sarracenia purpurea*) has lately been brought very prominently before the public as a certain cure for that much dreaded disease, small-pox. It is not generally known that it grows abundantly in nearly all our cranberry marshes and open tamarack swamps, especially in the North Riding. The least observant cannot fail to notice it, as it is altogether unlike any other of our marsh plants, having curious pitcher-form leaves, which are commonly half filled with water and drowned insects, and a purple nodding flower almost as curious as the leaves.

Boneset (*Eupatorium perfoliatum*) is another very valuable plant. It is much esteemed by those who are acquainted with its properties, for coughs, colds, and in the early stages of consumption. It is used by physicians generally as a tonic. Stem from

one to four feet high, round, rough, and hairy; leaves long and taper-pointed, very veiny, and much wrinkled. The bases of each pair of leaves are so united as to apparently form one leaf with the stem growing through the centre. Flowers white, growing in large heads. Abundant in low moist places throughout the county.

Pleurisy-root (*Asclepias tuberosa*) is much used for pleurisy, bronchitis, rheumatism, and dysentery. Plant roughish, hairy; stem erect, very leafy, branching at the summit, and bearing umbels of bright orange flowers. Very abundant near Belleville, and on the Oak Hills. I have often seen the flowers put up in bouquets, and exposed for sale on the market.

☞ The New Jersey tea or red root (*Ceanothus Americanus*), besides being very valuable as a medicinal plant, has lately been called into notice by interested parties trying to pass it off as the real Chinese tea plant. I have seen many notices of it under different local names, but all are careful to keep its scientific name out of sight for fear the plant would be recognized. It was first found in Pennsylvania (so its discoverers say), and hence called the Pennsylvanian tea plant. Professor Asa Gray showed at once what it was, and nothing more is heard of it until this summer, when a monk, *who had been in China*, discovers it in Lower Canada. If our farmers' wives wish to test the virtues of the plant, they can do so by going (next June) to any piece of dry rocky or sandy woods and gathering the leaves of a small shrub, with many small stems growing from a large red root, and each stem crowned with a bunch of white flowers.

Among our other medicinal plants I may mention the prince's pine (*Chimaphila umbellata*) as a diuretic; the blood-root (*Sanguinaria Canadensis*) as an emetic, purgative, &c., and which also affords a fine dye of an orange color,—common in rich rocky woods; the fever-wort (*Triosteum perfoliatum*) as having many of the properties of ipecacuanha; *Lobelia inflata*, or Indian tobacco, a powerful emetic; sweet fern (*Comptonia asplenifolia*), much used as an astringent; the May apple, or mandrake (*Podophyllum peltatum*), whose root is a safe and active cathartic; the sweet flag (*Acorus Calamus*), much valued in many diseases; the wild ginger (*Asarum Canadense*) or colt's-foot, as a stimulant, tonic, and expectorant; the gold-thread (*Coptis trifolia*), a pure and powerful bitter; Seneca snake-root (*Polygala senega*), possessing many medicinal properties, and used to a very considerable extent; the American ginseng (*Panax quinquefolium*), which, though not much used in this country, is collected in vast quantities in the United States, and exported to China.

## OUR WILD FLOWERS.

From the last of April to the first of October, a constant succession of wild flowers enlivens our fields and woods by the variety of their hues.

The snow has scarcely disappeared before the little "May Flower" or liverwort (*Hepatica triloba*) makes its appearance, followed in quick succession, by the yellow dog's-tooth violet, the showy trilliums, and modest violets. By the first of June our woods teem with beautiful flowers of every hue; but the greatest beauties must be sought for in the deep swamps. Cedar and tamarack swamps, during this month, are full of flowers seldom seen by any but the botanist. In these swamps the orchid family reigns supreme; on every side you will see their peculiar flowers of every colour from deep red to bright purple.

In July, ferns and aquatics are in their prime. Every swamp, woodland, and rocky bank, is covered with a profusion of ferns, whose waving fronds give a pleasing character to many a spot that would otherwise be bleak and cheerless. The beautiful maiden-hair fern, the stately ostrich fern, and the singular flowering ferns, should please the eye of the most fastidious by their extreme gracefulness and delicacy of form. During this month our lakes and still waters are fringed with a multitude of flowers; amongst the most conspicuous of which are the yellow and white water lilies, the curious sagittaria with its arrow-shaped leaves, and the beautiful pontederia with its spike of blue flowers and heart-shaped leaf. These and many others give a peculiarly pleasing aspect to our lakes during the month of July, when our land plants are shrivelled and dried up by the heats of summer.

During the months of August and September the purple asters and yellow golden-rods are seen in all directions, giving a charm to our fence borders and roadsides, when the fields are naked and bare, and already have a wintry aspect. Last of all come the beautiful gentians,—bravely they stand the first nipping frosts, and seem determined to brave stern winter himself; at last, they droop and die, and are soon covered by the snows of winter, there to lie until aroused by the vivifying warmth of spring.

Farewell, sweet flowers, fit emblems of a resurrection morn.

## GEOLOGY.

Mr. Macoun also kindly furnishes the following observations on the geology of the county:

To the geologist and mineralogist the County of Hastings presents a wide and varied field for their instructive and delightful pursuits. Whether they roam over the Laurentian ridges of the

---

greatness. We have as rich farming lands to offer the emigrant as are found in Canada, and obtainable upon very easy terms. We have rich minerals, which will abundantly repay the expenditure of a large amount of capital, skill and enterprise; and to the manufacturer we can offer facilities for business unsurpassed in the country. Add to these natural advantages, a railway extending to the back country, and a canal connecting Lake Ontario with the bay, there is nothing to prevent a still more rapid growth in all that constitutes a wealthy and prosperous community.

# COUNTY INFORMATION.

---

## MEMBERS OF PARLIAMENT.

Hon. ROBERT BEAD, Member of the Legislative Council for the Quinté Division.

Hon. BILLA FLINT, Member of the Legislative Council for the Trent Division.

Hon. LEWIS WALLBRIDGE, Member of the Legislative Assembly for the South Riding of Hastings, and Speaker of the Legislative Assembly.

THOMAS CAMPBELL WALLBRIDGE, Member of the Legislative Assembly for the North Riding of Hastings.

---

## MEMBERS OF COUNTY COUNCIL—1864.

## LOYAL ORANGE INSTITUTION.

## SOUTH HASTINGS COUNTY LODGE.—1864.

M. Bowell, County Master, Belleville.  
 John Graham, Deputy County Master, Hungerford, Tweed P. O.  
 John R. Kennedy, County Secretary, Belleville.  
 John Wilson, County Treasurer, Hungerford, Roslin P. O.  
 Rev. G. A. Anderson, County Chaplain, Mohawk Tract, Mill Point P. O.  
 Isaiah Clark, C. D. of C. Hungerford, Thomasburgh P. O.  
 Francis Whiteman, County Proxy, Tyendinaga, Lonsdale P. O.

## DISTRICT NO. 1.

John R. Kennedy, District Master, Belleville.  
 John G. Moore, District Secretary.  
 160 meets in Trenton, second Monday in each month.—W. H. Alley, Master; Post Office address, Trenton.  
 274 meets in Belleville, second Monday in each month. John G. Moore, Master; Post Office address, Belleville.  
 240 meets in Frankford, second Monday in each month. B. Rose, Master; Post Office address, Frankford.  
 727 meets in Belleville, first Monday in each month. H. Thompson, Master; Post Office address, Belleville.

## DISTRICT NO. 2.

William White, District Master, Hungerford, Tweed.  
 Robert Gordon, District Secretary, Tweed.  
 94 meets in Orange Hall, 11th Concession of Hungerford, first Monday in each month. James Findley, Master; Post Office address, Tweed.  
 131 meets in Thomasburgh, first Monday in each month. David Beatty, Master; Post Office address, Thomasburgh.  
 318 meets in John Gerow's, Huntingdon, the second Wednesday in each month. John Gerow, Master; Post Office address, Moira, Huntingdon.  
 392 meets in Orange Hall, 6th Concession of Hungerford, first Tuesday in each month. William Elliott, Master; Post Office address, Thomasburgh.

- 747 meets in Orange Hall, Tweed, first Monday in each month. James Reid, Master; Post Office address, Tweed.
- 836 meets at Lawson's, 4th Concession, Hungerford, first Saturday in each month. William Lattimer, Master; Post Office address, Thomasburgh.
- 838 meets in Orange Hall, 2nd Concession Hungerford, Thursdays before Full Moon. Robert Carlton, Master; Post Office address, Thomasburgh.
- 1161 meets at John Wilson's, sen., first Concession Hungerford, first Tuesday in each month. John Wilson, sen., Master, Post Office address, Roslin.

## DISTRICT NO. 3.

- Francis Fargey, District Master, Thomasburgh P. O.  
William Copeland, District Secretary, Roslin P. O.
- 102 meets near Roslin, first Friday in each month. William Baird, Master; Post Office address, Roslin.
- 116 meets at Gibson's House, second Monday in each month. Robert Gibson, Master; Post Office address, Roslin.
- 295 meets at Cross's House, second Tuesday in each month. William Cross, Master; Post Office address, Roslin.
- 179 meets at Thos. M. Martin's House, first Monday in each month. Thomas Martin, Master; Post Office address, Plainfield.
- 488 meets at Emerson's House, second Saturday in each month. Edward Emerson, Master; Post Office address, Belleville.
- 562 meet at Palmer's Corners, second Monday in each month. David Cook, Master; Post Office address, Canifton.

## DISTRICT NO. 4.

- Glenholm Garrett, District Master, Shannonville P. O.  
John Robinson, District Secretary, Shannonville P. O.
- 3 meets at Lonsdale, first Monday before Full Moon. Francis Whiteman, Master; Post Office address, Lonsdale.
- 99 meets at the Indian Woods, first Wednesday in each month. John O. Maracle, Master; Post Office address, Shannonville.
- 242 meets at Shannonville, first Monday in each month. Matthew Hill, Master; Post Office address, Shannonville.
- 446 meets at Melrose, third Wednesday in each month. George Sheerman, Master; Post Office address, Melrose.
- 974 meets at Lonsdale, sixth Concession, first Monday after Full Moon. John F. Robinson, Master; Post Office address, Lonsdale.

## NORTH HASTINGS COUNTY LODGE.

James Haggerty, jun., County Master, Huntingdon, West Huntingdon P. O.

Francis Reynolds, Deputy County Master, Ivanhoe P. O.

— Barrager, County Secretary, Harold.

William R. Parker, County Treasurer, Stirling P. O.

Rev. John A. Dowler, County Chaplain, Marmora P. O.

## DISTRICT NO. 5.

John Bailey, District Master, Harold P. O.

William Sager, District Secretary, Stirling.

110 meets at Stirling, second Monday in each month. James Cosby, Master; Post Office address, Stirling.

300 meets at Reed's Corners, first Monday in each month. Nesbit Reed, Master; Post Office address, Huntingdon West.

172 meets at William Haggerty's, 7th Concession of Rawdon, first Wednesday in each month, James Cook, Master; Post Office address, Stirling.

269 meets at Linn's House, second Tuesday in each month. Robert Linn, Master; Post Office address, Wellman's Corners.

319 meets at Orange Hall, Marmora, second Thursday in each month. Ezekiel D. Boyd, Master; Post Office address, Marmora.

425 meets at Downey's Settlement, first Tuesday in each month. Francis Reynolds, Master; Post Office address, Ivanhoe.

251 meets at Wallbridge's Mills, first Tuesday in each month. Matthew Townsend, Master; Post Office address, Halloway.

442 meets at Bailey's Corners, first Thursday in each month. John Bailey, Master; Post Office address, Harold.

509 meets at James Haggerty's, first Monday in each month. John Jeffries, Master; Post Office address, Huntingdon West.

748 meets at the Orange Hall, Stirling, first Monday in each month. William Sager, Master; Post Office address, Stirling.

## DISTRICT NO. 6.

John N. Moore, District Master, Madoc.

James Lassey, District Secretary.

253 meets in the Allen settlement, second Monday in each month. John McCoy, Master; Post Office address, Madoc.

285 meets at Wannamaker's Corners, first Monday in each month. John N. Moore, Master; Post Office address, Madoc.

517 meets at James Nickle's house, second Monday in each month. James Nickle, Master; Post Office address, Madoc.

321 meets at Hastings Village, first Monday in each month. H. McCoy, Master; Post Office address, Madoc.

DISTRICT NO. 7.

437 meets at Queensboro', first Tuesday before Full Moon. Robert Barry, Master; Post Office address, Bridgewater.

907 meets at Flinton, Kaladar. — Carscallen, Master; Post Office, Flinton.

1064 meets at Bridgewater, first Thursday in each month. Thomas Huston, Master; Post Office address, Tweed.

DISTRICT NO. 8.

1070 meets at the Jordan, in Tudor. Charles Fox, Master; Post Office address, Madoc.

MASONIC.

This District is composed of the Counties of Hastings, Prince Edward, Lennox and Addington, and Renfrew.

LODGES IN THE COUNTY.

Moira Lodge, Belleville, Wm. Docter, W.M.; E. J. Sisson, Secretary. Meets on Wednesday of each month preceding Full Moon.

Belleville Lodge, Belleville, Alfred Ellis, W.M.; J. P. Thomas, Secretary. Meets the first Thursday in each month.

Trenton Lodge, Trenton, H. W. Day, W.M.; D. Roblin, Secretary. Meets on Tuesday in each month before Full Moon.

Madoc Lodge, Madoc, John Francis, W.M.; James O'Hara, jun., Secretary. Meets on Tuesday in each month, on or before Full Moon.

Stirling Lodge, Stirling, Isaac Wolever, W.M.; George E. Bull, Secretary. Meets on Thursday in each month after Full Moon.

Franck Lodge, Frankford, George S. Graham, W.M.; Gordon Terry, Secretary. Meets on Monday in each month before Full Moon.

A SYNOPSIS  
OF THE MOST IMPORTANT OF THE  
COUNTY OF HASTINGS BY-LAWS.

---

PAYMENT OF JURORS.

BY-LAWS NOS. 51 and 180.

Enact that there shall be annually raised over and above all other Taxes, a certain sum, which shall be paid out together with the other portions of the Jury Fund, to the Petit Jurors according to the provisions of Chapter 14, 14 and 15 Victoria, and to the Grand Jurors, as follows: for every day in attendance in discharging the duties of Grand Jurors, one dollar and ten cents per mile for every mile he shall necessarily travel from his residence to said Court.

The Sheriff to receive for each pay-list made out, two dollars; for checking the names of Jurors when called, per diem, fifty cents.

Any excess required for payment of Grand Jurors, over and above the amount levied, shall be paid by the Treasurer out of any funds in his hands, which shall be met by assessment at the first ensuing assessment.

---

VILLAGE OF FRANKFORD.

BY-LAW NO. 57.

Erects the Village of Frankford into a Police Village.

---

HAWKERS AND PETTY CHAPMEN.

BY-LAW NO. 65.

Enacts that Hawkers and Petty Chapmen must take out a license.

Hawkers and Chapmen must enter into a bond with sureties—security given to be to the satisfaction of the Warden, and to be

entered into before the Clerk of the Council, who shall grant a Certificate of the same, for which he shall receive \$1.25, fifty cents of which shall be paid to County Treasurer.

Upon production of certificates, Treasurer to issue licenses, for which he shall receive \$10 for persons travelling on foot; by horse, \$30; by two horses, \$40.

The Clerk shall make returns quarterly of all fees.

Licenses terminate on 21st December of each year.

Bonds renewable yearly.

Upon demand of any Township Councillor, or any Constable, pedlars must shew their license; otherwise their goods may be seized, and recusant examined before the nearest magistrate.

If a pedlar produce his certificate, but has not taken out a license, magistrate may inflict a fine of not less than one dollar, nor more than twenty dollars if no certificate is produced; or if it appears that he never had one, the maximum fine shall be inflicted.

---

#### VILLAGE OF SHANNONVILLE.

BY-LAW NO. 68.

Erects the Village of Shannonville into a Police Village.

---

#### PAYMENT OF COUNCILLORS.

BY-LAW NO. 73.

This By-law is superseded by Resolution, which provides that each Councillor shall receive one dollar and fifty cents per day for attendance at Council meetings, and travelling expenses.

---

#### VILLAGE OF HASTINGS.

BY-LAW NO. 84.

Erects the Village of Hastings into a Police Village.

---

#### SALARIES OF OFFICERS.

BY-LAW NO. 92.

Enacts that the salary of the County Treasurer be £200 a-year; County Clerk, £100. The County Surveyor receives \$600 per annum by Resolution.

---

**SEPARATING ELZEVIR FROM MADOC AND TUDOR.**

BY-LAW NO. 96.

Separates the Township of Elzevir from the Townships of Madoc and Tudor for all Municipal purposes; to take effect on the first of January, 1858.

---

**VILLAGE OF STIRLING.**

BY-LAW NO. 101.

Erects the Village of Stirling into an Incorporated Village, and defines the boundaries.

---

**SEPARATING TUDOR FROM MADOC.**

BY-LAW NO. 113.

Separates the Township of Tudor from the Township of Madoc, for all Municipal purposes, to take effect on the first day of Jan. 1860.

---

**PURCHASING ROADS, AND MAKING THEM FREE.**

BY-LAW NO. 123.

Enacts that the Roads built by the Corporation of the County of Hastings, under the provisions of By-law No. 71, be Free Roads.

Empowers the Warden to purchase from the Joint Stock Road Companies, owning Roads within the limits of the County of Hastings, and abutting or joining the roads constructed by the County, at a price not to exceed \$60,000, and to issue Debentures in payment therefor, at a period not to exceed twenty years.

To meet the debt and the interest, a special rate of one-eighth of a cent on the dollar, is authorized to be levied.

By-law to come into force on the 16th day of September, 1860.

BY-LAW NO. 126.

Passed 29th June, 1860, authorizes the purchase of the following Roads:—

The Road called "Canniffs' Mills Road," leading from Belleville to the Bridge crossing the Moira at Canifton, at \$4,000.

The Road known as "The Farmer's Union Road Company's Road," at \$14,000.

The Road known as "The Forest Road Company's Road," at \$2,000.

And empowers the Warden and Treasurer to issue Debentures to the amount of \$20,000, payable 29th December, 1864.

To meet the payment of these Debentures, a special rate of one-tenth of a cent is authorized to be levied.

### BOARDS OF PUBLIC INSTRUCTION.

#### BY-LAW NO. 124.

Provides that the North Hastings Circuit Board shall consist of the Village of Stirling, the Townships of Rawdon, Marmora, Madoc, Tudor, Elzevir, Hungerford, and Huntingdon.

#### BY-LAW NO. 139.

Enacts that the Belleville Circuit Board shall be composed of the Town of Belleville, the Townships of Thurlow, Tyendinaga, Sidney, and all villages within said limits.

### AUCTIONEERS' LICENSES.

#### BY-LAW NO. 127.

Enacts that the license of an Auctioneer shall be \$25, which license shall be for one year from the date of issue, and empowering the Treasurer to issue said license.

Penalty for Auctioneers selling without license, not less than forty shillings, nor more than £10, for each offence; in default, imprisonment, not less than five, nor more than twenty days.

#### BY-LAW NO. 193.

Passed 27th October, 1864, authorizes the County Treasurer to grant Licenses for any of the minor Municipalities within the County, at the following rates:—For one year, \$10; for half a year, \$6; for quarter of a year, \$4.

### DUTIES OF COUNTY SURVEYOR.

#### BY-LAW NO. 140.

County Surveyor at the first meeting of the Council in every January, to furnish detailed statements with plans, specifications and estimates, of the cost of all work in progress, and also of all work he considers necessary to be done during the year, with like plans, &c.

To report at each subsequent meeting in writing, the condition of work done, and whether, when completed, the original estimate will be exceeded.

---

No contract to be entered into until estimate and plans of the work to be done have been approved by the Council or Warden.

No contract to be entered into until tenders have been advertised for in two public newspapers, and by posting hand-bills in all public places in the County.

Tenders to be opened by the Council if in session; if not in session, then by the Warden, Clerk, and County Surveyor.

All certificates for work in progress to be printed.

To report to County Council every three months the true condition of the county roads, the quantity of material prepared for the same, &c., the condition of the county property, and what is required for their preservation.

---

### WEIGHTS AND MEASURES.

#### BY-LAW NO. 161.

Provides for the appointment of two Inspectors of Weights and Measures, one for the South Riding (not including Belleville) who shall be the senior Inspector; and one for the North Riding.

---

### GRAMMAR SCHOOLS.

#### BY-LAW NO. 168.

Provides for the appointment of eight Trustees for each Grammar school in the County.

---

### LOCAL SUPERINTENDENTS OF EDUCATION.

#### BY-LAW NO. 169.

Divides the County into two divisions, consisting of South and North Hastings respectively; one local superintendent for each division.

---

### WOLLASTON AND LIMERICK.

#### BY-LAW NO. 178.

Attaches Wollaston and Limerick to the township of Tudor for municipal purposes.

---

### COUNTY ROADS AND BRIDGES.

#### BY-LAW NO. 156.

Establishes the following roads and bridges as County roads and bridges:—

1st. The road leading from Madoc village, between the fifth and sixth concessions of Madoc, to the Hastings road in Tudor.

2nd. The road leading from the village of Stirling to the side line between lots Nos. 18 and 19, in the third concession of the township of Rawdon, thence north to the eighth concession of said township, thence west along the eighth concession road to the town line of Seymour.

3rd. The road leading from Caton's school-house in the township of Hungerford, to Stoco village, and from thence to Bogart's mills in the said township, which may be better known as the road now travelled.

4th. The road between lots Nos. 5 and 6 in the township of Tyendinaga, assumed in lieu of the town line road between Thur- low and Tyendinaga.

5th. The road from the village of Roslin to Shipman's mills.

6th. The road leading from the village of Tweed to the village of Bridgewater, and thence on the road known as the Flinton road to the town line between Elzevir and Kaladar.

7th. The road leading from Shipman's Mills, by the way of Waterhouse's Corner, along the second concession of the township of Hungerford to the town line between Camden and Hungerford, and to be assumed instead of the town line between Tyendinaga and Hungerford.

8th. The road leading from Marmora village to the Belmont line, and known as the Norwood road.

9th. The road leading from the village of Lonsdale to the Tyendinaga station of the Grand Trunk Railway, commencing at the said village, and running thence between lots Nos. 30 and 31 to the said Railway station, on the track now travelled, or as may be decided by the County Surveyor.

10th. The road leading from the village of Bridgewater to the village of Queensboro', in the township of Elzevir.

11th. The road now travelled leading from the village of Hastings in the township of Madoc, to the south-west corner of lot No. 7, in the 8th concession of said township; thence northerly to the school-house on lot No. 11, in said concession, thence to the north-east corner of said lot; thence northerly to the side line between lots Nos. 13 and 14; thence easterly along said side line to Queensboro'.

12th. The road leading from the front of the third concession of the township of Rawdon, commencing between lots Nos. 6 and 7 in the said concession; thence northerly to the thirteenth concession on the road now travelled, and known as the Peterson road, to be assumed in lieu of the town line road between Rawdon and Huntingdon.

13th. The road now travelled from Marmora village to Beaver Creek Bridge, and thence to the township of Lake.

BY-LAW NO. 170.

Repeals the 13th section of By-law No. 156, and substitutes the following in lieu thereof:

"That the road now travelled from Marmora village to Beaver Creek Bridge, known as Derry's Bridge, between the third and fourth concessions of the township of Marmora, and from thence to the township of Lake."

BY-LAW NO. 175.

Establishes the following as a county road, in lieu of a part of the town line, viz:

"Commencing at the west side of lot No. 12, in the centre of the first concession in the township of Huntingdon; thence east across lots Nos. 12, 13, 14, and the west half of 15; thence south 57 rods; thence in a southerly direction 94 rods. The allowance between the townships of Thurlow and Huntingdon being 19 rods from the line between lots 15 and 16, in the said township of Huntingdon."

BY-LAW NO. 183.

Assumes the bridge crossing the river Trent, in the village of Trenton, as a County bridge.

## PRESERVATION OF PUBLIC MORALS.

BY-LAW NO. 154.

Under the provisions and by the authority of Chapter 54, of the Consolidated Statutes of Upper Canada, section 282, the Corporation of the County of Hastings enacts as follows:

1st. That it shall not be lawful for any person to sell or give intoxicating drinks of any kind to any child, apprentice, servant, idiot, or insane person, without the consent of the parent, master, legal protector, or physician of such person or child.

2nd. That it shall not be lawful for any person to post or circulate any indecent placard, writing or pictures, or write any indecent words, or make any indecent pictures or drawings on any wall or fence, or any other place whatever, or circulate the same within the limits of the County.

3rd. That it shall not be lawful for any person to utter or employ any profane oath, or any obscene, indecent, blasphemous or grossly insulting language, in any of the streets, public places or highways in the said County.

4th. That it shall not be lawful for any person indecently to expose his or her person, or to be guilty of any indecent, immoral or scandalous behavior, in any street, highway, or public place within the County.

5th. That it shall not be lawful for any person to bathe, or indecently expose his or her person by bathing or washing in any waters within the County, lying or running near any public place or highway, between the hours of six o'clock in the morning and nine o'clock in the evening, unless provided with, and in a proper bathing dress, sufficient to prevent any indecent exposure of the person.

6th. Be it further enacted by the authority aforesaid, That any person or persons guilty of a violation of any of the provisions of this By-law, shall upon conviction thereof before any Justice of the Peace, having jurisdiction in the County, be liable to a fine of not more than twenty dollars nor less than one dollar, besides costs, to be levied and collected by distress and sale of the goods and chattels of the offender or offenders; and in case no goods and chattels are found belonging to such offender or offenders as aforesaid, it shall be lawful for any such Justice of the Peace to commit the offender or offenders to the Common Gaol, or any Lock-up House within the County, for a period of not more than twenty days nor less than one day, with or without hard labor, as the Justice shall determine.

7th. Be it further enacted by the authority aforesaid, That all fines and penalties imposed and collected under this By-law, shall belong to the township or incorporated village, in which the offence was committed.

BY-LAW NO. 186.

Amends By-law No. 154, by substituting the words "*thirty days*," in the sixth section, for the words "*twenty days*."

BY-LAW NO. 190.

Enlarges By-laws Nos. 154 and 186, by adding the following clause:—

" Be it therefore enacted by the Corporation of the County of Hastings, and it is hereby enacted by the authority of the same, That all vagrants going at large in the County shall be subject to the penalties of said By-law No. 154."

---

TO PRESERVE PEACE AND GOOD ORDER AT RAIL-  
WAY STATIONS AND WHARVES.

BY-LAW NO. 148.

Whereas it is necessary for the protection of the public, that some provisions should be made for the preservation of the peace and good order at the Railway Stations and Public Wharves in the County of Hastings, and to prevent the use of profane swearing, obscene, blasphemous, or grossly insulting language at such places.

Be it therefore enacted by the Corporation of the County of Hastings, and it is hereby enacted by the same, that no cabman, hotel runner, porter, or other person or persons soliciting passengers for any hotel, cab, or omnibus, shall go upon any wharf, railway platform, station or other place where passengers are received from, or where they pass to, any railway train, steam boat, or public conveyance by railway or by water, without the consent of the agent or person in charge, for the time being, of such platform, station, or wharf.

2nd. That no profane swearing, blasphemous, obscene, or grossly insulting language, shall be used by any person at any of the said places mentioned in the next preceding section.

3rd. That any person who shall violate the foregoing provisions of this By-law, or any of them, may, by summons upon the information of any person upon oath, be brought before any Justice of the Peace for this County, and, upon conviction, he or they shall forfeit or pay for every offence, any sum not less than two dollars, nor more than five dollars, together with all costs, to be levied against his or her goods and chattels, and in default of goods and chattels, to be imprisoned in the Common Gaol of the County for any period not exceeding ten days.

## GENERAL INFORMATION.

### THE ROYAL FAMILY.

HER MOST EXCELLENT MAJESTY (ALEXANDRINA) VICTORIA, —By the Grace of God, of the United Kingdom of Great Britain and Ireland, Queen, Defender of the Faith. ## LEGISLATIVE ASSEMBLY.—(Continued.)

CONSTITUENCIES.	NAMES.	P. O. ADDRESS.
<i>Peel</i> .....	Hon. J. H. Cameron...	Toronto.
<i>Perth</i> .....	Robert Macfarlane .....	Stratford.
<i>Peterborough</i> .....	F. Wm. Haultain.....	Peterborough.
<i>Pontiac</i> .....	John Poupore.....	Chicester.
<i>Portneuf</i> .....	Jean T. Bronsseau.....	Quebec.
<i>Prescott</i> .....	Thomas Higginson.....	Hawkesbury.
<i>Prince Edward</i> .....	Walter Ross.....	Pictou.
<i>Quebec, East</i> .....	Pierre G. Huot .....	Quebec.
<i>Quebec, Centre</i> .....	Hon. I. Thibaudeau .....	Quebec.
<i>Quebec, West</i> .....	Hon. Charles Alleyne.....	Quebec.
<i>Quebec, County</i> .....	Hon. F. Evanturel.....	Quebec.
<i>Renfrew</i> .....	Robert McIntyre.....	Renfrew.
<i>Richmond and Wolfe</i> ...	Wm. H. Webb.....	Melbourne.
<i>Richelieu</i> .....	Joseph F. Perrault.....	Montreal.
<i>Rimouski</i> .....	George Sylvain.....	Rimouski.
<i>Rouville</i> .....	Joseph F. Poulin.....	Marieville.
<i>Russell</i> .....	Robert Bell.....	Ottawa.
<i>Saint Hyacinthe</i> .....	Réné Raymond.....	St. Hyacinthe.
<i>Saint John's</i> .....	François Bourassa.....	Montreal.
<i>Saint Maurice</i> .....	Charles Lajoie.....	Yamachiche.
<i>Shefford</i> .....	Hon. L. S. Huntington.	Shefford.
<i>Sherbrooke, Town</i> .....	Hon. Alex. T. Galt.....	Sherbrooke.
<i>Simcoe, N. R.</i> .....	Thos. D. McConkey....	Barrie.
<i>Simcoe, S. R.</i> .....	Thomas R. Fergusson..	Cookstown.
<i>Soulanges</i> .....	Wm. Duckett.....	Coteau Landing.
<i>Stanstead</i> .....	Albert Knight .....	Stanstead.
<i>Stormont</i> .....	Samuel Ault.....	Aultsville.
<i>Temiscouata</i> .....	John Bte. Pouliot.....	Rivière du Loup (en b.)
<i>Terrebonne</i> .....	L. Labrèche Viger....	Montreal.
<i>Three Rivers, City</i> .....	.....	.....
<i>Toronto, East</i> .....	John Macdonald.....	Toronto.
<i>Toronto, West</i> .....	Alex. M. Smith.....	Toronto.
<i>Two Mountains</i> .....	Jean B. Daoust.....	St. Eustache.
<i>Vaudreuil</i> .....	A. C. de L. Harwood..	Vaudreuil.
<i>Verchères</i> .....	Félix Geoffrion.....	Verchères.
<i>Victoriu</i> .....	James W. Dunsford,..	Lindsay.
<i>Waterloo, N. R.</i> .....	J. E. Bowman .....	St. Jacob's, Waterloo.
<i>Waterloo, S. R.</i> .....	James Cowan.....	Galt.
<i>Welland</i> .....	Thomas C. Street.....	Chippawa.
<i>Wellington, N. R.</i> .....	Thomas S. Parker.....	Guelph.
<i>Wellington, S. R.</i> .....	David Stirton.....	Guelph.
<i>Wentworth, N. R.</i> .....	William Notman.....	Dundas.
<i>Wentworth, S. R.</i> .....	Joseph Rymal.....	Barton.
<i>Yamaska</i> .....	Moise Fortier.....	St. David, C. E.
<i>York, N. R.</i> .....	James P. Wells.....	King.
<i>York, E. R.</i> .....	Amos Wright.....	Richmond Hill.
<i>York, W. R.</i> .....	Hon. W. P. Howland..	Toronto.

PERMANENT OFFICERS.—W. B. Lindsay, jun., Clerk of the House; George M. Muir and Alfred Patrick, Deputy Clerks, Clerks Assistant, and Commissioners for administering oaths to Members. *Law Department*—G. W. Wicksteed, Q.C., Clerk.

*Accountant's Department*—Thomas Vaux, Accountant. *Department of Routine and Records*—Wm. Spink, Routine and Record Clerk. *General Department*—H. Hartney, Chief Office Clerk and Clerk to Printing Committee. *Committee Department*—Alfred Patrick, Chief Clerk of Controverted Elections. *Private Bill Department*—Alfred Todd, Clerk of Votes and Chief Clerk of Private Bills. *Translator's Department*—Eugène P. Dorion, Chief French Translator; F. Badgley, Chief English Translator. *Journal Department*—W. H. LeMoine, French Journal Clerk; Wm. B. Ross, English Journal Clerk. *Library Department*—Alpheus Todd, Librarian. *Sergeant-at-arms Department*—Donald W. Macdonell, Sergeant-at-Arms.

## ADDRESS:

To the Honorable the Legislative Assembly of Canada, in  
Provincial Parliament assembled.

The Petition of \_\_\_\_\_

Humbly sheweth, That, &c.

Wherefore your Petitioners humbly pray, &c.

[Place and date.]

~~No~~ No Petition to the Legislative Assembly will be received unless there be three genuine signatures on the sheet of paper or parchment on which the conclusion of the Petition is written or printed.

## POST OFFICE DEPARTMENT.

## GENERAL POST OFFICE.

Postmaster General, Hon. W. H. Howland; Deputy Postmaster General, Wm. H. Griffin; Accountant, H. A. Wicksteed; Secretary, Wm. White; Cashier, John Ashworth; Superintendent Money Order Branch, P. Lesueur.

*Inspection Branch.*—John Dewe, G. E. Griffin, M. Sweetman, Edwin F. King, W. G. Sheppard.

## LETTER RATES.

Letters posted in Canada addressed to any place within the Province pass, if prepaid, for 5 cents per  $\frac{1}{2}$  oz., but if posted unpaid such letters are charged 7 cents per  $\frac{1}{2}$  oz.

On letters to Nova Scotia, New Brunswick, and Prince Edward's Island, the rate is 5 cents per  $\frac{1}{2}$  oz., with optional prepayment.

The rate on letters to the United Kingdom is, by Canadian Packet,

Not exceeding $\frac{1}{2}$ oz. . . . .	12 $\frac{1}{2}$ cents.
Exceeding " and not exceeding 1 oz. . . . .	25 "
" 1 oz. and not " 2 oz. . . . .	50 "

And so on, increasing two rates of postage for each additional ounce.

And by Cunard Packet, 17 cents per  $\frac{1}{2}$  oz., &c.

Letters for the United Kingdom must be prepaid, or they will be charged a fine of 6d. sterling on delivery.

Letters for British Colonies and Possessions beyond sea, and Foreign Countries, via England, must be prepaid.

The rate on letters for the U. States, is 10 cents per  $\frac{1}{2}$  oz.

“ to Cuba . . . . . 20 cents per  $\frac{1}{2}$  oz.

The postage rate to British Columbia is,

Letters . . . . . 10 cents per  $\frac{1}{2}$  oz.

Newspapers . . . . . 2 cents each.

#### MAILS FOR CANADA FROM ENGLAND.

Two ocean Steamers, carrying mails for Canada, leave Liverpool in each week, viz : a Canadian Packet on every Thursday, via Derry, on Friday, sailing to Quebec in summer, and Portland in winter, by which the postage rate is 6d. stg. per  $\frac{1}{2}$  oz. ; and a Cunard Packet every Saturday, via Cork, on Sunday, bringing Mails for Canada, alternately to Boston and New York, by which the postage rate to Canada is 8d. stg. per  $\frac{1}{2}$  oz.

The British Post Office forwards letters to Canada by the first packet sailing after the letter is posted, unless the letters bear a special direction—“ By Canadian Packet,” or by “ British Packet”—and in that case they are kept over for the packet designated. “ By Canadian Mail ” is not a distinctive super-  
scription; for any Mail for Canada is a “ Canadian Mail,” by whatever packet forwarded.

#### REGISTRATION OF LETTERS.

Persons posting letters containing value, should be careful to require them to be registered, and to obtain from the postmaster a certificate of receipt for registration.

The charge for registration, in addition to the postage, is as follows, viz :

On letters to any other place in Canada, or British

North America . . . . . 2 cents.

On letters for the United States . . . . . 5 “

On letters for the United Kingdom . . . . . 12 $\frac{1}{2}$  “

On letters for British Colonies or Possessions, sent

via England . . . . . 25 “

On letters for France and other Foreign Countries, *via* France, an amount equal to the postage rate.

Both the postage charge and registration fee must in all cases be prepaid.

Registration is not an absolute guarantee against the miscarriage or loss of a letter; but a registered letter can be traced when an unregistered letter cannot, and the posting and delivery or non-delivery can be proven. A registered letter is thus secured against many of the casualties which, from incorrect address, forgetfulness of the receiver, or other error, may affect an unregistered letter.

#### MISCELLANEOUS CHARGES.

The charge on parcels by the parcel post, which is limited to places within the Province, is 25 cents per lb. (with 3 cents additional if registered).

One cent per oz., payable in advance by postage stamp, is the rate on printed circulars (printed circulars, if sent in envelopes, whether sealed or unsealed, are liable to letter postage), prices current, hand-bills, and other printed matter of a like character, and on books, bound or unbound, when posted at a Canadian post office, addressed to any place in Canada, British North America generally, or the United States.

The postage upon prices current addressed to the United Kingdom is *two cents each*, which must be prepaid by postage stamps, or they will be sent to the dead letter office to be returned to the senders.

#### BOOK POST WITH ENGLAND.

The charge on books, &c., by book post to England, is 7 cents on packets not exceeding 4 oz. in weight; 12½ cents on ½ lb. packets; and 12½ cents additional for every additional ½ lb. These charges must be prepaid. Photographs, *provided they are not upon glass or in cases containing glass*, may be forwarded to England at the *book rate of postage*.

#### BOOK POST WITH FRANCE.

For a packet of printed matter, or single newspaper.

book, &c.....	not over 2 oz.	4 cents.
Do.	exceeding 2 oz. and "	4 oz. 8 "
Do.	" 4 oz. and "	8 oz. 17 "
Do.	" 8 oz. and "	1 lb. 34 "

And so on, increasing 17 cents for each additional ½ lb.

The book post regulations between Canada and England apply to matter between Canada and France.

#### NEWSPAPERS AND PERIODICALS.

Newspapers published in Canada may be sent by post from the office of publication, addressed to any place in Canada at the following rates, *if paid quarterly in advance* by either the publisher

at the post office where the papers are posted, or by the subscriber at the delivering post office.

For a paper published 6 times a week,	40	cents	per	quarter.
“ “ 3 “ “	20	“	“	“
“ “ 2 “ “	13	“	“	“
“ “ 1 “ “	6½	“	“	“

When the above rates are not paid in advance by either publisher or subscriber, such papers are charged one cent each on delivery.

#### TRANSIENT NEWSPAPERS.

*Transient Newspapers*—that is to say, Canadian Newspapers posted otherwise than from the office of publication, and American or British papers posted or re-posted in Canada, must be prepaid one cent each, by postage stamp, or they cannot be forwarded—except only *British newspapers* distributed to regular subscribers by Canadian booksellers or news agents—such papers pass free as they would do if received in the Canadian packet mails.

#### NEWSPAPERS BY MAIL FROM ENGLAND OR UNITED STATES.

Newspapers received from England by the Canadian Packet Mails are delivered free.

Newspapers from England by the Cunard Packet Mails are charged 2 cents each on delivery. (This is the American transit charge.)

United States newspapers, brought by mail into Canada, are charged one cent each on delivery.

#### PERIODICAL PUBLICATIONS.

The rate on all periodicals, other than Newspapers, passing by mail in Canada, save such as may be addressed to or received from the United Kingdom, and such as are exempted from postage by statute, will henceforth be one cent. per oz. weight of package containing periodical matter, whether the package contain one or more numbers.

Any fraction of 4 oz. to be charged as a full rate.

On periodicals posted from the office of publication or by news agents or booksellers, to regular subscribers within the Province, this rate may remain to be collected on delivery, and must in such cases be marked upon the packages and charged in the letter bills; but when mailed to go out of the Province, such periodical matter must be prepaid by postage stamp. British and United States periodicals may be posted in Canada by news agents and booksellers to regular subscribers in the Province under this regulation.

Transient periodical matter posted in Canada must in all cases be prepaid by postage stamp.

The above rate will be payable on delivery on all periodical matter received from the United States, except that Canadian editors may receive exchange periodicals from the United States free of Canadian postage.

Periodicals, printed and published in Canada, may be posted addressed to any place in the United Kingdom by Canadian packet, on prepayment by postage stamp of two cents each number.

This rate will be applicable to all classes of Canadian periodicals posted as above for the United Kingdom, the exemptions to which certain classes of Canadian periodicals are entitled, extending to such numbers only as are addressed from the office of publication to places within the province.

#### POSTAGE RATES ON MISCELLANEOUS MATTER.

Packages of seeds, cuttings, bulbs, roots, and scions, or grafts, may be posted in Canada for delivery within the Province, or to an address within the United States, on prepayment by postage stamp of a rate of one cent per oz.; and when received from the United States addressed to any place in Canada, such packages may be delivered on payment, by the person addressed, of a like rate.

The limit of weight for such packages will be one pound. No communication, whether written or printed, must be enclosed in them; and they must be so put up as to be easy of examination, for the purpose of verifying the alleged contents. If put up in bags, the bags must be simply tied at the neck, so as to admit of inspection; and in the case of such packages mailed in Canada, the nature of the contents, such as "seeds," "roots," &c., as the case may be, must be marked on the package by the sender, as a statement of the claim to pass at the reduced rate hereby made applicable to such matter.

Book manuscript, and printers' proof-sheets (whether corrected or not), maps, prints, drawings, engravings, photographs, when not on glass or in cases containing glass, and sheet music (whether printed or written), may pass in covers open at the ends or sides, and provided that no letter, or other communication intended to serve the purpose of a letter, be enclosed therein, on pre-payment, when posted in Canada, by postage stamp of the ordinary printed matter rate of one cent per oz.; or upon payment of that rate on delivery of such matter when received in the mails from the United States.

## POSTAGE OF BOOKS, PATTERNS, AND SAMPLES.

Patterns of merchandise and samples may be forwarded between Canada and the United Kingdom, by the Canadian Packet Mails, at book post rates, and subject to the following conditions :

The patterns or samples must not be of any intrinsic value ; and this rule excludes all articles of a saleable nature, and whatever may have a value of its own, apart from its mere use as a pattern ; nor must the quantity of any material or article sent as a pattern or sample be so great that it could have on this ground an intrinsic value.

The patterns, &c., must be sent in covers, open at the ends, so as to be easy of examination. Samples, however, of seeds, drugs, and such like, which cannot be sent in open covers, may be enclosed in bags of linen or other material, simply tied at the neck ; but bags closed against inspection, although transparent, must not be used for the purpose.

There must be no writing or printing other than the address of the person for whom the packet is intended, the manufacturer's, or trade mark and number, and price of the article.

Any infringement of the above regulations will render the packet liable to be treated and charged as a letter.

The rule which forbids the transmission through the post of any article likely to injure the contents of the mail bags, will apply to patterns and samples ; and any package transgressing this rule is to be sent to the Postmaster General.

The book post rate between Canada and the United Kingdom, remains unaltered at 7 cents for a packet weighing not more than 4 ounces.

Packet exceeding 4 oz. and not exceeding $\frac{1}{2}$ lb.	12 $\frac{1}{2}$ cents.
“ “ $\frac{1}{2}$ lb.	“ “ 1 lb. 25 cents.
“ “ 1 lb.	“ “ 1 $\frac{1}{2}$ lb. 37 $\frac{1}{2}$ cents.

And so on, adding 12 $\frac{1}{2}$  cents for each additional  $\frac{1}{2}$  lb. or fraction of  $\frac{1}{2}$  lb. weight.

No prints or printed matter will be allowed to pass by book post between the United Kingdom and Canada, unless printed on paper, parchment, or vellum.

## MONEY ORDERS ON CANADA.

All the money order post offices in Canada are authorized to draw money orders on each other for any sum up to \$100, and for as many orders of \$100 each as the applicant may require, upon the following terms, viz :

On orders up to	\$10.....	5 cents.
Over \$10 and up to	\$20.....	10 cents.
“ \$20	“ \$40.....	20 cents.
“ \$40	“ \$60.....	30 cents.
“ \$60	“ \$80.....	40 cents.
“ \$80	“ \$100.....	50 cents.

#### MONEY ORDERS ON THE UNITED KINGDOM.

The Canadian money order offices also draw upon all the money order offices in England, Ireland and Scotland, and the Channel Islands, for any sum up to £10 sterling, and grant as many orders for £10 sterling each as may be needed to make up the amount to be remitted. The terms are as under:

On orders up to	£2.....	\$0.25
“ over	£2 and up to £5.....	\$0.50
“ over	£5 “ £7.....	\$0.75
“ over	£7 “ £10.....	\$1.00

#### MONEY ORDERS ON THE LOWER PROVINCES.

The Canadian money order offices draw also upon all money order offices in Nova Scotia, Prince Edward Island, and Newfoundland. The orders, like those of the United Kingdom, are made payable in sterling money, and for sums up to £10 sterling. The terms are:

For orders up to	£5.....	25 cents.
“ over	£5 and up to £10.....	50 cents.

The money order post offices are furnished with lists of all the money order offices in Canada, United Kingdom, Nova Scotia, Prince Edward Island, and Newfoundland; and the postmasters are instructed to afford every information in their power, in respect of the places upon which they draw, together with any other information relating to such issues as the intending remitters may desire.

#### POSTAGE STAMPS.

Postage stamps are provided for sale of the respective values of 1 cent for newspapers; 2 cents for prices current and periodicals for the United Kingdom; 5 cents for ordinary provincial letters; 10 cents for United States rate; 12½ cents for Canadian Packet; and 17 cents for Cunard Packet.

Letter envelopes are provided, impressed with medallion stamps, and equivalent to the prepayment of postage to the amount of 5 cents and 10 cents respectively.

The 5 cent envelopes will be sold to the public at the rate of \$5.50 per hundred, or 66 cents per dozen. The price of a single envelope is 6 cents.

---

The 10 cent envelopes will be sold at the rate of \$10.50 per hundred, or \$1.26 per dozen. Single envelopes 11 cents.

PENAL CLAUSES.

The Post Office Act contains the following penal clauses :

To inclose a letter or letters, or any writing intended to serve the purpose of a letter, in a parcel posted, for the parcel post, shall be a misdemeanour.

To inclose a letter or any writing, or to make any written marks to serve the purpose of a letter, or to inclose any other thing in a newspaper posted to pass as a newspaper, at the rate of postage applicable to newspapers (except in the case of accounts and receipts of newspaper publishers, which are permitted to pass folded within the newspapers sent by them to their subscribers), shall be a misdemeanour.

# BELLEVILLE.

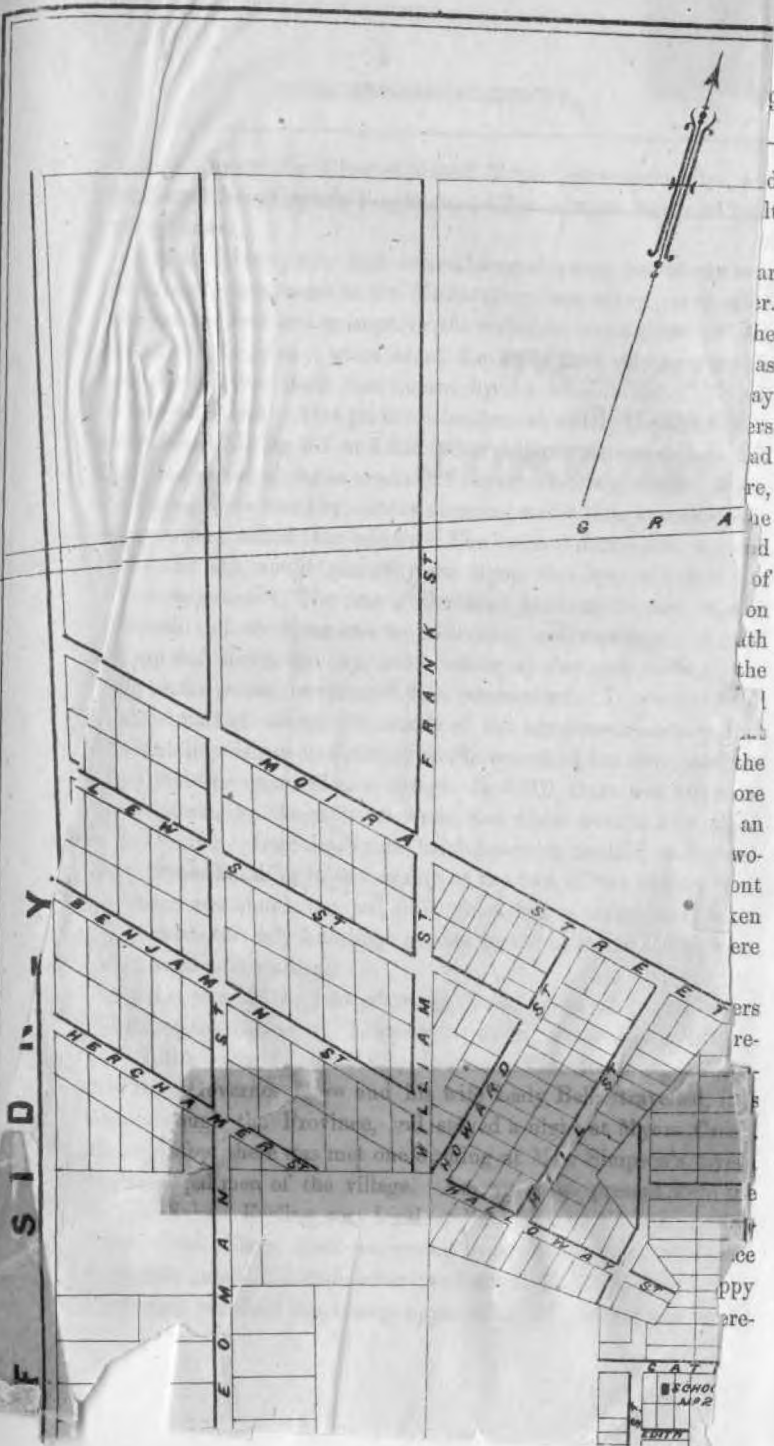

## ITS HISTORY.

During the American revolutionary war, and within a few years after its close, a large number of U. E. Loyalists turned their steps toward what was then the wilderness of Upper Canada. Kingston being a place conveniently reached, it was there that the settlement along the bay of Quinté commenced. As the number of refugees increased, the settlement was gradually extended up the bay; and by the year 1790, there might have been seen, here and there, all along its thickly wooded and beautiful shores, the rudely constructed log-house surrounded by a comparatively few acres of cleared land.

These pioneers, whose only mode of transport was by batteaux, took possession of that land which could be the most conveniently reached; and, when the best of it along the bay had been taken up, they ascended the various rivers which emptied into the bay, by the boats, when it was possible; and when impossible, the river was taken as a guide whose bank was followed until such land was discovered as promised to yield fruit to the tiller.

Among those who first settled at the western extremity of the bay, on the northern shore, were Captain Singleton, Captain Myers, and John Taylor; all of them British soldiers of the revolutionary war. Captain Singleton, who had been living a few years in Ernestown, came to Thurlow in 1789, having received from Government 400 acres of land to the east of, and adjacent to an Indian reserve of 200 acres on the east side of the river Moira at its mouth. He erected a log house on what is known as the old Canniff property. The site of the house was on a rise of ground not far from the bay, just at the present easternmost limits of the town, south of the Kingston road. An old half filled well yet marks the spot. He was the first settler in the neighborhood of Belleville.

John Taylor, the father of Sheriff Taylor, came soon after, and purchased from Captain Singleton, lot No. 5, upon which he built his log-house.

Captain Myers, who had settled several years previously near the Trent river, came to the Moira river, not many years after. He was the first one to improve the valuable water power of the river, and for many years after, the settlement on the river as well as the river itself, was known by the inhabitants of the bay as Myers' Creek. But prior to the time at which Captain Myers constructed his log-mill and his cabin adjacent thereto, there had been one or two shanties erected at the mouth of the river. Here, stretching down the bay a short distance, was a clear space of some thirty acres, called the plains. The earlier navigators up and down the bay would generally see upon this spot a number of Indian wigwams. The rest of the land between the two hills on either side of the river was an uninviting cedar swamp. A path led up and down the bay, and another up the east bank of the river as far as the fourth and fifth concessions. It was not until the first part of the second decade of the nineteenth century that the buildings began to multiply at the mouth of the river, and the place could be regarded as a village. In 1810, there was not more than a dozen buildings in existence, and these were mostly of an inferior kind. Captain Myers' brick house on the hill, and a two-story frame building in the swamp at the foot of the hill, in front of where now stands the jail, and which has recently been taken down, were the only buildings of note in the place, and these were quite outside the village.

In the year 1816, just after the Declaration of peace, Myers Creek, or the village of Thurlow, as it was sometimes called, received the name of Belleville, and under the following circumstances. Governor Gore and his wife Lady Bella travelled, it is said, through the Province, and stayed a night at Myers Creek. Shortly after, there was met one evening at Mrs. Simpson's tavern the principal men of the village. Among those present were the two McNabs. Feeling very loyal, and at the same time the importance of the village, it was suggested by one of them that the place should be named Belleville after the Lady Bella Gore. The happy suggestion received the hearty approval of all present and there-

after the village was so called. By this it will be seen that the way in which the name is at present spelled is not correct : instead of Belleville it ought to be Bellville.

The same year the Government instructed Surveyor Wilmot to lay out the 200 acres of Indian reserve, lot number four, into town lots of half an acre each. It cannot be recorded that Mr. Wilmot discharged his duty to his credit or to the advantage of the town. In the first place he made the serious mistake (it has been questioned whether it was a mistake) of placing the line between Sidney and Thurlow, upwards of sixty feet to the east of that marked by the original survey. The consequence was that the line between lots numbers three and four, instead of being mainly in the river, where it ought to have been, was established where now is Front street ; and thereby, a valuable strip of land belonging to the Reserve was added to private property on the western side of the river, while the owner of lot number five, Mr. Taylor, was a loser to a corresponding extent. Another mistake was the very few cross streets laid out, the inconvenience of which is felt daily by many ; although some new ones have been opened latterly. A third error was the respect he paid to a hotel which stood a little to the east of where now stands the Victoria buildings. This hotel had been erected on the ground where the street in surveying happened to come. The result is the unseemly turn in its course at Pinnacle street. While the hotel gave a name to the street, the name commemorates the cause of its ugliness. The town lots were disposed of by Government to petitioners, true subjects of His Majesty, on a payment of a fee of thirty dollars. No one could obtain more than a single lot. Several plots were reserved. One for a Hospital, one where stands the Catholic Church, the Scotch Church, the Grammar School building, the English Church, also, the Parsonage House, the old Market Square, and the Jail.

In the year 1834, a petition was submitted by the inhabitants of Belleville to Parliament, the result of which was " An Act to establish a Board of Police in the town of Belleville, passed 6th March, 1834."

It would seem that the act passed did not come into operation, for in 1836, an act was passed repealing the former one. This

latter act was in many respects the same, but making further provisions. The same year the town record begins. The boundaries were, "commencing at the limits between lots numbers five and six, in the first concession, so as a line at right angles will run on the northerly side of Wonnacott's bridge, thence south seventy-four degrees west to the limits between lots numbers two and three, thence sixteen degrees east to the bay of Quinté, thence easterly following the winding of the bay to the limits between lots numbers five and six aforesaid; thence north sixteen degrees west to the place of beginning, together with the island and the harbour." There were two wards, each of which elected two members of the Board of Police, and these four selected a fifth. The body then selected one of themselves for President. Those elected the first year were, Wm. McCarty and Asa Yeomans for first ward; Zenas Dafoc and Wm. Connor for second ward; Billa Flint was elected the fifth member; and was also chosen President; Geo. Benjamin to be clerk to the Board.

Up to this time there had been no side-walks, and at the same time there was no drainage. The consequence was that in the rainy seasons, the streets were almost impassable—quite as bad as those of Muddy York are said to have been. The first pavement was laid in 1836, the stones for which were taken from the river. Some portion of this stone pavement yet remains.

It is impossible to say definitely what was the number of inhabitants at any one period. There were, however, in 1818, according to Talbott about 150, about 500 in 1824, 700 in 1829, and in 1836 not far from 1000.

After this the town increa-ed more rapidly in size and importance. Steps were taken to have built a Court House and Jail, as the nearest place of safe confinement of prisoners was at Kingston; and, in 1838, just at the close of the rebellion, the present building was finished. The following year a "Court of Request," in accordance with an act passed in 1792, was established in Belleville. This Court was to collect small debts under ten pounds. The following gentleman received their commission as magistrates for the first division, Belleville, viz: John Turnbull, Thomas Parker, Francis McAnnany, Charles Willard, Captain Henry Baldwin, Doctor Anthony Marshal, George Bleecker. In accordance with

the act, two or more of these might sit on the first and third Saturday of every month. Those who generally acted were George Bleecker, Captain Baldwin, Francis McAnnany; and Doctor Marshal who was the clerk.

This Court of Request was abolished in 1841, and the Division Court established in its stead. Under the new act, Benjamin Dougall was first appointed Judge of the County Court, which office he held for a number of years, when William Smart, the present incumbent, received the office. In 1839, also, the first Sheriff, J. W. Dunbar Moodie, was appointed to office, which he filled till the year 1863, when he resigned, and was succeeded by George Taylor.

The early provision for education in Belleville was not very great. In 1810 there was standing on the ground now occupied by the Wesleyan Church a very small school-house, into which no one could enter without stooping, and which one night was overturned by two or three young men making themselves merry and mischievous. At the present time, however, the school-houses of Belleville are an ornament, and the college an object of worthy regard.

The college, which is under the control of the Episcopal Methodist Church, was commenced in 1857, and opened in 1858.

#### ITS SITUATION AND STREETS.

The town of Belleville is situated in the Township of Thurlow, at the mouth of the river Moira, and on the shores of the Bay of Quinté. It covers an area of 1200 acres, and has a pleasant and healthy situation. The river Moira, a rapid stream, which furnishes unlimited water-power privileges, runs through the town. The principal business portion of the town is on the east side of the river. Occupying a beautiful elevation of land, gradually inclined from the water on either side, with the aid of sewerage through the principal streets, very little difficulty is experienced in keeping the town free from filth and impurities.

Very few towns or cities present such fine situations for private residences as the elevations to the east, west, and north of the business portion of the town. Taylor's hill, to the eastward, seems to have been the choice of the largest proportion of our wealthy merchants, professional men, and mechanics; and a more delight-

ful location could scarcely be wished for quiet and comfortable homes. During the last four years many handsome and costly residences have been erected in this part of the town,—residences and tastefully arranged grounds, which could stand side by side with the finest in our largest cities, and not suffer in comparison. On the slopes to the westward there are many handsome private dwellings, with rich ornamented grounds; and to the northward, also, are pleasant locations, which are being taken advantage of by those who have grown rich with the town's prosperity. Nearly all our churches are located on the hill to the eastward, many of which are costly and imposing edifices.

Front Street, running in a northerly and southerly direction, is the chief business thoroughfare. During the last four years about thirty shops have been erected on this street, many of which are of the finest class. In size, style of architecture, and beauty of finish, they will compare favorably with the best in our largest cities. The street is now being paved under the superintendence of Mr. Neilson, chairman of the Street Committee, and, when complete, will be an excellent roadway. Pinnacle Street, running parallel with Front, is well laid out, and will in the course of a few years be one of our principal business thoroughfares. The Court House and Market front on this street; and the Montreal and Commercial banks, both imposing structures, are located here. On Mill Street, extending from the upper bridge to the Grand Trunk railway station, are situated some of our largest foundries and factories. Dundas Street, running in an easterly and westerly direction, and forming one of the leading roads into the town, contains some first-class private residences, and a number of eligible locations for dwellings. Bridge Street, running east and west through the central portion of the town, is occupied by several business houses, and by some of our most elegant residences. Church, John, George and William Streets, running northerly and southerly, are beautifully situated, and are rapidly filling up with a good class of dwellings. Moira, Hotel, and other streets, running easterly and westerly, will grow in importance as the town advances in trade and commerce.

## MANUFACTURING INTERESTS.

The manufactures of Belleville have a degree of importance which few towns or cities in Canada can claim. Possessing one of the finest water privileges in the Province, and having access to foreign markets by railway and water, the inducements to invest capital in manufactures are by no means inconsiderable, and these privileges have been taken advantage of by men of capital and enterprise, who are rapidly adding to their own wealth, and contributing largely to the permanent prosperity of the town. Numerous water-power privileges may be obtained within the town as well as in the immediate vicinity, and there are splendid openings for the establishment of new branches of business, such as cotton, woollen, shoe, and other manufactories, which would be certain to yield a profitable return to the manufacturer. The manufacturing interest in Canada may be said to be still in its infancy, but under an enlightened protective system, we may reasonably expect it to increase in proportion with the country's growth; and that within a few years we will be able successfully to compete with the manufacturers of Great Britain and the United States. No place in Canada presents more excellent manufacturing facilities than Belleville and vicinity, or a better prospect of a remunerative return. Capitalists in Great Britain, or other countries, who desire to profitably invest their means, should visit Belleville and examine the advantages we have over other localities. A brief glance at some of our manufacturing establishments will give the reader an idea of what is being done.

**THE LUMBERING BUSINESS.**—The lumber trade has long been a source of prosperity to Belleville and the county, and although the country has been pretty well cleared up for twenty and thirty miles back, the supply is by no means exhausted. Immense forests exist still further into the interior, and for many years to come the lumber business must contribute to the wealth of the county. For some years past, the number of saw logs brought down the river have averaged from 150,000 to 175,000 a year. These are manufactured into merchantable lumber at our mills, of which we have some of the largest west of the Ottawa. The most extensive is that of Messrs. Flint & Yeomans, which is situated

at the foot of Water street. In this mill there are between 90 and 100 saws, chiefly in gangs, capable of manufacturing from 75,000 to 100,000 feet of lumber every 24 hours. A good idea of the extent of the business done at Flint's mill, may be obtained from the fact that, when in full blast, a sufficient quantity of lumber is made to load a schooner every 24 hours. Employment is given to between 80 and 90 men, whose weekly wages amount to about \$500. The mill is under the management of Mr. Wm. McCreary. The next largest mill is that owned by Mr. D. D. Bogart, on the island at the mouth of the Moira. Its capacity is but little less than that of Messrs. Flint & Yeomans, being estimated at from 50,000 to 75,000 feet of lumber every 24 hours. The number of saws in the mill is between 80 and 90. Another mill on the opposite shore of the bay is owned by Messrs. McDonald & Bogart, and is supplied with logs that come down the Moira. It was erected in the spring of 1864, and its capacity is about 40 000 feet of lumber per day. There is also a saw mill on Meyer's dam, owned by Mr. Bleecker, having 25 saws.

**FOUNDRIES AND AGRICULTURAL WORKS.**—Belleville has long been noted as having some of the most extensive iron works and agricultural implement manufactories in the Province. Year after year have these establishments carried off prizes at Provincial Exhibitions; and, as a natural consequence, the demand for their manufactures throughout the Province is yearly increasing. The Messrs. Brown are the largest manufacturers in the town. Their premises front on Mill, Foundry and Church streets, and cover a large extent of ground. Employment is given to between 50 and 60 men, whose wages amount to from \$400 to \$450 a week. The business of the firm is chiefly iron work, though within the last few years they have gone extensively into the manufacture of agricultural implements of every description. Of patterns, there is not a larger or more varied assortment in the Province, and there are few establishments which are more complete. The Messrs. Patterson have been the largest manufacturers in farmers' implements, but within the last year they have been closing up their business. In nearly every part of the Province, their reapers and mowers may be found, and they can boast of having carried off numerous prizes and diplomas at successive

Provincial Exhibitions. Although the Messrs. Patterson have retired from business, the same establishment is carried on by Messrs. James Walker & Co. The new firm being composed of practical men, of large experience, we have no doubt they will be able to give the same satisfaction to their customers as did the Messrs. Patterson. The Victoria Foundry, owned by Mr. Wm. H. Wallbridge, is situated on Pinnacle street, and within the last few years, has largely increased its capacity for manufacturing. This establishment also is largely engaged in the manufacture of agricultural implements, as well as engines, ploughs, castings, &c. There is another iron foundry, situated near the steam saw mill of Messrs. Flint & Yeomans, owned by Mr. Charles Martin, and known as the Moira foundry. It has all the machinery for the manufacture of steam engines, ploughs, stoves, and general castings, and the work turned out of this establishment ranks among the best.

**IRON AND STEEL WORKS.**—In the finer class of iron and steel works, there have been added one or two new establishments within the last four years, and the capacity of others has been considerably increased. Mr. Burrell, who has been engaged in the manufacture of axes and edge tools for a number of years, has been compelled to enlarge his building and increase the number of forges, in order to supply the constantly increasing demand for his manufactures. Mr. Proctor continues to carry on the same business in the new building, Coleman's dam, and has considerably increased his facilities for business. The manufacture of hammers and forks, and hinges, is carried on in the large factory at Reed's dam. A new establishment for the manufacture of carriage and other springs, has been in operation during the last three years, and such has been the demand in Montreal and other markets, that the factory will have to increase its capacity in order to keep up the supply. The manufactory is owned by Mr. John Lewis. The same gentleman is largely engaged in the manufacture of skates, of which he makes a great variety of patterns.

**SEWING MACHINES.**—We have had for two or three years a sewing machine manufactory, carried on by Messrs. Irwin & White. They carried off the first prize at the last Provincial Exhibition at Hamilton for their Family Sewing Machines, as well as other prizes at previous exhibitions. We understand that

Mr. Irwin has made arrangements to go more extensively into this branch of business.

**OTHER MANUFACTURES.**—There are other branches of manufacture established at different points on the river, which contribute largely to the prosperity of the town. We have four sash and blind manufactories, carried on respectively by Messrs. A. N. Pringle, A. Diamond, J. R. Kennedy & Co., and George Walton, unitedly giving employment to twenty or thirty men. There is a pail, tub, and washboard factory carried on by J. R. Kennedy & Co. Of woollen factories we have two, carried on by Mr. Seth Wheadon, who has recently enlarged his buildings, and added to his machinery; and by Mr. S. Ostrom, who has also increased his facilities for business. There are three flouring mills; one occupied by Mr. James Grant, which has three run of stone, and is considered a first-class mill; Mr. James Canniff still occupies the large stone mill, just outside the limits of the town, and a better mill can scarcely be found in the County. The old Sidney mill, on Coleman's dam is occupied by Mr. James Wallace, who has every facility for flouring and gristing. One of the most extensive tanneries in Western Canada is situated on Myer's dam. It is owned by Mr. A. A. Campbell. In addition to the foregoing, we have a soap and candle factory, and an extensive potashery, carried on by Mr. John A. Phippen; the very extensive cabinet manufactory of Mr. Roenighk; the large distillery, owned by the Hon. Robert Read; two breweries, owned respectively by Messrs. Bennett & Bain, and Mr. L. J. Williams; and other manufactories of various kinds. As we have before said, our manufactures are yet in their infancy, and with the immense resources at our command, they can be indefinitely increased.

#### STATISTICAL INFORMATION.

In 1836, at the time of its incorporation, the population of Belleville was about 1,000. In 1861, according to the census returns, it numbered 6,277 inhabitants. Since that period the town has progressed more rapidly than during any previous four years, and the population may now safely be estimated at between 8,000 and 9,000. Progressing in the same ratio it will be but a

few years before Belleville will take its place among the cities of Canada. The following is a comparative return of the imports and exports of Belleville for the eight years ending Dec. 30, 1863 :

	<i>Imports.</i>	<i>Exports.</i>
For the year 1856.....	\$305,843	\$342,771
“ 1857.....	203,515	265,516
“ 1858.....	169,428	592,239
“ 1859.....	187,794	289,726
“ 1860.....	172,949	400,008
“ 1861, .....	173,955	291,594
“ 1862,.....	150,279	276,225
“ 1863,.....	126,224	391,799
	\$1,489,987	\$2,849,878

Showing a surplus of exports over imports in eight years of \$1,359,891.

#### SHIPPING INTERESTS.

Not the least of our commercial advantages is the facility for ship-building. Our forests furnish everything for the building of any description of vessel, and everything else is obtainable here from the keel to its complete outfit. Within the last few years several vessels of the largest class have been built here, and have found profitable employment in the carrying trade between this port and Oswego. Many of these schooners may also be found on Lake Erie as well as Lake Ontario. Among those who have built schooners here are the Messrs. Bogart, Messrs. Flint & Yeomans, Captain Paul, and Mr. James Hamilton.

#### ITS CONNECTIONS AND COMMUNICATIONS.

Belleville is connected with the chief markets of the Province and the United States by railway and water; and our facilities for exporting and importing are fully equal to those of the principal ports of the Province. When the canal connecting Lake Ontario is made, and the railway to the interior of the County is built, it will be the means of giving an impetus to all kinds of business, and build up numerous manufacturing establishments. Add to these advantages those of being the natural outlet of one of the finest agricultural and mineral counties in Canada; that we have excel-

---

lent gravelled and macadamised roads, without a toll-gate upon them, leading into all parts of the County; and that on the south shore of the bay lies a fertile and wealthy county, with which we do an extensive trade—a trade which is yearly increasing—and one can see at a glance that Belleville has a bright and promising future before it.

## LOCAL INFORMATION.

### TOWN GOVERNMENT.

Belleville was incorporated a Town in 1836. It is divided into four Wards, which are bounded as follows:

*Baldwin Ward* is bounded on the north by the River Moira, on the east by the Town limits, on the south by Bridge street, and on the west by Pinnacle street.

*Coleman Ward* consists of all that part of the Town lying west and north of the River Moira.

*Ketcheson Ward* is bounded on the north and west by the River Moira, on the east by Pinnacle street, and on the south by Bridge street.

*Samson Ward* comprises all that part of the Town south of Bridge street, on the east side of the River Moira.

The Common Council, which is elected annually, on the first Monday in January, is composed of twelve members, being three for each Ward. The Mayor is elected by the people at the same time. The nomination for the Mayoralty takes place on the last Monday but one in the month of December, before the Annual Election at ten o'clock.

### TOWN COUNCIL—1864.

The Council meets once in two weeks, on Wednesday, at half past seven o'clock, P. M.

*Mayor.*—Dr. Rufus Holden.

*Baldwin Ward.*—Messrs. George Neilson, Richard Taylor, and S. Wheadon.

*Coleman Ward.*—Messrs. L. H. Henderson, Alex. Robertson, and R. Patterson.

*Ketcheson Ward.*—Messrs. C. G. LeVesconte, James Kennedy, and P. D. Conger.

*Samson Ward.*—Messrs. Robert Clarke, Charles L. Coleman, and Geo. E. Henderson.

### OFFICERS OF THE CORPORATION

Robert M. Roy, *Town Clerk.*

Thomas Wills, *Treasurer.*

James Blacklock, *Chief Engineer of the Fire Department.*

## ADDITIONAL INFORMATION.

### COUNTY COUNCIL—1865.

- Warden.*—A. F. Wood, Reeve, from Madoc.  
*Sidney.*—R. Graham, Reeve; S. D. Farley, Deputy Reeve.  
*Thurlow.*—J. J. Farley, Reeve; P. R. Palmer, Deputy Reeve.  
*Tyendinaga.*—N. S. Appleby, Reeve; Alex. McLaren, Deputy Reeve.  
*Trenton.*—Wm. Shea, Reeve.  
*Stirling.*—Dr. Boulter, Reeve.  
*Huntingdon.*—Thos. Emo, Reeve; P. Moon, Deputy Reeve.  
*Hungerford.*—F. Gabourie, Reeve; Geo. Stokes, Deputy Reeve.  
*Elzevir.*—Hon. Billa Flint, Reeve.  
*Madoc.*—A. F. Wood, Reeve; Wm. Ward, Deputy Reeve.  
*Rawdon.*—R. Linn, Reeve; W. McWilliams, Deputy Reeve.  
*Marmora.*—Solomon Johns, Reeve.  
*Tudor.*—A. Jelly, Reeve.

### TOWNSHIP COUNCIL—1865.

- Sidney.*—R. Graham, S. D. Farley, B. Rose, John Rowe, R. Bird.  
*Thurlow.*—J. J. Farley, P. R. Palmer, A. Ross, Wm. Lingham, A. Fletcher.  
*Tyendinaga.*—N. S. Appleby, A. McLaren, J. R. Huffnan, James Meagher.  
*Elzevir.*—Hon. Billa Flint, Job Lingham, R. Barry, J. G. Rhodes, Wm. Bleecker.  
*Madoc.*—A. F. Wood, Wm. Ward, S. Reed, Wm. Blair, John Tassie.  
*Huntingdon.*—Thos. Emo, P. Moon, James Findlay, John Foster, M. Ashley.  
*Tudor.*—A. Jelly, John Bull, John Sweet, Wm. Pigdon, Wm. Powers.  
*Stirling.*—Dr. Boulter, Wm. Martin. B. Stedman, G. D. Allen, P. L. Bogart.  
*Rawdon.*—R. Linn, W. McWilliams, Jas. Cook, Geo. Conley, Thos. Walker.  
*Hungerford.*—Felix Gabourie, John Newton. Geo. Stokes, Wm. Allan, Richard Gabourie.  
*Marmora.*—S. Johns, Jas. Hamilton, Hugh Jones, Wm. Leonard, B. Johnson.  
*Trenton.*—Wm. Shea, Thomas Jeffs. A. D. C. Hawley, Robert Francis, Hugh O'Rourke.

### TOWN OF BELLEVILLE COUNCIL—1865.

- Mayor.*—Dr. Rufus Holden.  
*Ketcheson Ward.*—C. G. Levesconte, P. D. Conger, James Kennedy.  
*Baldwin Ward.*—Geo. Neilson, S. Wheadon, N. McArthur.  
*Coleman Ward.*—Alex. Robertson, Robt. Patterson, Alex. Watters.  
*Samson Ward.*—G. E. Henderson, Francis Clark, R. Tannahill.

Daniel Ackerill, *Market Clerk.*  
 John Kerr, *Tax Collector.*  
 James Grant, *Street Surveyor.*  
 Augustus Menzies, *Wood Inspector.*  
 Captain George James, *Chief of Police.*  
 John Roach, Peter Pardeau, and James Willson, *Police Constables.*

## POLICE COURT.

The Police Court is held in the Police Office, every day at eleven o'clock, A. M. Smith Bartlett, jun., *Police Magistrate*; Robert M. Roy, *Clerk.*

## CUSTOM HOUSE.

Office, north-west corner of Bridge and Pinnacle street. W. F. Meudell, *Collector*; H. Van Allan, *Clerk*; W. A. Beamish, *Preventive Officer*, Grand Trunk Station; Richard Kennedy, *Messenger.*

## BANKS.

## COMMERCIAL BANK OF CANADA.

Head Office, Kingston. Capital, \$4,000,000.  
 R. J. Cartwright, *President.* C. S. Ross, *Cashier and General Manager.*  
 Arch. Cameron, *Inspector.*  
*Belleville Branch.*—Andrew Thomson, *Manager*; Robert Thomson, *Teller*; Walter H. Scott, *Accountant*; John G. Campbell, *Discount Clerk.*

## BANK OF MONTREAL.

Head Office, Montreal. Capital, \$6,000,000.  
 T. B. Anderson, *President.* E. H. King, *General Manager.*  
*Belleville Branch.*—Q. Macnider, *Manager*; F. A. Despard, *Accountant*; Charles Henry, *Teller*; M. Heaton, *Clerk.*

## POST OFFICE, BELLEVILLE.

Inspector of Central Division, Matthew Sweetnam, of Kingston.  
 J. H. Meacham, *Post Master*; F. G. Meacham, *Assistant Post Master*; Charles F. Merryday, *Clerk.*

## ARRIVAL AND DEPARTURE OF MAILS.

East, by Railroad, two mails per day.  
 West, by Railroad, two mails per day.

F

CORBY PUBLIC LIBRARY  
 BELLEVILLE, ONTARIO

Hours at which these mails arrive and depart, depend on the hours fixed for the running of trains.

English Mails, *via* New York and Boston, per Cunard Line, closes every Saturday, at 9 o'clock, P. M.

English Mails, per Canadian Line, close every Thursday, at 9 o'clock, P. M.

Mails close at Belleville for Canifton, Stirling, Harold, and Marmora, (Sundays excepted) every day at 6 o'clock, A. M.; mails due from these places at Belleville, each day at 5 P. M.

Mails close at Belleville for Foxboro', Halloway, Ivanhoe, West Huntingdon, and Madoc, each day, (Sundays excepted) at 6 o'clock, A. M.; due in Belleville, at 2.30 P. M.

Mails close at Belleville each day (Sundays excepted) for Picton and Demorestville, at 6 o'clock, A. M.; due in Belleville at 11 o'clock, P. M.

For Burnbrae, Campbellford, and Menai, mails close at Belleville on Tuesdays, Thursdays and Saturdays, at 6 o'clock, A. M.; due in Belleville on Mondays, Wednesdays, and Fridays, at 5 o'clock, P. M.

For Moira and Thurlow, mails close at Belleville on Mondays, Wednesdays, and Fridays, at 6 o'clock, A. M.; due at Belleville on the same days at 2.30 P. M.

For Latta's Mills, Roslin, Thomasburgh, Tweed, and Bridge-water, mails close at Belleville on Tuesdays, Thursdays, and Saturdays, at 6 o'clock, A. M.; due at Belleville on Mondays, Wednesdays, and Saturdays, at 2.30 P. M.; Bogart and Stoco, on Wednesday, and Saturday, at 6 o'clock, A. M., and return on day following 2.30 P. M.

For Ameliasburg, Allisonville, Albury, Hillier, Mellville, Mountain View, and Rednersville, mails leave Belleville at 6 o'clock, A. M., on Tuesdays, Thursdays, and Saturdays; due in Belleville on the same days, at 5.30 P. M.

#### ACTIVE MILITIA.

##### 1ST BELLEVILLE VOLUNTEER MILITIA RIFLE COMPANY.

Gazetted into Class B, 1857. Promoted to Class A, 1859.

Charles George LeVesconte, *Major Commanding*.

James Brown, *Lieutenant*.

Mackenzie Bowell, *Ensign*.

Charles N. Ridley, M. D., *Surgeon*.

*Armory*,—North side of Bridge street, opposite the Post Office.

*Fifteenth Battalion, Volunteer Infantry.*

A. A. Campbell, *Lieut. Col. Commanding*.

*Armory*.—West side Pinnacle Street, near the Market.

## CHURCHES AND PASTORS.

### CHURCH OF ENGLAND.

- St. Thomas' Church*.—Corner of Bridge and Church streets.—  
 Rev. John Grier, A. M., Rector. Francis McAnnany, and John  
 L. Babcock, Church Wardens.  
*Hours of Service, (Sabbath.)*—11 A. M., and 7 P. M.  
*Sabbath School*, at 3 P. M., at St. Thomas' Church; and at  
 the Railway Station, at 9 o'clock, A. M.  
*Christ's Church*.—North side of Mill street, Coleman Ward,  
 near the Upper Bridge. Rev. S. Jones, Incumbent.

### CHURCH OF SCOTLAND.

- St. Andrew's Church*.—Corner of Church and Hotel streets.—  
 Rev. Archibald Walker, Pastor. George Neilson, Thomas Ruther-  
 ford, John Macnider, James Balcanquel, John Turnbull, and  
 William Tennant, Elders.  
*Hours of Service, (Sabbath.)*—11 A. M., and 6½ P. M. *Week*  
*Day*: Bible Class on Thursday evening.  
*Sabbath School*.—2½ P. M. Rev. A. Walker, Superintendent.

### PRESBYTERIAN CHURCH.

- John St. Church*, in connection with the Presbyterian Church  
 of Canada.—Corner of John and Hotel streets. Rev. William  
 McLaren, Pastor. George Robertson, Dr. Holden, John Coulter,  
 A. G. Northrup, John Keith, and John Kennedy, Elders.  
*Hours of Service, (Sabbath.)*—11 A. M., and 6½ P. M. *Week*  
*Day*: Lecture on Wednesday, and Prayer Meeting on Saturday  
 evenings.  
*Sabbath School*, at 3 P. M.

## WESLEYAN METHODIST CHURCH.

*Pastors.*—Rev. S. Rose, and Rev. W. Hall, A. M.

*Pinnacle St. Church.*—Pinnacle street, between Bridge and Dundas streets. Jonas Canniff, M. Sawyer, J. Jamison, N. Jones, W. Davy, and H. Yeomans, Trustees.

*Bleecker St. Church.*—On Bleecker avenue, near the Railway Station. James Jamison, S. M. Benson, C. V. Bogart, Wm. Bleecker, and J. W. Turner, Trustees.

*Hours of Service, (Sabbath.)*—11 A. M., and 6½ P. M., and Tuesday evening at 7.30; Prayer Meeting on Friday evenings, in the Lecture Room of Pinnacle Street Church, at 7.30 P. M.

*Sabbath School,* in each Church, at 2½ P. M.

## METHODIST EPISCOPAL CHURCH.

Corner of Church and Foundry streets. Rev. S. S. Grove, Pastor. James Walker, S. Ostrom, E. Goldsmith, A. Carman, and C. Peterson, Trustees.

*Hours of Service, (Sabbath.)*—11 A. M., and 6½ P. M. Prayer Meeting on Wednesday evening.

*Sabbath School,* at 9½ A. M., Rev. H. P. Shepard, Superintendent.

## CONGREGATIONAL CHURCH.

Hotel Street, between Pinnacle and Church streets. Rev. John Climie, Pastor.

*Hours of Service, (Sabbath.)*—11 A. M., and 6.30 P. M. Sabbath School, at 2.30 P. M.

## ROMAN CATHOLIC CHURCH.

*St. Michael's Church.*—On the west side of Church street. Rev. Michael Brennan, Pastor. Rev. John Brennan, Curate. James Spence, Michael Graham, Thomas West, and P. O'Brien, Trustees.

*Hours of Service, (Sabbath.)*—7.30 and 10.30 A. M., and 3 P. M.

## E D U C A T I O N A L.

## BELLEVILLE COLLEGE.

This institution was opened in 1857. It is owned and controlled by the Episcopal Methodist Church in Canada, and is affiliated to the University of Toronto. One hundred students can board and lodge within the building, while the class-rooms are sufficient for four hundred. The course of instruction includes all the branches of Common School, Grammar School, and Collegiate training.

Ladies can take a thorough course in science and languages, especially prepared for them, and receive diplomas. Candidates for admission to the Preparatory department, must be able to read and write, and have some knowledge of grammar, arithmetic, and geography. There are three terms in the year, beginning early in September, early in January, and late in April. The Faculty is:

Rev. A. Carman, M.A., *Principal, and Prof. of Mathematics*

Rev. H. P. Shepard, M.A., *Prof. of Latin and Greek.*

Wm. M. Osband, M.A., *Prof. of Natural Science, and English rector.*

Mrs. L. A. Osband, M.A., *Precep'ss., and teacher of French, &c.*

Prof. W. C. Clark, *Teacher of piano, voice and harmony.*

#### SUPERINTENDENTS OF EDUCATION.

F. H. Rous, Local Superintendent of Education for the South Riding of Hastings. Post office address, Belleville. T. S. Agar, Local Superintendent for the North Riding of Hastings. Post office address, Madoc.

#### GRAMMAR SCHOOL.

The senior County Grammar School is situated between St. Thomas' and St. Andrew's Church, East side of Church street, (immediately East of Court House). The school is managed by a Joint Board, composed of eight Trustees, appointed by the County Council—and six elected from the Common School Board. It is free to all children resident in Town, except those whose parents or guardians are supporters of the Roman Catholic Schools. Fees for non-residents of the Town and separate Schoolists, \$3 per quarter. Pupils residing beyond the limits of the County, \$4 per quarter. The expense of the school is paid by a direct tax upon the rate payers of the Town.

Alexander Bourdon, Head Master—salary \$1,000 per annum; William Tilley, Assistant—salary \$500.

*Trustees for 1864.*—Rev. John Grier, A.M.; N. S. Appleby, M. Nulty, M. Bowell, James Whiteford, F. McAnnauy, George Neilson, John Lewis, John Thompson, James Smith, Charles Martin, George Walton, E. Harrison.

*Chairman.*—Rev. John Grier, M.A.

*Secretary-Treasurer.*—John A. Macinnes.

#### COMMON SCHOOLS.

There are five Common Schools in the Town of Belleville, conducted upon the Free School system. The management of the schools devolves upon a Board of eight Trustees, two for each Ward. The Trustees for 1864, are: M. Bowell, Chairman; E.

Harrison, James Smith, Charles Martin, John Lewis, Francis McAnnany, John Thompson George Walton. John A. Macinnes, Secretary-treasurer; John Kerr, Collector.

*School No. 1.*—Gilbert street. John Macoun, Master; Jane Walton, Assistant.

*School No. 2.*—Catherine street. Allan A. Shepard, Master; Jarvis McLean, Assistant.

*School No. 3.*—Pinnacle street. Allen T. Kennedy, Master; Miss Rankin, Assistant.

*School No. 4.*—North-east corner of Church and Hotel streets. Wm. L. Hamilton, Master; Adeline B. Shepard, Assistant.

*School No. 5.*—Grove street, Coleman Ward. S. C. J. Ostrom, teacher.

#### ROMAN CATHOLIC SEPARATE SCHOOLS.

There are two Roman Catholic Separate schools, both of which are located on John street. The boys are taught by Mr. John O'Sullivan, and the girls are under the care of the Sisters of Loretto. Rev. M. Brennan, P. P. Lynch, John P. Macdonnell, David Holden, John Finn, — Dolan, B. McEvoy, M. Adamson, Trustees.

### ASSOCIATIONS AND SOCIETIES.

#### ORANGE LODGES.

*Royal Black Knights of Ireland.*—Preceptory, 153.—J. R. Kennedy, W.M.; John McKeown, D.M.; J. G. Moors, R.; James Macoun, T.

*Royal Scarlet Chapter.*—M. Bowell, Knight in Command.

LODGE 274.—Meets the second Monday in each month. John McKeown, Master; W. E. Bottoms, Secretary.

LODGE 727.—Meets the first Monday in each month. John McCreary, Master; W. Boyce, Secretary.

#### ST. ANDREW'S SOCIETY.

Number of members about 200. James Blacklock, President; George Neilson, 1st Vice-President; Wm. Sutherland, 2nd Vice-President; Alex. Chisholm, Secretary; Robt. Thomson, Treasurer. Regular meetings, first Monday in November, February, May, and August.

#### ST. PATRICK'S SOCIETY.

James Meagher, jun., President; John Finn, 1st Vice-President; Stephen Wade, 2nd Vice-President; David Holden, Corresponding Secretary; P. P. Lynch, Recording Secretary.

#### MOIRA SKATING CLUB.

This Club has a large covered rink, on Coleman street, erected in the winter of 1863 at a cost of \$1200. The officers are: Q. Macnider, President; Mackenzie Bowell, Vice-President; Henry A. F. Macleod, Secretary; John Lewis, Treasurer; P. D. Conger, R. P. Jellet, F. C. Ridley, and J. C. Holden, Executive Committee.

#### MASONIC LODGES.

Dr. Barker, Grand Superintendent of Central District. Post office address, Kingston.

*Moirs Royal Arch Chapter.*—L. H. Henderson, 1st Principal; M. Crombie, 2nd Principal; A. Ellis, 3rd Principal; D. Moodie, Scribe.

*Moirs Lodge, No. 11.*—W. Docter, W.M.; E. J. Sisson, Secretary.

Joseph F. Way, Crown Timber Agent, John A. Macinnes, clerk.  
Office, Dafe House buildings, Pinnacle street, Belleville.

A SYNOPSIS  
OF THE  
BY-LAWS OF BELLEVILLE.

FIRES AND FIRE COMPANIES.

BY-LAW NO. 1.

2. Enacts that every person between the ages of fifteen and sixty years is required to assist at fires, at the request of officers of Fire Companies, members of the Corporation, and Constables.

12. All Carters are obliged to draw water to fires.

13. Sextons of each Church having a bell, are required to ring the bell for fifteen minutes, upon the breaking out of a fire.

16. Any officer appointed by the Town may search any premises where there is reason to believe there is anything hazardous or dangerous in causing fires; shall notify owners or occupiers to have such nuisance removed, and if not done in six hours, a penalty is incurred; in case it is not abated within 24 hours, the officer may cause its removal.

17. Stove pipes not passing through stones, earthen pots, or pipe cylinders, must be kept six inches from any part of the wood of the partition, and at least six inches from the ceiling.

18. Stove pipes not to be carried through a window or side or end of a building.

19. Stove pipes passing through the roof of a building to be secured in a brick flue, built from the garret floor, and three feet above the roof.

20. Pipe holes not in use must be kept closed, and fire-boards must be covered with tin or iron.

21. Stoves must be nine inches from any wooden partition, unless such partition be protected by tin.

22. Blacksmiths' shops within four rods of any other building, shall have a return flue in the chimney.

23. Persons must not carry lighted coals through streets unless in a covered vessel of iron.

24. Provision must be made by every occupier of a house for a safe receptacle of ashes; a person keeping ashes in boxes or in any

wooden material in his tenement, is liable to the penalty imposed by this By-law.

25. Persons not allowed to carry a lighted candle into a stable unless enclosed in a lantern.

26. No person shall have in his possession a lighted pipe or cigar in any mill, or workshop, wherein are combustible materials, or in any stable or barn.

27. Persons requiring to burn chips, straw, &c., shall do so on a damp day, when there is no wind, and at least 20 feet from any building or vessel.

29. Buildings of two storeys or more to have a scuttle on the roof, and a staircase or ladder leading to the same from the inside. Penalty \$1 for every three days such building is unprovided with such conveniences.

80. Every building not more than two storeys high, must be provided with a ladder from the ground three feet above the eaves of the building, and one from the eaves to the ridge of the roof.

31. The mayor and any two members of the Council have power to destroy a building for the purpose of retarding a fire.

32. Provides for the appointment of a chimney Viewer, who, when called upon, shall cause to be swept the chimneys of such persons who desire it, for which he will be entitled to the following rates;

For sweeping a chimney not exceeding in height a ground floor and a garret, 6d; each additional flue, 3d.

For sweeping a chimney not exceeding in height two floors, and a garret, 9d; each additional flue, 3d.

For sweeping a chimney not exceeding in height three floors and a garret, 1s; each additional flue, 4d.

For sweeping a chimney higher than is named above, 1s. 3d: each additional flue, 6d.

33. The Chimney Viewer shall call upon every occupier of a house once in six months, and tender his services to have the chimney swept.

35. No person to sweep chimneys unless under the direction of the Chimney Viewer.

36. No person shall in any way hinder such Chimney Viewer or his servants in the discharge of their duties.

#### BY-LAW NO. 91.

1. The Town Council shall appoint the Chief Engineer and the Assistant Engineer of the Fire Department, from such persons as may be nominated by a majority of the members of any Fire Company or Companies.

4. Any Company of Active or Volunteer Militia Force offering their services as a Fire Company, shall be held to be a fire Com-

pany, and the officers of such Company shall have similar powers as the selected officers of any Fire Company.

5. Monthly returns of the condition of the Fire Department to be made to the Council.

6. Each fireman to receive not exceeding \$6 per annum, by resolution of the Council.

## NUISANCES.

### BY-LAW NO. 122.

1. Persons depositing building material on any public ground, upon being notified to remove it by the Street Surveyor, or any member of the Town Council, shall do so within 24 hours; provided it be not required for immediate use, and then the space occupied by such material shall not be more than half the width of the street opposite the building site.

2. Persons not allowed to deposit or encumber any street or public ground with any article except for the purpose of immediate removal.

3. Carriages, hand carts or barrows, not permitted to stand on any footpath or crossing, so as to incommode travellers.

4. Bathing publicly within the limits of the Town between the hours of 6 a.m., and 9 p.m., prohibited; and no person permitted to indecently expose his or her person, or conduct himself or herself in an obscene manner.

5. Dead animals, carrion, or other nuisance, not allowed to be placed in any street or public ground, or in the river or bay, or on the shores of the waters.

6. No person shall suffer any carrion or other nuisance to remain on any lot or premises belonging to him.

7. No person shall suffer drinking, gambling or fighting on his premises, to the annoyance of the public.

8. Fishing, shooting, or the use of fire-arms on the Sabbath day, prohibited.

9. Bawdy houses, or houses of ill fame, prohibited.

10. Persons prohibited from frequenting houses of ill fame.

11. Persons who shall by any means cause to flow any water, filth, or matter on any street, or on the premises of any other person, shall be liable to a fine.

12. Horses standing in any street or public place, must be tied or properly secured.

13. Persons prohibited from riding or driving at an immoderate rate through the streets, or faster than a walk on any bridge.

14. Horses not permitted upon any sidewalk, except for crossing the same.

15. No person shall discharge any fire-arms, or set off fire-balls, squibs or rockets in any street, or within 200 yards of any building, or play at ball in any street.

16. No person shall obstruct any water-course or drain, or remove, without permission of the Street Surveyor, any portions of sidewalk or crossings.

17. Every occupier of a house or shop, and the owner of any vacant lot on Front street between Dundas street and the upper Bridge, shall remove the snow upon the sidewalk directly in front thereof.

18. Fighting or challenging to fight, prohibited.

19. Persons prohibited from making any disturbance in places of public worship, or from being drunken, unclean, quarrelsome or noisy, or in any way to disturb the public peace.

20. No person shall encourage any dog to fight or worry any other dog in the Town.

21. No person allowed to injure or destroy any tree or shrub in any public place for shade or ornament, or injure or deface any sign, window or building, or to paint, draw, or inscribe any indecent words, characters, pictures, &c., on any building, wall, fence, &c.

22. Persons driving with a sleigh, obliged to have two or more sleigh bells affixed to the harness of the horse or horses.

23. No person shall slide down any of the hills on any of the streets or sidewalks, upon any hand or other sleigh.

24. Repeals By-law No. 2.

25. Penalty for the infraction of any of the provisions of this By-law, not less than fifty cents, nor more \$20, and costs, in default, imprisonment not exceeding twenty days.

BY-LAW NO. 57.

1. The Health Officer shall visit daily all Slaughter Houses within the limits of the town, and order the prompt removal of all offal, &c.; not immediately complying, the owner is liable to the penalty of this By-law.

VAGRANTS AND DISORDERLY PERSONS.

BY-LAW NO. 4.

1. Constables to arrest and convey any vagrant, drunkard, vagabond, mendicant, street beggar, or any drunken or disorderly person to gaol.

2. Any person who may be called upon by a Constable, is required to assist such Constable in making any arrests.

3. No person shall hinder or obstruct Constables in the performance of their duty.

## IMPOUNDING CATTLE, GOATS, &amp;c.

## BY-LAW NO. 5.

1. Provides for the appointment of two Pound Keepers, one for that part of the Town east of the River Moira, and the other for that part west of the river, who shall provide a suitable place for a pound.

2. Pound Keepers to impound all horses, cattle, sheep and swine, that may be running at large, or that shall trespass upon the land or premises of any person, (being enclosed by a lawful fence) and detain them until all fees and damages are paid. Pound Keepers shall be allowed over and above any claim for damages and the penalty: for every horse or head of cattle, 1s 3d: every hog, 1s 3d; every sheep, 3d. They shall be allowed for posting the requisite notice, 1s; for attending for the appointment and serving copies of the same upon the appraisers, 2s; and for the sale of every distress, 1s 3d. They shall be obliged to provide the necessary food and drink for the animals impounded, for which they are entitled to charge the following rates: for every horse, 1s 3d per day; for every head of cattle, 1s per day; for every sheep and hog, 6d per day, each: which several sums shall go to the Pound Keepers for their fees.

5. Pound keepers shall, within 48 hours, and not before 24 hours after the distress shall have been impounded, cause a notice thereof in writing to be posted on the Pound gates, and in three other public places in the Town, giving description of the distress, and specifying when and where the same shall be exposed for sale; and in case the owner does not redeem the same, by paying all fees and claims within eight days after such notice is given, the Pound Keeper may proceed and sell the distress to the highest bidder; after deducting his own legal charges, they shall pay the damages, if any, to the person entitled thereto, and the penalty, one-half to the person taking such distress to the Pound, and the other half to the Town Treasurer for Town purposes; and the overplus, if any, to the owner of such distress, if known, and if not known, to the Treasurer, and if not claimed within three months, to be applied to Town purposes.

6. A person taking animals to the Pound, obliged to state what demands he may have for damages, and in case the owner tender to the Pound Keeper the sum which may afterwards be awarded, with the costs incurred, he shall not be liable for costs afterwards incurred, but all such subsequent costs shall be paid by the party claiming extravagant damages.

7. In case the owner objects to the damages claimed, the Pound Keeper shall apply to the Mayor or any Councillor, who shall appoint three disinterested persons to appraise the damages.

8. Pound Keepers to give notice to the Clerk of the Council immediately after the impounding of any animals with the name of the person who delivered the same to the Pound, and the amount claimed for damages.

9. Owners of animals impounded to pay the following penalties : for every stallion, \$4 ; for every mare or gelding, 50 cents ; for every ox, 50 cents : for every sheep, 12½ cents ; and for every hog, 25 cents.

11. Pound Keepers to make quarterly returns to the Clerk of the Council.

12. Provides that in case Pound Keepers make any unlawful charges, they may be fined or suspended from office.

BY-LAWS NOS. 120 AND 121.

1. Extends the provisions of By-law No. 5, to any goat or goats, running at large, and to the owner or owners thereof.

2. Any owner or owners of goats or swine knowingly letting such animals run at large, he, she, or they subject themselves to a penalty not exceeding \$1 for each such animal. In default, imprisonment not exceeding ten days.

ENCROACHING ON STREETS.

BY-LAW NO. 15.

2. Provides that the Town Surveyor shall give the lineation of lots situated in front of streets, squares or other public ways whenever called upon, for which he is entitled to receive three pence per foot, for every foot frontage ; and no person shall erect, rebuild, or enlarge any house, building or wall upon the front of streets, squares, or other public ways, without having first obtained the lineation of the same from the Street Surveyor.

ERECTION OF WOODEN BUILDINGS.

BY-LAW NO. 17.

2. Provides that any person erecting a building within certain limits, (described in By-law number eighty-six,) which shall be adjacent to any other house or building, shall build a guard and substantial party wall of brick or stone, on the side adjoining any other building, which wall shall not be less than 12 inches thick, if of brick, and not less than 16 inches thick, if of stone, and be terminated at the top by a fire-guard wall of the same thickness, with proper coping and raisings not less than 18 inches above the roof ; provided that if such description of wall be previously standing in

the adjoining house, then the person erecting such new house shall not be required to make a second wall.

3. No blacksmith's shop shall be erected within the limits of the Town, (?) including the west side of Front street to the bank of the river, of any other material than brick or stone, and the ceiling thereof to be plastered; nor shall any chimney be built in such blacksmith's shop that is not constructed according to the self-consuming principle.

BY-LAW NO. 127.

Provides that no wooden clapboarded, or frame dwelling-house, kitchen, shop, warehouse, coach house, stable, shed, or other wooden clapboarded or frame building, except where contracts for the same are already entered into, shall be begun, carried on, built or erected, or placed in that part of the town of Belleville, lying within the following limits, that is to say: The west side of Front street to the bank of the river Moira, and the east side of Front street to the depth of the lots on said Front street, from the line of the upper bridge on Front street to the line of Dundas street on Front street, including Hotel and Bridge streets, from Front to Pinnacle streets. Nor shall any addition be made to any wooden building already erected within said limits, unless the said addition be built of brick or stone; nor shall any building hereafter to be erected within the limits aforesaid, be covered with any other covering than tin, or iron, or slate, or shingles laid in mortar, or shingles covered with fire proof composition. Provided always, that all outbuildings being thirty feet distant from the main buildings, may be built of wood, and the roof, if shingled, shall have the shingles laid in mortar, or covered with fire-proof composition, and any person violating this section, to pay a fine of £5 and costs, and a farther sum of £5 per week until such building is removed; and every person employed in building any house, &c., contrary to the provisions of this By-law, is subject to a fine of from \$4 to \$20.

PUBLIC HEALTH.

BY-LAW NO. 53.

1. Board of Health to have power to enforce the laws of the Province against infectious and pestilential diseases.

2. During the existence of any epidemical disease, or upon a probable approach thereof, power is given to open a hospital at the public expense.

3. Gives power to the Board of Health to employ Physicians and to procure nourishment and necessaries for the use of the sick.

5. Keepers of Public Houses, Hotels and Boarding Houses, are required to report the number of persons sick, the nature of the disease, all deaths and causes, and to enforce such regulations as the Board may think proper.

BY-LAW NO. 63.

1. Enacts that the Health Committee or any two of them, or any officer appointed by the Committee, may enter upon and examine any premises within the Town, and if they find those premises in an unclean or filthy state, or any matter existing thereon which might endanger the public health, they shall direct the occupant or proprietor to cleanse the same and remove all offensive matter; and in case parties refuse or neglect to comply with such order, then the Health Committee or officer may call in any assistance necessary to have the premises cleansed, and remove or destroy anything that might be necessary for the preservation of the public health.

2. In a case where a malignant disease exists in any dwelling situated in a crowded part of the Town, or in a neglected or filthy state, or inhabited by too many persons, the Health Officers may compel the inhabitants of such dwelling, at the cost of the Town, to remove therefrom, and place them in sheds or tents, until such dwelling is properly cleansed, ventilated and purified.

3. Any person resisting or obstructing the Health Officers in the discharge of their duty, are liable to a fine of \$20.

5. Graves to be five feet in depth, and no more than one body interred in one grave.

6. Health Officers have power to employ surgeons.

7. Persons must not allow stagnant water to remain on their premises.

8. Privies must be at least eight feet deep, five feet from the boundary side line of the lot, and not less than fifty feet from any street; in case the lot will not admit of the privy being placed fifty feet from the street, then it shall be placed as the Health Officers shall direct.

9. No feculent matter, filth or rubbish whatever, or any foul or corrupted water or liquors exhaling fetid odors, allowed to be deposited in any street, lot, gutter, or on any pavement, or bank of the river, or in any public place.

10. No animal shall be slaughtered within 100 yards of any inhabited dwelling, nor shall any green hides be exposed to dry within said limits.

11. No distiller, soap-boiler, or chandler, or other person, shall keep any foul, tainted or corrupted water or liquor, or store up or keep any tallow, grease, or other matter, in a state of putrefaction, or use any such water, liquor, tallow or grease.

12. Any animal dying within the limits of the Town, shall be buried by the owner, at a sufficient depth below the surface, beyond the limits of the Town.

---

### GUNPOWDER.

#### BY-LAW NO. 61.

1. Enacts that no person shall keep more than 25 pounds of gunpowder at any one time on his premises where fire is used, or in any building adjacent to any other building where fires are used, nor shall any person sell or weigh powder in any less quantity than by the keg, except between the hours of sunrise and sunset.

2. No person shall store a greater quantity of Gunpowder than fifty pounds in any building, except such building shall be isolated, and at least 200 feet from any other building, street or highway.

#### BY-LAW NO. 115.

Enacts that the following shall be added to the 8th clause, after the words "public highway," "or except such building shall be a properly constituted magazine of brick or stone, with fire-proof roof and doors, and fire-proof shutters to any openings in the walls of such magazine, and situated at a distance of not less than forty feet from any other building, or from any public highway."

---

### WEIGHTS AND MEASURES.

#### BY-LAW NO. 62.

2. Inspector to attend at the Town Hall, (after having given public notice thereof,) with stamps and copies of weights and measures, and to examine, and compare and stamp, if found correct, all such weights and measures as shall be brought to him for that purpose.

3. The Inspector is required to enter every shop or place where weights and measures are used, and upon examination, if it be found that any are light or otherwise unjust, the same shall be seized and forfeited, and the person owning them is subject to a fine not exceeding \$10 for the first offence, and \$20 for every subsequent offence.

#### BY-LAW NO. 110.

1. Inspector to hold office during pleasure of Council.
2. A copy of the standard weights and measures to be procured.
3. Inspector to have all the powers conferred by 12 Vic., c. 85.
4. Inspector to visit all places where weights and measures are used.

5. False weights and measures to be destroyed by Inspector, where he thinks necessary.

6. Persons having false weights in their possession, subject to a fine of not less than \$1, nor more than \$20. In case of default, to be imprisoned in common gaol not longer than twenty days.

### MARKETS.

#### BY-LAW NO. 101.

1st. Establishes a Wood Market on lots Nos. 27 and 28, known as the "Campbell property."

2nd. Tolls to cover all expenses attending said Market.

3rd. That there shall be appointed by the Council an Inspector of Firewood, whose duty it shall be to take charge of the Wood Market, and to keep the approaches thereto clear of obstructions and easy of access, to regulate the standing of vehicles in the said market, to preserve order therein, and to collect the Tolls by this By-Law imposed. It shall further be the duty of such Inspector, at the request of either the buyer or seller, and on the payment of the proper fee by the person requiring the same, to measure in accordance with the provisions of this By-law, any Firewood bought or sold within the Town, and to give a certificate of such measurement; provided that he shall not be required to measure Firewood on the vehicle containing the same at any place except at the Wood Market.

4th. The cord of Wood shall be, as established by law, one hundred and twenty-eight cubic feet, consisting of sticks or pieces of not less than four feet in length, to be measured from point to scarp, and shall be piled together as solidly as practicable; the Inspector shall make a proper and proportionate reduction when the wood is less than four feet long, or is in his opinion not properly piled.

5th. The fee or toll to be paid to the Inspector, shall be for standing on the Market, and including the measurement,

For each load of half a cord or less,..... 3 cents.

For each load over half a cord,..... 5 cents.

to be paid by the seller before removing from the market. And the fee for measurement at any other place than on the said Market, shall be:

For any quantity less than two cords, .....10 cents.

And two cords or over,..... 5 cents.

per cord, and the Inspector is authorized to receive and retain such fees as a remuneration for his services, and for the rent of the market grounds, returning, however, to the Council, quarterly statements of the fees received by him.

6th. From and after the time of this By-law going into effect, it shall not be lawful for any person or persons to expose or offer for sale any load or loads of Firewood on any of the public streets or places of the Town within four hundred yards of the Wood Market, except at the said Wood Market, or to cause or allow any Firewood intended for sale to remain standing on any public street or place except at the said Wood Market.

7. Penalty: not less than fifty cents, nor more than \$4; in default, not more than three days in jail.

BY-LAW NO. 107.

1st. Repeals all By-laws having reference to the Market except By-law No. 101.

2nd. Establishes the Market (except for Wood) on lot No. 21, on the west side of Pinnacle street.

3rd. Every day in the year shall be a market day, except Sundays and Christmas day, Good Friday, or any day set apart as a holiday by proclamation.

4th. That the market shall be opened at sunrise, and closed at sunset, except the butcher's market, which shall be opened at sunrise and closed at noon on all market days except Saturdays, on which days the butcher's market shall remain open until nine o'clock, P.M.

5th. That a Clerk of the market shall be appointed, (and Daniel Ackerill is hereby appointed Clerk) to serve during the pleasure of the Council, whose duty it shall be, under the control and superintendence of the Market Committee appointed by the Council, to have the care and superintendence of the market and market place, and it shall be his duty to execute and enforce all regulations, orders and By-laws, for the government of the same respectively, and all orders of the said Committee not inconsistent with or repugnant to the said regulations, orders or By-laws, and the Market Clerk may, by the advice and with the consent of the said Market Committee, engage the services of an assistant at such wages as may be agreed upon, and such assistant shall have and exercise all the powers, and assist in the performance of all the duties of Market Clerk, under the directions and subject to the control of the Market Clerk, and also subject to dismissal at any time by the Market Clerk or by the Market Committee; and the word Clerk, or Market Clerk, wherever the same shall occur in any of the following clauses, shall be construed and taken to mean, the Market Clerk, the assistant Market Clerk, and any person temporarily employed to perform the duties of Market Clerk.

6th. That it shall be the duty of the Market Clerk to open and close the said market at the hours appointed, and to attend at the

market constantly during market hours, unless prevented by sickness or unavoidable accident, in which case the Market Committee may appoint a person to discharge the duties of said Clerk.

7th. That it shall not be lawful for the said Clerk of the market to trade directly or indirectly, or have any direct or indirect interest in the sales or profits of any articles or animals, which shall be brought to or exposed for sale in the said market, or to purchase any such for or on behalf of others.

8th. That no person shall buy, sell or offer for sale, any meat, game, fish, poultry, eggs, butter, cheese, grain, hay, vegetables, or fruit, exposed for sale, or marketed in the open air within the Town of Belleville, at any place excepting at the public market place, except as may be hereinafter provided; and no person shall forestall any grain or hay, or forestall or monopolize any meat, game, fish, poultry, eggs, butter, cheese, vegetables, or fruit brought to the said market; nor shall any of the before mentioned articles be inspected, bought, bargained for, sold or offered for sale by any person until the seller has taken up his place on the market, or has obtained a ticket from the Clerk of the market, as provided for by the 24th section of this By-law; provided always that at any hour of the day, any pork in carcase, and after the hour of eleven o'clock in the forenoon in the months of January, February, March, April, September, October, November, and December, and after the hour of ten o'clock in the forenoon, in the months of May, June, July, and August, any butter, and after the hour of twelve o'clock noon, any meat in carcase, or by the quarter, and any game, fish, poultry, eggs, cheese grain, hay, vegetables, or fruit, that have been brought to the market, the market fees thereon, or on the vehicle containing the same, paid, and a ticket obtained therefor, may be bought or sold by any person in any part of the Town; and provided further, that before the hour of eleven o'clock in the forenoon in the months of January, February, March, April, September, October, November, and December, and before the hour of ten o'clock in the forenoon, in the months of May June, July, and August, no person shall regrate or buy for the purpose of selling again, or for export, any meat, game, fish, poultry, eggs, butter, cheese, vegetables or fruit so brought to the market. [By-law No. III. provides that the following shall read as a part of the eighth clause, viz., "That no butcher or other person shall fling or throw at, or in the direction of, any other butcher or other person in or about the market, or on any street adjacent thereto, any meat, offal, bone, or any missile or thing whatever, in sport or otherwise," subject to the penalties imposed by By-law No. 107.]

9th. That no person or persons but butchers shall sell any meat in less quantity than by the quarter, and butchers shall not expose any meat for sale at any other place than in the market stalls.

10th. That all stalls in the market shall be numbered in the manner determined by the Market Committee.

11th. That each butcher shall have his name painted in full on a board of uniform breadth, and placed over his stall.

12th. That the butchers' stalls in the market shall be let annually on the third Monday of December by public auction, to the highest responsible bidder, above any upset price to be affixed by the Market Committee previous to such sale; possession to be given on the first day of January following; and the person or persons leasing the said stalls shall pay the rent thereof in equal weekly payments, which shall be payable to the Market Clerk weekly in advance, and immediately after the stalls have been awarded, each of the parties to whom they have been awarded shall, before entering into possession, enter into bonds to the Corporation, themselves in the sum of \$100 each, and each with two sufficient sureties in the sum of \$50 each, which bonds shall be conditioned for the due payment of rent, and compliance on the part of such Lessee, with all By-laws, Rules or Regulations established, or that may be established for the government of the market, and that the stalls shall not be sublet to, nor occupied by any other person without the written consent of the Chairman of the Market Committee; provided always, that the Market Committee shall have the power of letting the stalls privately, if by so doing justice be done and the interest of the Town subserved.

13th. That no butcher shall sell or expose for sale in his stall, or allow to be sold or exposed in the same, any other article than meat and poultry; and it shall be the duty of each butcher to keep his stall in a clean and sweet state; and no butcher or other person shall allow hides, skins, or any offal to remain in or about the market after market hours; and no butcher or other person shall bleed any animal, in or on the market, or on any street adjacent thereto; and no butcher or other person shall harbor or keep any dog in or about the market

By-law No. 138 substitutes the following for clause 14 of By-law No. 107. That all butcher's meat that shall and may be offered for sale or disposed of in the market, or on the market grounds, by any other than a lessee or occupant of a butcher's stall in the market, shall be subject to the following charges in addition to the charges on the waggon, sleigh or vehicle in which the same may be brought, namely:

For every quarter of Beef, .....	10 cents.
For every quarter of Veal, Mutton or Lamb, .....	3 "
And for every carcase, or part of a carcase not less than a quarter of Pork not exceeding 100 lbs. in weight, .....	3 "
The same, exceeding 100 lbs. in weight, .....	5 "

Provided always, that such additional charges may be remitted to any farmer or other person offering for sale any of the above enumerated articles, who shall prove to the satisfaction of the market clerk, that the said articles have been actually raised or produced by such person on his or her place or farm, or shall have been the property, or in the actual possession of such person, for a period not less than six months preceding the day of such offering for sale.

15th. That every person bringing any of the aforesaid articles or any live animals to market for sale, shall pay the Clerk of the market before offering the same for sale, the following fees for the use of the Town :

If in a waggon, cart, sleigh, or other vehicle, drawn by one or more draught animals,.....	5 cents.
If in a hand cart,.....	2 "
If on a horse, in a wheelbarrow, or by hand,.....	1 "
For every horse, mare, or gelding, brought for sale,...	5 "
For every head of cattle, brought for sale,.....	2 "
For every sheep, calf, or pig, if not in a waggon or other vehicle,.....	1 "

Parties bringing provisions for sale or otherwise, must take as many feet frontage as may be requisite for the sale of such provisions, and pay for the same two cents per foot frontage per day. For permission to occupy a permanent stand in addition to other charges, per quarter, one dollar and a half. And that all parties getting articles weighed or measured by the Market Clerk, shall pay for such weighing or measuring the following charges :

For weighing every draught on hay scales,.....	20 cents.
For weighing every draught on market scales, under 100 lbs., .....	1 "
For weighing every draught on market scales, from 100 to 200 lbs., .....	2 "
For every additional 100 lbs.,.....	$\frac{1}{2}$ "

Provided that no charge shall be made for weighing the vehicle in which hay, straw, or any other article has been weighed on the hay scales, and the 20 cents to include all market fees. Any person neglecting or refusing to pay the aforesaid fees shall be subject to the penalties hereinafter mentioned.

16th. That no person shall bring to market, or expose or offer for sale in any part of the Town, any tainted or unwholesome meat, poultry, fish, or other articles of food.

17th. That no person shall sell hay within the Town weighed at any other place than at the Town hay scales, nor shall offer with such hay any Weight Ticket or Certificate, signed or purported to be signed by any other person than the Market Clerk.

18th. That the said Clerk shall deliver to every person having a load of hay or other articles weighed by him on the hay scales, a certificate of the weight.

19th That the Clerk shall cause the passages and halls in and around the Town Hall and Market House, to be swept daily, and shall level the snow around the Market House in winter.

20th. It shall be the duty of the Clerk of the market to keep open the Weigh House on every market day during market hours, and the scales, weights and measures, and everything connected with the said Weigh House, shall be maintained in a clean and orderly manner, and the Clerk shall weigh or measure the different articles that are sold or disposed of in the market, whenever he shall be thereunto required by the parties interested therein, or either of them.

21st. That all waggons or other vehicles shall be placed in such place and order on the market grounds, as the Clerk of the Market shall direct, and he shall have power to enforce the removal of every waggon or vehicle from the market grounds, as soon as the produce contained therein shall have been sold.

22nd. That the Clerk shall attend to the scales for weighing hay, on every market day, during market hours.

23rd. That the Clerk of the Market shall keep a book containing duplicates of the weights of the several loads of hay or other articles weighed on the Hay Scales by him, which book shall at all times be open for inspection by all parties interested in the weight of any such load or draught; and before any certificate is granted, the fees must be paid thereon.

24th. That the Clerk of the Market shall give every person getting a draught weighed on the hay scales, or bringing grain or other articles or animals to market, upon the fee being paid thereon, a ticket marked with the day of the month, the article or articles weighed or to be sold, and the name of the Clerk, which the seller shall show to every person purchasing from him when required so to do.

25th. That no person shall have or use on the public market place, any fraudulent or unstamped scale, beam, balance, weight and measure, nor shall any person sell or offer for sale, any article or thing, as of or for a greater weight or measure than the same may actually be; and any purchasers who shall suspect any fraudulent dealing, or deem themselves wronged in the weight or measurement of any articles bought by them in the market, may demand to have such articles measured or weighed by the Market Clerk; and in case the articles so measured or weighed be found correct, the purchaser shall pay the charges of re-measuring, or re-weighing; but if otherwise, such charges shall be paid by the seller, besides the penalty imposed.

26th. That no person having scales and weights for their own use in the market, shall weigh or suffer to be weighed with such scales and weights any article whatever for other individuals.

27th. Assistant Clerk to pay to Market Clerk all moneys as received; Market Clerk to pay all moneys received by him to Treasurer, on the first day of each week.

28th. That it shall be the duty of all constables and officers in the employment of the Town, to see this By-law duly enforced, and to prosecute to conviction before the proper authorities all persons offending against the same, and it is hereby made the duty of the Market Clerk (or any other person having authority from the Town Council), daily to inspect the meat offered for sale in the market, and to cause to be seized, removed, or destroyed, everything that is spoiled, tainted, or unfit for use.

29th. Penalty: not less than \$1, nor more than \$20; in default, not less than 2 days in jail, nor more than 20 days.

#### BY-LAW NO. 118.

Enacts, "That it shall and may be lawful, anything in the aforesaid By-law No 107 to the contrary notwithstanding, for any lessee of any of the butchers' stalls in the market, who shall be in arrears for rent of the stall occupied by him, whose stall shall be kept during market hours, and who shall have on hand a stock of meat more than sufficient for supplying such stall, to sell such meats in quantities not less than a quarter, from a waggon or other vehicle occupying such place on the market square, as the Market Clerk may from time to time direct, and on the payment of the same toll on such vehicle as would be payable by a farmer bringing meat, the produce of his own farm, to market."

#### BILLIARD TABLES.

##### BY-LAW NO. 119.

Billiard Tables may be licensed \$40 per annum for one table, and \$10 per annum for each additional table so kept by the same proprietor in the same premises.

#### TAVERN AND SHOP KEEPERS.

##### BY-LAW NO. 126.

1. No Liquor or Beer to be sold in the Town without a license first having been obtained.
2. Two Inspectors of Taverns and Shops to be appointed by the Council as soon as may be after the third Monday in January, who shall receive, in addition to their fees, ten dollars a year each.
3. All applications for licenses, shall be accompanied by a petition signed by at least thirty Municipal Electors of the Town,

stating that the applicant is a loyal subject and of good moral character, which is to be read in open Council. Then it may be referred to the Inspectors, who shall, after \$40 have been deposited by the applicant, with the Treasurer, proceed to examine the premises of such applicant, and if he has the requisite accommodation, grant him a certificate, provided the number allowed by By-law, has not already been given.

4. Inspectors, from time to time, to examine all licensed premises, and diligently enquire into any violation of the law, and report the same to the Mayor, or take such steps to prevent such violation of the law, as they see fit.

5. Shop and Tavern Licenses to be in force from the first day of May in every year, until the last day of February in the following year, unless forfeited.

6. No Shop License to be granted unless a proper store is provided, and a stock of \$500 kept on hand, which must be certified to by the Inspectors. No license, or certificate for license, to be issued by the Treasurer, until bonds have been entered into for the due observance of the provisions of the By-laws of the Town; applicant in a sum of \$200, and two securities of \$100 each.

7. \$40, in addition to the \$10 paid to the Revenue Inspector, to be paid to the Town Treasurer for every Tavern License; and \$1 to the Treasurer for blanks; \$1.50 to the Clerk of the Council, on the bonds being entered into.

8. Shop Licenses to be \$30; and \$2.50 to be applied as in section 7.

9. No Shop License to be transferred, without the permission of the Inspectors.

10. Inspectors may endorse on the license permission to sell liquor other than in his own house, upon his getting permission so to do, from the Mayor, or in his absence the police Magistrates.

11. Tavern keepers may remove from one house to another, after having first obtained permission from the Council, when the Inspector may endorse such removal upon his license.

12. No Inspector to grant a certificate for a license unless the applicant has at least four good furnished bed rooms, in addition to those required by his own family, two good travellers' rooms, in addition to the bar-room, and sheds and stabling for at least three spans of horses.

13. No minor to be allowed to frequent public house nor gambling, nor any kind of riotous or disorderly conduct upon the premises.

14. Tavern keeper not to allow persons to become intoxicated, or permit any minor to frequent his premises; nor suffer any gambling or any riotous or disorderly conduct, upon his premises.

15. Shop keepers not to sell liquor in less quantities than a quart; except in case of illness, when any quantity can be sold upon the production of a Doctor's certificate.

16. Shop keepers not to permit any liquor, which they may sell, to be drunk upon the premises.

17. Shop and Tavern Licenses may be granted for six and for three months, at the following rates: Tavern License for six months, thirty dollars; for three months, twenty dollars: Shop Licenses for six months, \$22 <sup>00</sup>/<sub>100</sub>; and for three months, fifteen dollars. Any license issued within six months after the first day of March, shall be for one year; those issued after six months, and not exceeding three months, shall be for six months; all licenses to expire on the last day of February.

18. The number of houses to be limited to the number allowed by statute; three may be saloons.

19. Shops to close at 9 P. M.; Tavern at 11 o'clock, P. M. No liquor to be sold after these hours.

20. Inspectors to remain in office until their successors are appointed.

21. Penalty for the infraction of any of the provisions of this By-law, not to exceed twenty dollars; in default imprisonment in common jail, not to exceed twenty days.

22. Repeals all other By-laws having reference to the sale of liquor.

### BREAD, ITS WEIGHT, &c.

#### BY-LAW NO. 134.

1. Loaf of Bread shall weigh 4 lbs., and a half-loaf 2 lbs. avoirdupois weight.

2. Any Bread offered or exposed for sale, which shall be found deficient in weight, is subject to seizure, and forfeiture to the Corporation, to be disposed of as that body thinks fit.

3. All Bread seized to be immediately taken to the Police office, and publicly weighed, and if the deficiency be found to be trifling or less in proportion of one ounce to 4 lbs., on each loaf or half-loaf, and the Magistrate is satisfied that such trifling deficiency is the result of accident and not of design, he may remit such forfeiture; and provided further, that if the owner or vendor of the said Bread shall prove that it had been baked or drawn from the oven twenty-four hours previous to the time of its being seized, or shall satisfy the said Magistrate that such Bread is of the description known as Cottage, French or other Bread, which by reason of its being baked separately and more thoroughly than the ordinary

loaf of bread, and from no other cause is deficient in weight, such forfeiture shall not be enforced.

4. No Bread that has been forfeited owing to light weight to be offered for sale, subject to penalty.

5. Chief of Police, or Chief Constable to make seizures, at any time when they may discover light Bread.

6. The Inspector of Weights and Measures, when required by the sitting Magistrate, shall attend at the Police office, with the stamped weights and scales, to weigh any seized Bread without fee or charge for the same.

7. Any person obstructing any officer in the performance of his duty, subjects himself to a fine not exceeding \$8 ; in default imprisonment not exceeding twenty days.

### HAWKERS, PEDLARS, AND PETTY CHAPMEN.

#### BY-LAW NO. 135.

1. No person who has not become a householder or permanent resident of Belleville, allowed to exercise the trade or calling of a Hawker, Pedlar, or Petty Chapman, in any way, until he has first obtained a license.

2. All licenses to be signed by the Mayor and countersigned by the Treasurer upon payment of \$10 by the applicant. License to be in force for a period not exceeding thirty days.

3. No person, though he may have a license, is permitted to offer his wares in any part of the Town in such manner as to bring a crowd of persons together, so that they would obstruct or interfere with persons passing or driving along or across any street, bridge, or sidewalk.

4. Penalty for infringing the provisions of this By-law not to exceed \$20. In default, imprisonment not exceeding twenty days.

### PUBLIC FAIR, OR MART.

#### BY-LAW NO. 112.

1. The second Tuesdays in the months of March, June, September, and December, are declared to be days upon which Public Fairs shall be held, and "that no market fees or sums of any kind, except for weighing, shall be imposed or collected on any marketable article or animal brought to or exposed for sale on the public market-place or grounds," and that the "Public market-place or grounds for said days shall be the place or ground which may be

marked or set out by the proper authority from time to time as the site of the said public Mart or Fair, instead of the present market for the said days."

2. Not to apply to the sale of meat by Butchers.

### AUCTIONEERS.

#### BY-LAW NO. 117.

1. Auctioneers selling without a license, subject to fine.
2. Auctioneers incumbering the street or highway with their wares, subject to the penaltics imposed by the By-law.
3. Licenses may be issued quarterly, half-yearly, or yearly.
4. Treasurer of the Town to issue license, on the payment of \$40 for a yearly license; \$30 for a half-yearly license; \$20 for a quarterly license, together with a fee of \$1.
5. Treasurer to place all moneys received for licenses to the credit of the General Revenue of the Town, and lay a quarterly statement of all licenses issued, and notify the Town Constables immediately on the expiration of each license.
6. No license to be transferable, or to confer any power upon the clerk, agent, partner, or deputy of the licensee, to act in the place or stead of such licensed auctioneer.
7. Sheriff's sales, or sales under landlord's warrant, not affected by this By-law.
8. Penalty for contravening this By-law, not less than \$2 nor more than \$20; in default, not less than five nor more than twenty days in jail.
9. All fines to be paid to the Treasurer of the Town.

“*The Intelligencer*”

IS PUBLISHED

EVERY FRIDAY MORNING,

Office : *Intelligencer Buildings*,

FRONT STREET,

BELLEVILLE, C. W.

---

**M. BOWELL, Publisher and Proprietor.**

---

Terms: TWO DOLLARS A YEAR IN ADVANCE.

---

The *Intelligencer* Office has within the last two years been renewed with every variety and style of type, and having large and small Machine Presses, all kinds of Plain and Fancy Printing can be executed as neatly, cheaply, and expeditiously as at any office in Canada.

The *Intelligencer* has the largest circulation of any paper in the County, and is probably not exceeded by any paper out of the Cities; it therefore presents a valuable advertising medium.

## MRS. JAMES'

### PHOTOGRAPHIC GALLERY,

FRONT STREET, - - - BELLEVILLE.

MRS. JAMES respectfully announces that she has every facility for carrying on the Photographic business in all its branches. Her Rooms are provided with excellent light, and the apparatus used is of the latest and most improved styles. Her Ambrotypes stand unrivalled, and her Photographs, Cartes de Visite, and Vignettes, are equal to any on the Continent of America. The Governor General, when visiting the Fair at Belleville, called the attention of his friends to her Photographs, and said they were the best he had ever seen in the Province. Large Photographs taken at New York prices.

**LIFE ASSURANCE.**  
*Scottish Provincial Assurance Company,*  
ESTABLISHED 1825.  
INCORPORATED BY ACT OF PARLIAMENT.  
CAPITAL ONE MILLION STERLING.  
INVESTED IN CANADA, \$500,000  
CANADA HEAD OFFICE, MONTREAL.  
All Business transactions concluded in Canada, without reference to Head Office in Scotland.

**REDUCED RATES FOR ASSURANCE.**  
The following Table of Premiums has been framed, so as to reduce the cost of Life Assurance to the lowest point. It will be observed the Rates payable for the first Five Years are not much more than half the usual charge, while, for the remainder of life, they are still moderate.  
To Assure £100 sterling, payable at Death, with Profits after first five years:

AGE.	FIRST FIVE YEARS.			REMAINDER OF LIFE.		
	£	s.	d.	£	s.	d.
20	0	18	11	2	0	11
25	1	1	9	2	7	2
30	1	5	2	2	14	7
35	1	9	2	3	3	1
40	1	14	5	3	18	30
45	2	0	6	4	4	3
50	2	9	8	5	1	4

**J. M. WALKER & CO.,**

Having leased the extensive premises lately occupied by Messrs. R. & R. S. Patterson, beg to inform the public that they continue to carry on the same business in all its branches. The firm being composed of practical men of large experience who have been in the employ of the Messrs. Patterson for several years, they can safely say that the work turned out of their establishment will not be surpassed in Canada.

They manufacture and keep on hand a large assortment of Agricultural Implements, among which are

**THRESHING MACHINES.**

Reapers and Mowers, Cultivators, Ploughs of various patterns and made of the best Steel, Harrows, Horse Hoes, Straw Cutters, Stamp Machines, Fanning Mills, Rollers, Grain Crushers, Seed Drills, Water Wheels, of various patterns, &c.

Particular attention paid to

**MILL WORK, IRON WORK, AND MACHINERY**

of every description. Having the most improved Machinery, and possessing every facility. Mill owners and others desiring any work can have it done at the Belleville Agricultural Works, as good and as cheap as at any establishment in Canada.

**Iron and Brass Castings of all kinds**

made to order and kept on hand.

**PLOUGH POINTS**

Manufactured from the best material, and furnished to suit any kind of Ploughs,

**PATTERNS.**—Our Patterns are all new and of the latest and most improved styles.

**STOVES,**

Cooking and Box Stoves of the most improved patterns.

**REPAIRING AND JOBBING**

Promptly done, and every effort will be made to give satisfaction.

Old Iron and all kinds of Country Produce taken in exchange, and the highest price allowed.

## BRIDGEWATER.

---

This village is situated in the Township of Elzevir, about four miles from the village of Tweed, and twenty-eight miles distant from Belleville. It is pleasantly situated on the Scootamata River, a deep, narrow stream, one of the tributaries of the Moira, and which at this place, furnishes one of the most valuable water power privileges in the County. Nine years ago, Bridgewater was comparatively a wilderness; now it numbers about 300 inhabitants. It is chiefly the property of the Hon. Billa Flint, under whose encouraging hand it has sprung into existence and prospered. This gentleman has erected here the largest flouring mill in the County, and surpassed by few in Canada. It has five run of stone; and connected with it are oat and barley mills, all having the latest and most improved description of machinery. He has also a large saw mill, and on the same privileges several factories have been erected within the last two or three years, among which are the following: a large foundry, carried on by Mr. W. Garrett; an extensive cabinet and chair factory, owned by Mr. Flint; a scythe and edge tool factory, carried on by Mr. J. W. Robinson. The scythe factory has all the machinery necessary for the manufacture of scythe and other tools. Mr. Robinson has taken several prizes at the Provincial Exhibition for some of his work. There is also a tannery carried on by Mr. James Empey, which manufactures all kinds of upper and harness leather; and a woollen factory carried on by Mr. G. A. Phillips, which does a very successful business. During the last four years, a number of new buildings have been erected, among which is a new school-house, built entirely of marble, and well supplied with maps, globes, &c. A new Wesleyan Church is now in process of construction, which is to be of white marble, and will cost about \$4000. One is surprised to see in such a new country, and so far in the interior, so many substantial and costly buildings, some of which would be

considered an ornament to large cities. The public buildings, in their style and architecture, evince remarkably good taste, and the neat cottages, with their well-cultivated gardens, pleasant lawns and gravelled walks, strike the stranger as evidences of thrift and prosperity. Within the limits of the village, very extensive quarries of white marble exist, and in the immediate vicinity, marble, iron ore, lead and other minerals abound. The Township Hall, a fine building, is located here.

The Wesleyan Methodists, Episcopal Methodists and Bible Christians, each have service in the village, the Wesleyan Methodists on the Sabbath both at 11 o'clock A.M., and 6 P.M. They have a Sabbath school at 3 o'clock, with an average attendance of 40.

Bridgewater is supplied with an excellent village Library, comprising over 100 volumes.

and careful Hostlers in attendance.

## CANNIFTON.

---

The village of Cannifton is situated on the river Moira, in the Township of Thurlow, about three miles from Belleville. It was first settled by the late John Canniff, Esq., from whom the place took its name. It possesses several excellent water-power privileges, on which are erected numerous factories, mills, &c. Within the last year or two there has been a marked improvement in the village. Several new buildings have been erected, additions have been made to some of the factories; and in other respects, there are evidences of progress. Among the mills and factories, is the woollen factory belonging to Mr. Alexander Sutherland. It has three carding machines, one fulling machine, four looms, a spinning jenny, and all the machinery essential in the manufacture of tweeds, satinets, &c. Its capacity is 100 yards per day of 12 hours. There are two tanneries, owned respectively by Mr. D. Mullett, and Messrs. J. & F. Brenton. Each employs from six to eight men, and their capacity is 5,000 sides or pieces of leather each annually. An extensive saw mill, which is owned by Mr. A. Sutherland, cuts from 25,000 to 30,000 feet of lumber daily. In addition to single upright and circular saws, it has a gang of 26 saws. There is another saw mill owned by Mr. Jonas Canniff, jun., and leased by Mr. Benninger, which manufactures from 12,000 to 15,000 feet of lumber every 24 hours. There are two flouring mills, one owned by Mr. Jonas Canniff, jun., which has two run of stone, and is capable of turning out about fifty barrels of flour daily; the other, which is owned by Mr. A. Sutherland and leased by Mr. Wm. Lingham, has three run of stone, and manufactures from 60 to 70 barrels of flour every 24 hours. There are some other factories of less importance, one or two small stores, groceries, cooperages, a pottery, carriage, and blacksmith shops, &c. It has one church, built of stone, and belongs to the Episcopal Methodist denomination, Rev. James Gardiner, pastor. The Church of

England holds service in the same building once in two weeks. The Wesleyan Methodists have service in the court room every sabbath afternoon at three o'clock. The education of the youth is well cared for, there being two school-houses, both first class brick buildings, and well supplied with maps, globes, &c.

Cannifton possesses remarkably good facilities for manufacturing purposes, and whatever progress it may make hereafter will be dependent upon the prosperity of its manufactures. Population about 700.

Allingham, Hugh, cooper.

Wartman, D. G., pumpmaker.  
White, Mrs. Charles, widow.  
Willson, Alexander, reeve, Thurlow.  
Wright, Anson, dulcimer pianoforte maker.

## ELZEVIR.

---

The Township of Elzevir, although comparatively new, is one of the most flourishing in the North Riding of the County. It is bounded on the north by Grimsthorpe, on the east by Kaladar, on the south by Hungerford, and on the west by Madoc. Elzevir has been a good lumbering district, and its timber resources are by no means exhausted. The river Scootamatta, in the eastern part of the township, Black Creek, in the western extremity, and the Little Scoot, more in the centre, tributaries of the Moira, furnish ample facilities for bringing the lumber to market. These streams have excellent water-power privileges, and at different points, mills and factories have been erected. Villages have also sprung up as if by magic, the most important of which is Bridgewater,—a description of which will be found in connection with the alphabetical list of names for the village. Queensboro' is a small village, in the western extremity, situated on Black Creek. Mr. Daniel Thompson, the principal proprietor, has a large saw mill and a flouring mill at this point. The soil of the township is varied; in some parts fertile and productive, and in others rocky and mountainous. This township abounds in various kinds of minerals. Iron ore of a good quality has been found near the village of Bridgewater, and explorations indicate extensive quantities. Copper and lead have also been found, chiefly on the surface, and mica has been found in large quantities. The best of white marble, pronounced to be as good as the Vermont marble, is found in great abundance in different parts of the township. The population of Elzevir is about 1600. According to the census returns of 1860-61, the number of occupiers of land was 137; number of acres under cultivation, 3,286; in woods and wild lands, 12,008 acres; cash value of farms, \$71,515; cash value of farming implements, 5,441. There was raised during that year, 680 bushels fall wheat, 4,586 bushels spring wheat, 946 bushels barley, 1,061 bushels rye,

5,035 bushels peas, 12,178 bushels oats, 1,265 bushels buckwheat, 520 bushels corn, 17,483 bushels potatoes, 6,334 bushels turnips and carrots. Of maple sugar, there was made, 13,684 lbs.; of wool raised, 1,105 lbs.; butter, 16,163 lbs. There were 170 oxen, 555 cows, 184 horses, 398 sheep, 577 pigs. The Town Hall is located at Bridgewater. Religious services are held at Bridgewater, Queensboro', and at other points in the township, by the Wesleyan and Episcopal Methodists, and the Bible Christians.

*Township Council, 1864.*—Hon. Billa Flint, Reeve; Job Lingham, Robert Barry, John G. Rhodes, and Wm. Bleecker.

*Township Officers.*—James Mairs, Clerk, G.W. Wood, Treasurer; Michael Langley, Collector.

*Division Court Clerk.*—James Mairs. Post Office address, Bridgewater.

*Bailiff.*—Richard Marshall.

## FRANKFORD.

The village of Frankford is situated on the river Trent, in the Township of Sidney, and is distant from Belleville fourteen miles, Trenton seven miles, and Stirling seven miles. Population about 600. It has a number of mills and factories, which are supplied with water from Cole Creek, which at this point empties into the river Trent. The flouring mill is owned by Messrs. Gilbert & Rowe, and is supplied with excellent machinery. There are two saw mills owned by the Messrs. Roblin; an extensive woollen factory, owned by Mr. John S. Huffman; a foundry, owned by Mr. Roblin; a tannery, by Mr. Ostrom. It has a distillery carried on by Messrs. Turley & Jordan; a pump factory, carriage shops, cabinet and cooper shops, blacksmiths, and two or three first-class country stores. The village can boast of having one of the finest school-houses in the county. It is a substantial stone building, 34 x 54 feet. There are three very handsome churches, with spires—two of brick and one of stone—belonging respectively to the Wesleyan Methodists, Episcopal Methodists, and the Roman Catholics. Scarcely any progress has taken place in the village during the past four years, and the population remains about the same as at that period.

*Wesleyan Methodist Church.*—Rev. Robert Fowler, Pastor. Hours of service—ten A.M., and six P.M.

*Episcopal Methodist Church.*—Rev. C. Newson, Pastor. Hours of service—ten and a half A.M., and six and a half P.M.

*Roman Catholic Church.*—Rev. Mr. Brettargh, of Trenton, Pastor. Service every third Sabbath.

Wright, Thomas, carpenter, Scott street.  
Young, Amos, miller, Mill street.

## HUNGERFORD.

---

This township is bounded on the north by Elzevir and Madoc; on the south by Tyendinaga; on the east by Sheffield, in the County of Lennox; and on the west by Huntingdon. It has the largest area of any of the townships, containing 546 lots, in farms of 200 acres each, equal to 109,200 acres, a very large portion of which is well adapted for the purpose of raising grain. The township is well watered: lakes, rivers, and rivulets abound in every direction. The Moira river runs through the township, and affords at different points valuable water-power privileges. It contains several rising villages: Tweed and Thomasburg are the most promising. Descriptions of these places will be found in connection with the list of names for these villages. In the eastern portion of the township there is a fine tract of land, owned by A. L. Bogart, Esq., of Belleville, who has, within the last few years, converted the wilderness into fruitful and well-cultivated fields, and built up a flourishing settlement. Adjoining Tweed is the village of Georgetown, situated on Stoco Lake. It is chiefly the property of Felix Gabourie, Esq. Here is located the Town Hall of Hungerford, a large and substantial frame building. The growth of this township in population and wealth has been most rapid. The soil is very productive; and in travelling through the township, you see every where evidences of industry and good farming; you will see as substantial farm-houses, commodious barns, well cultivated fields, and well stocked farms, as in the front townships. In 1839 the population of Hungerford was 646; in 1860-61, according to the census returns, the number of inhabitants was 4,354. The number of occupiers of land was 539; number of acres under cultivation, 23,067; in wood and wild lands, 33,052; cash value of farms, \$439,949; cash value of farming implements, \$34,991; number of bushels of fall wheat, 4,876; of spring wheat, 38,241; barley, 4,835; rye, 14,699; peas, 39,698; oats, 53,267;

buckwheat, 5,671 ; corn, 2,617 ; potatoes, 55,016 ; turnips, carrots, and mangel wurzel, 21,807. There were 48,248 lbs. of maple sugar made ; 11,233 lbs. of wool ; butter, 91,630 lbs. ; cheese, 5,494 lbs. In 1839 there were 91 oxen and bulls ; in 1860-61 there were 625. In 1839 there were 129 cows ; in 1860-61 there were 3,579. In 1839 there were 49 horses ; in 1860-61 there were 1,085 ; sheep, 4,029 ; pigs, 2,438. Total value of live stock, \$123,058.

*Township Council, 1864.*—Felix Gabourie, Reeve ; George Stokes, Deputy Reeve ; John Newton, Thomas Mullroney, and John Allen.

*Township Officers.*—George Howell, Clerk ; Joseph Elliott, Treasurer ; John Carleton, Collector.

*Fourth Division Court.*—Robert McCamon, Clerk ; Post office address, Stoco.

*Post Offices.*—Tweed, Richard Marshall, Postmaster ; Thomasburg, W. W. Jones, Postmaster ; Bogarts, 10th concession, lot 20, James McIntosh, Postmaster ; Moneymore, 2nd concession, lot 12, John Harrigan, Postmaster ; Marlbank, 2nd concession, lot 35, W. G. Allen, Postmaster ; Stoco, 10th concession, lot 25, Francis Murphy, Postmaster.

*Church of England.*—There are two churches : one at the village of Tweed, and one at the village of Thomasburg. Rev. Wm. Fleming, Missionary.

*Wesleyan Methodists.*—There are three churches : one in the village of Tweed, one at the village of Thomasburg, and one in the 7th concession. Revs. George Carr, and John W. Wicher, Ministers.

*Bible Christian Church.*—A church at the village of Tweed. Rev. J. Whitlock, Minister.

*Roman Catholic Church.*—A church on Sugar Island. Rev. E. P. Lalor, Priest.

## HUNTINGDON.

---

The Township of Huntingdon is bounded on the north by Madoc, on the south by Thurlow, on the east by Hungerford, and on the west by Rawdon. It is situated in the North Riding of the county, and is one of the most populous and flourishing in that section. The soil is generally fertile, and in most parts of the township, in a good state of cultivation. Within the last few years considerable progress has been made in building. Substantial brick and stone houses have taken the place of log and frame,—and commodious barns and sheds have replaced those no longer large enough to contain the increased produce of the land. The Town Hall, a substantial stone building, is situated in the second concession, on lot 11, at a village called Moira. In 1839 the population of Huntingdon was only 690; in 1850 it was 2,548; according to the census returns of 1860-61, it was 2,917. The occupiers of land numbered, according to the same returns, 386; number of acres under cultivation, 19,491; in woods and wild lands, 19,166; cash value of farms in dollars, \$436,865; cash value of farming implements, \$27,173. The number of bushels of fall wheat raised, was 2,682; of spring wheat, 29,190; barley, 8,932; rye, 20,115; peas, 36,422; oats, 49,500; buckwheat, 7,033; corn, 4,517; potatoes, 44,814; turnips, carrots and mangel wurzel, 17,318. Of maple sugar, there was made, 31,643 lbs.; of wool, there was raised, 8627. In 1839, there were 100 oxen; in 1860-61, there were 318; in 1839, there were 185 cows; in 1860-61, 2,205; in 1839, there were 78 horses; in 1860-61, 850; 2,773 sheep, 1307 pigs. Total value of live stock, \$75,272. Of butter, there was made, 61,341 lbs.; cheese, 1,618 lbs.

*Township Council, 1864.*—Thomas Emo, Reeve; Peter Moon, Deputy Reeve; John Foster, John Ashley and James Findlay.

## LAKE.

This is the first of the tier of townships on the west of the Hastings road. For Municipal purposes it is partly connected with Marmora, and partly with Tudor. It was surveyed in 1827, but very little has been done towards its settlement. Copper and lead ores in large quantities have been found in different parts of this township.

Acker, John, yeoman, 4th concession, part lot 13.

Washburn, Daniel, yeoman, 1st concession, part lot 5.  
Washburn, Frederick, yeoman, 1st concession, part lot 6.

## LIMERICK.

---

This is the second township on the east side of the Hastings road. The southern portion of the township contains some excellent land. The free grants are all occupied, though generally of inferior quality as compared with those further north. There are two large lakes in Limerick, well supplied with salmon trout and other fish.

Burgher, James, yeoman, Hastings road, part lot 12.

## MADOC (VILLAGE).

---

The village of Madoc is situated on Deer Creek, in the centre east and west, and near the southern boundary of the Township of Madoc. It is distant north from the town of Belleville about 26 miles, to which place a fine gravel road runs. It is about midway between the east and west boundaries of the County, and nearly central in the North Riding. Roads extend on the south-east, twelve miles to the village of Tweed, in Hungerford; on the east, seven miles to Bridgewater, in Elzevir; north-east, nine miles to Queensboro', in Elzevir; north, ten miles to Bannockburn, in Madoc; west, eleven miles to Marmora village, in Marmora; south-west, to Stirling, sixteen miles in Rawdon. It is principally surrounded by an agricultural country, producing wheat, rye, barley, oats, pease, &c.; but it is also rich in minerals. Two miles to the north-west are large mines of iron ore, which have been successfully worked by U. Seymour, Esq., and others; but the carriage over the old mud road to market, was too much of a barrier, and the works were temporarily suspended. It is expected that steps will soon be taken to put them again into operation. Within half a mile of the village, is a splendid quarry of marble. The extent of these deposits is, as yet, comparatively unknown; though from the formation and the excavations which have taken place, there is no doubt of their existence in large quantities.

Since the first publication of the Directory, four years ago, probably there are few places in the County which have made such marked improvement as Madoc. Several new stores, a large grist mill, and a number of commodious and costly dwellings have been erected. Being surrounded by a fine agricultural country, and being the outlet of the Hastings road, it commands a steady and safe business. As that road is opening up, and the country is

settling with an industrious and enterprising population, business must increase, and the village become an important town.

The chief road of the County runs through the village, extending north of it over 80 miles, and about 100 miles north of Belleville. Thirty-eight miles of this, is a good gravel road, and the balance has been put in a most efficient state of repair by the Government.

The village made but slow progress for some years after the first cluster of houses took that name; but when the gravelled roads were opened from Belleville, and the country on the Hastings road began to be developed, a new life was infused into the place, and it has since made rapid progress. Within the last four years, about forty buildings have been erected, and a number more are in process of construction.

There are two flouring and grist mills; one nearly in the centre of the village, belonging to A. F. Wood, Esq. The building is of frame, three and a half storeys in height, and has two run of stones. The arrangements of the mill are of the most convenient kind, and the machinery of the most improved description. The mill is supplied with water by a tank leading from a dam about 150 feet up the stream. The capacity of the mill is from 70 to 80 barrels per day. In the southern part of the village is another flouring mill, owned by Mr. Charles Kirk. This mill was originally intended to be run by steam during the summer, when water was low; but it was deemed too expensive, and has been dispensed with. The mill has two run of stones, and is principally used for gristing purposes.

The village possesses four churches—Presbyterian, Wesleyan Methodist, Episcopal Methodist, and Roman Catholic. The material for a Church of England is now upon the ground, and it is expected shortly to be completed. There are two grist mills, one saw mill, six general stores, five grocery stores, one druggist, one stove and tin store, three hotels, one foundry, one planing mill, four carriage shops, five blacksmiths, one tannery, two harness shops, two cabinet shops, six shoe shops, two tailors' shops, three millinery shops, two coopers' shops, two butchers, a Daugerrean artist, a watchmaker, a brickmaker, a painter, baker, &c.

The Madoc *Mercury*, a well-conducted weekly paper, is published in this village, by Mr. A. Smallfield.

There is a fine brick school-house, in which a free school is kept, under the charge of a male and a female teacher. A daily mail leaves every morning for Belleville, and returns every evening. The population is about 900.

*Police Trustees.*—John Dale, D. C. Brown, Edward Mouncey.

*Wesleyan Methodist Church.*—Rev. Edward Harris and Rev. J. C. Howell, B.A., Pastors. Hour of service half-past six o'clock P.M. Sabbath-school with an average attendance of thirty.

*Episcopal Methodist Church.*—Rev. A. Campbell and Rev. Thos. Meyers, Pastors. Sabbath-school with an average attendance of thirty.

*Presbyterian Church.*—Rev. David Wishart, Pastor. Hour of service eleven o'clock A.M. Sabbath-school with an average attendance of sixty. Library contains 420 volumes.

*Church of England.*—Rev. A. Whitmarsh, Pastor. Major R. M. Norman and Mr. John Clough, Churchwardens. Hour of service half-past ten o'clock A.M. Sabbath-school with an average attendance of twenty.

*Roman Catholic Church.*—Rev. M. Lawlor, Priest. Hour of service half-past ten o'clock A.M.

*Township Library.*—The library contains about 300 volumes, of a miscellaneous character. Any resident of the township can obtain the loan of a book for two weeks, on payment of one cent. E. Mouncey, Librarian.

he can guarantee satisfaction. Call and examine.

## MADOC.

The Township of Madoc is situated in the North Riding of the County, and has made more rapid progress than any other municipality in the back country. It is bounded on the north by Tudor, on the east by Elzevir, on the south by Huntingdon, and on the west by Marmora. The principal village—Madoc—has gone ahead with remarkable rapidity, and bids fair soon to be a large and prosperous town. A description of the village will be found in connection with the alphabetical list of names. Ban-nockburn, situated in the 5th concession, lot 28, is a place of growing importance. It is the property of James Brown, Esq., of Belleville, and possesses capital sites for mills and factories. A flouring and two saw mills are in operation, and doing a successful business. The soil in most parts of the Township is excellent for agricultural purposes. One of the best evidences of this fact is the flourishing settlements, the comfortable farm-houses, the commodious barns and stables, the well-cultivated fields, which meet one at various points throughout the township. In addition to its being a good agricultural township, it abounds in mineral wealth. The iron ore of Madoc has been pronounced by the highest authority, not inferior to any in the world, but the mines have not yet been worked to any great extent. There are also lead mines and valuable quarries of marble and lithographic stone. About six miles back of the village of Madoc, a valuable mine of copper was discovered in the month of September, 1864. The specimens taken out are the purest yet found in the County, and the indications are that the mine is of very large extent. In 1839, the population of the township was 766; in 1860-61, according to the census returns, the number of inhabitants was 3,590; number of occupiers of land, 414; number of acres under cultivation, 16,842; in wood and wild lands, 22,575; cash value of farms, \$477,640; cash value of farming implements, \$28,674. There were raised 6,520 bushels of fall wheat; spring wheat, 50,314 bushels; barley, 1,517; rye, 2,305; peas, 35,750; oats, 61,746; buckwheat, 5,275; corn, 2,327; potatoes, 69,072; turnips, carrots and mangel wurzel, 15,461. Of maple sugar, there was made 53,455 lbs.; of wool, there was produced 7,982 lbs.; butter, 82,595 lbs.; cheese, 7,410 lbs. In 1839, there were 85 oxen and bulls; in 1860-61, there were 505; in 1839, there were 123 cows; in 1860-61, there were 2627; in 1839, there were 51 horses; in 1860-61, there were 852; sheep, 2,722; pigs, 2,129; total value of live stock, \$102,911.

*Township Council*, 1864.—A. F. Wood, Reeve; Wm. Tumblety, Deputy Reeve; P. Vancleek, Stephen Reed, and Henry Cook.

*Township Officers*.—John R. Ketcheson, clerk; E. Mouncey, Treasurer; \_\_\_\_\_, Collector; John Dale, License Inspector.

*Post Offices.*—Madoc, A. F. Wood, Postmaster; Cooper's, 9th concession, lot 21, Robert Kinnear, Postmaster; Bannockburn, 5th concession, lot 28, W. H. Carpenter, Postmaster.

## MARMORA (VILLAGE).

---

The village of Marmora is known all over Canada, and in many parts of the Old World, not on account of its size and wealth, but from its connection with the Marmora Iron Works, which were established many years ago. These Works were erected at a cost of over \$100,000, and a large amount, estimated at \$300,000, has been expended upon them since. Tons and tons of iron have been made at Marmora; and at one time the village presented a busy scene; but through bad management, and the difficulty of transportation, operations at the mines have been at a stand-still for some years. Within the last year the property has been sold to a Company, which is making arrangements to carry on the mining and manufacturing of iron on a large scale.

Armstrong, W. W., general land agent, and clerk Township Council.  
Armstrong, Simon, blacksmith, Forsyth street.  
Beddome, Benjamin, Division Court clerk.  
Bently, David, bailiff, Forsyth street.

Weese, Henry, shoemaker, McGill street.

## MARMORA.

The Township of Marmora is situated in the North Riding, and is bounded on the north by Lake, on the east by Madoc, on the south by Rawdon, and on the west by Belmont, in the County of Northumberland. This township attracted early attention from the immense deposits of iron ore found within its borders. A description of the iron works will be found in connection with the village of Marmora. In addition to iron ore, copper and lead have been found in abundance in the township, and valuable beds of lithographic stone have recently been discovered within the limits of the village, and immediately adjacent thereto. The maps accompanying this Directory were printed on the lithographic stone taken from the bed at the village early in December, 1864. Marble is also found in great abundance in the township, and is of excellent quality. The township abounds in mineral wealth; and no place in Canada presents a better field for the enterprising capitalist. There are some good lands in the township, and they are chiefly in the hands of those who may be regarded as thrifty and well-to-do farmers. The population of the township in 1839 was 369; in 1860-61, according to the census returns, the population of Marmora and Lake was 1,499. Lake contains about 200 inhabitants, so that Marmora would have about 1,300. In the statistics which follow, Lake is included with Marmora. The number of occupiers of lands was 154; number of acres under cultivation, 6,353; in wood and wild lands, 11,033; cash value of farms, \$89,190; cash value of farming implements, \$4,817. There were raised 1,134 bushels of fall wheat; of spring wheat, 17,704 bushels; barley, 1,120; rye, 568; peas, 10,651; oats, 17,268; buckwheat, 1,390; corn, 75; potatoes, 20,848; turnips, 10,010. Of maple sugar, there was manufactured 25,310 lbs.; of wool, there was raised 9,837 lbs. There were 249 oxen; 841

cows; horses, 337; sheep, 990; pigs, 723; total value of live stock, \$43,894. The Township Hall is located in the village of Marmora.

*Township Council, 1864.*—Hugh Jones, Reeve; Jas. Hamilton, Solomon Johns, John Crawford and Wm. Leonard.

*Township Officers.*—W. W. Armstrong, Clerk; G. W. Bleeker, Treasurer.

*Post Office.*—Marmora village, D. G. Bowen, Postmaster.

*10th Division Court.*—B. Beddome, Clerk; Post office address, Marmora.

*Churches.*—Services are held in the Township by Rev. E. H. M. Baker, Church of England; Rev. John A. Dowler, Wesleyan Methodist; Rev. N. H. Howard, Episcopal Methodist; Rev. M. McGilvray, Presbyterian; and by Rev. E. P. Lalor, Roman Catholic.

## RAWDON.

The Township of Rawdon is bounded on the north by Marmora, on the south by Sidney, on the east by Huntingdon, and on the west by Seymour, in the County of Northumberland. It possesses good soil, and many portions of the township are in a high state of cultivation. Within the Municipality is the thriving village of Stirling, now incorporated. Its proximity to the extensive mines of Marmora will always be of great advantage to the township. When those mines come to be developed, Rawdon will find an excellent market for her surplus produce there, as well as at Belleville and Stirling. In 1839 the population of Rawdon, Stirling included, was 1067; in 1860-61, the number of inhabitants was 4,344. According to the census returns the number of occupiers of land in 1860-61, was 483; acres under cultivation, 2,366; in wood and wild land, 23,830; cash value of farms, \$556,656; cash value of farming implements, \$35,557. The quantity of fall wheat raised was 3,483 bushels; of spring wheat, 44,996; barley, 26,956; rye, 21,734; peas, 70,000; oats, 74,484; buckwheat, 7,238; corn, 7,711; potatoes, 46,863; turnips, carrots, and mangel wurzel, 26,825. Of maple sugar, there was made the same year, 54,029 lbs; of wool, there was produced 12,194 lbs.; of butter, there was made 100,415 lbs.; cheese, 12,137 lbs. In 1839 there were 103 oxen and bulls; in 1860-61 there were 466. In 1839 there were 234 cows; in 1860-61 there were 3,318. In 1839 there were 84 horses; in 1860-61 there were 1,345. The census returns give Rawdon 43,530 sheep, which must be a mistake, for that is more than half the number returned for the whole County. The number is more likely 4,353; of pigs there were 2,242. Total value of live stock \$38,496.

*Township Council, 1864.*—Robert Linn, Reeve; Wellington McWilliams, Deputy Reeve; James Cooke, Peter Chard, and Robert Gray.

## SHANNONVILLE.

---

The village of Shannonville is situated in the Township of Tyendinaga, about a mile from the shore of the Bay of Quinté, and distant from the town of Belleville nine miles. It was first settled in 1820, by Frederick Keeler and Warren Noble, who erected the first mill, and obtained from the Mohawk nation a lease of the privilege for 999 years, together with 200 acres of land, which is principally situated on the west side of the river. This lease was afterwards confirmed by the government, and is owned by Francis Wallbridge, Esq., who pays to the Indians a yearly rental of thirty barrels of flour. The port, or shipping place of the village, is situated on the Salmon River, about a quarter of a mile below the mills. Vessels of all sizes come up from the bay to this port, and take and deliver cargoes. The first white settlers in this vicinity were the Portts, who came from the banks of the Shannon, and by them the river was named Shannon, in honor of the far-famed river of their native isle. The village received from them the name of Shannonville; but the original or Indian name of the river was Salmon, so called from the abundance of fish of that name which was found in the river, and by that name it has by common consent since been called. Shannonville benefits largely from the lumber trade. The principal dealers are Mr. Francis Wallbridge and Mr. Rathburn. Mr. Wallbridge has a large saw mill in the centre of the village, having some 60 or 70 saws, which cut some 4,000,000 or 5,000,000 feet of lumber yearly. Adjoining is one of the largest flouring mills in Tyendinaga, and one of the finest in the County, owned by T. Wallbridge, Esq., and worked by Thomas Earle, Esq. The building is of stone, four stories in height, the machinery is of the best description, and, for neatness of finish and durability, will compare favorably with the best mills in the country. It has three run of stone and is capable of grinding 40,000 bushels a year. There are two tan

neries in the village, several merchants' shops, carriage and blacksmith shops, &c., &c. Shannonville has three churches: Church of England, Wesleyan Methodist, and Episcopal Methodist, each having a resident minister; one common school, with two teachers, and having an average attendance of over 100 scholars. The railway station is about half a mile from the village. Population, about 700.

*Division Court.*—Hiram Holden, Clerk; Post Office address, Shannonville.

*Church of England.*—, Minister.

*Wesleyan Methodist Church.*—Rev. Aaron D. Miller, Minister.

*Episcopal Methodist Church.*—Rev. M. Lewen, and Rev. Wm. Ferguson, Ministers.

## MILLTOWN.

Situated in the Township of Tyendinaga, about a mile distant from Shannonville, on the Belleville and Richmond Road, and on the line of the Grand Trunk Railway. The Salmon River runs through it, and furnishes one of the best water-power privileges on the stream. On this privilege are two flouring mills, two saw mills, and a foundry and machine shop. The upper mill is owned and worked by David Smith, Esq. It has two run of stone, and is capable of grinding from 100 to 150 bushels a day. There is a saw mill attached, with three saws. Immediately below is the flouring mill, owned by the Messrs. Lazier, and worked by N. S. Appleby, Esq. The mill has three run of stone, and will grind from 30,000 to 40,000 bushels a year. A saw mill is also connected with this mill. Opposite are the premises of Mr. R. F. Pegan, which consist of a large foundry and machine shop, and a cabinet and chair factory. There are one or two carriage and blacksmiths' shops, shoemakers, &c. Population about 200.

APPLEBY, N. S., J.P., conveyancer, miller, north side Main street.—*See Adv.*, p. 322.

 Cash paid for all kinds of Grain.

---

## SIDNEY.

The Township of Sidney is bounded on the north by Rawdon, on the east by Thurlow and the town of Belleville, on the south by the Bay of Quinté, and on the west by the river Trent and the Township of Murray. The river Trent, a large, rapid stream, furnishing numerous and valuable water-power privileges, passes through a portion of the township. Sidney has nine concessions: in the fifth is the thriving village of Frankford. The water-power privileges of the village are numerous, and most of them are occupied by flouring mills, saw mills, woollen factories, &c. Sidney is one of the oldest settled townships in the County, as well as in the Province; and no one who has passed through the various concessions and observed the well-cultivated farms, the substantial dwellings and commodious barns, but must see that the farmers generally are opulent. The soil is fertile and highly productive. The population of Sidney in 1839 was 2,768; in 1850 it was 4,574; according to the last census, the number of inhabitants was 5,082, showing a steady increase. The same census shows that in 1860-61 there were 500 occupiers of land; that there were 34,095 acres under cultivation; and of woods and wild lands there were 25,489 acres: the cash value of farms was estimated at \$1,402,172; number of bushels of fall and spring wheat raised during that year was 53,047; barley, 29,377; rye, 40,813; peas, 106,633; oats, 105,818; buckwheat, 23,216; corn, 192,22; potatoes, 76,268; turnips, carrots, and mangel wurzel, 39,631. Of maple sugar, there was made 44,303 lbs.; butter, 140,686 lbs.; cheese, 29,930 lbs. The number of bulls was 460; of cows and calves, 4,604; horses, 1,897; sheep, 5,533; pigs, 3,758. The total value of live stock was estimated at \$227,187.

*Township Council, 1864.*—Caleb Gilbert, Reeve; Robert Bird, Deputy Reeve; S. D. Farley, Ketchum Graham, and Clement Armstrong.

The Town Hall is situated in the 5th concession, lot 24.

Zwick, James, yeoman, 3rd concession, south half lot 32.  
Zwick, Philip, yeoman, 3rd concession, south half lot 32.

## STIRLING.

---

Stirling is a thriving and prosperous village, located partly in the Township of Rawdon, and partly in the Township of Sidney. It was incorporated in 1858, and at the last census had a population of 760. Located in the heart of a thickly settled and fine agricultural part of the country, and possessing one of the largest flouring mills in the County, together with a woollen factory, sash and blind factory, and other manufactories, it must become an important inland town. The flouring mill is of stone, four stories in height, and 50 x 72 feet, and was erected by Mr. Wm. Baker in 1852. It has three run of stone, and is capable of manufacturing one hundred barrels of flour every twenty-four hours. The storage capacity is 50,000 bushels. The mill is now owned by the bank of Montreal, and is leased by Mr. S. M. Hicks. It has an ample supply of water about six months in the year, which is obtained from Rawdon Creek, a tributary of the Trent. It is provided with steam, so that the mill could be running constantly during the entire year. There are several first-class dry good stores, groceries, and mechanics of various kinds. Its facilities for education are excellent,—possessing two common schools and a grammar school, with an efficient staff of teachers. Its church accommodation is ample; and some of the churches would be an ornament to places of greater pretension. The buildings, generally, are of a substantial character, many of them being of brick. Stirling is distant from Belleville fifteen miles; Trenton, fifteen miles; Frankford, seven miles; Marmora, fifteen miles; Madoc, seventeen miles; and Campbellford, in the Township of nineteen miles. Stages twice a day to Belleville, once to Marmora, and once to Percy.

*Municipal Council.*—G. H. Boulter, M.D., Reeve; P. L. Bogart, William Martin, James Heagle, B. Stedman.

*Village Officers.*—R. Carman, Clerk; F. B. Parker, Treasurer; E. F. Potts, Assessor; William Downing, Collector; Andrew Stickell, sen., Street Surveyor; Andrew Stickell, jun., Police Constable.

## THOMASBURGH.

Thomasburgh is situated in the Township of Hungerford, on the gravel road leading from Belleville to Bridgewater, distant from the latter place about      miles. It contains about 200 inhabitants. It has one general store, a tannery, carriage and blacksmith shops, shoemakers, two hotels, &c. There is a good stone school-house, well supplied with globes, maps, &c.; and there are two fine churches—the Church of England and Wesleyan Methodist. The Episcopal Methodists and Bible Christians hold regular service in the village.

 Repairs of all kinds executed promptly and at low rates.

## THURLOW.

---

The Township of Thurlow fronts in the Bay of Quinté, and is one of the oldest settled in the County. The soil is fertile, and there is less broken land than in any other in the County. Its proximity to Belleville, and having the advantage of unlimited water-power privileges, has proved of great benefit to the township. There are two or three small villages in the township, the largest of which is Canifton, about two miles and a half from Belleville. A description of this village, with its manufacturing facilities, will be found with the alphabetical list of names for Canifton. In addition to numerous flouring and saw mills at different points on the river Moira, which runs through Thurlow, a flax mill has recently been started near Smithville, which bids fair to become an important addition to the manufactures of the County. Plainfield, the property of Mr. H. G. Gillespie, is in this township. There is located a first-class flouring mill, and one of the largest saw mills in the County. This gentleman has, within the last few years, made a great revolution in the appearance of this locality. A short distance above Plainfield are Latta's mills, where there is a flouring and three saw mills. Corby's mills and distillery are also located in this township, about a mile and a half above Canifton. This mill is one of the largest and most complete in the County; and attached to the distillery is a large stone stable, well ventilated and capitably arranged, capable of stocking one hundred cattle.

In 1839 the population of Thurlow, exclusive of Belleville, was 2037; according to the last census, it was 4864; it is now probably 5,500. The occupiers of lands, according to the same returns, was 435; number of acres under cultivation, 27,123; in wood and wild lands 18,754 acres; cash value of farms, \$1,138,588; cash value of farming implements \$52,381. There was grown during 1860-61, according to the census returns, 3,997 bushels of fall wheat;

of spring wheat 37,808 bushels; barley, 26,465; rye, 36,987; peas, 83,671; oats, 100,520; buckwheat, 16,944; corn, 24,549; potatoes, 56,085; turnips, carrots and unangel wurzel, 24,558; there was made 2,619 lbs. maple sugar; wool, 17,605 lbs; butter, 111,097 lbs; cheese, 19,011 lbs; in 1839 there were 268 oxen; in 1860-61 there were 185; in 1839 there were 1,016 cows; in 1860-61, there were 3,818. Of horses, there were in 1839, 618; in 1860-61, there were 1,935. There were in 1860-61, 6,930 sheep; 2,410 pigs. The total value of live stock was estimated at \$192,349.

Young, Stephen, carpenter, 1st concession, part lot 30.

## TRENTON.

---

Trenton is an incorporated village and port of entry, situated at the confluence of the river Trent with the Bay of Quinté. It contains a population of over 1500 inhabitants, and if we include its outlets lying on the immediate precincts, at least 200 more may be added to this number. Before its incorporation a great portion of the village was in the Township of Murray and County of Northumberland; but since that period it has formed a portion of the County of Hastings. Its situation at the head of the Bay of Quinté and at the mouth of the river is beautiful and picturesque, and many spots on the high lands and ridges which almost surround it, present delightful views of the bay, or the windings of the Trent, and contribute to furnish views such as many a painter would be delighted to delineate with all his artistic skill. The rapids of the river, which extend from a mile above the village to eight miles into the interior beyond the village of Frankford, afford many a striking picture as the waters rush wildly on between wooded islands and the deep banks of the stream. A local poet, long ago removed by the hand of death, has beautifully described these peculiarities of the River in language congenial to so striking a theme.

The vicinity of Trenton presents to the geologist and naturalist much of especial interest, and more particularly to the former, as here are the upper shaly strata of the Trenton limestone of the New York and Canadian classification of the Lower Silurian series of rocks, and abounding in fossils. Here are crenoids, brachiopods, cephalopods, and trilobites, in great profusion, sufficient to delight the eye and reward the research of any palæontologist, and three miles up the river on the west side, and on the banks of a tributary stream, there is evidence of glacial action in the shape of a large boulder 22 feet high at the most elevated point, and whose longitudinal circumference is about 114 feet. This boulder

compares favorably with many published accounts of such in other parts of the world in bulk, and is not destitute on its storm-beaten sides of botanic interest.

#### LUMBERING TRADE.

A large business is done here in the rafting of square timber for the Quebec market. A large quantity is brought down the river for this purpose from an immense range of country divided by the Trent and its tributaries, and in the year 1864 it amounted to about 5,000,000 of cubic feet of square white pine, together with a quantity of oak and elm, amounting to about 500,000 cubic feet. The whole of this is re-rafted and formed into bands or drams suitable for progress down the rapids of the St. Lawrence to Quebec. The period of the lumberers being detained here is from a fortnight to four weeks, and gives a great business to the merchants. The yearly number of saw logs brought down the Trent and sawn up here for the American market is about 140,000. In addition to these there is an average brought down the Moira and Salmon Rivers and towed here of 40,000 logs, for the same purpose. This gives during the season employment to a large number of schooners in the conveyance of the sawn lumber to Oswego and other American ports, from which they bring back salt, plaster, water lime, &c., &c.

#### MILLS AND MACHINERY.

There are in this vicinity two large steam saw mills, one owned by Messrs. Gilmour & Co. of Quebec, and the other, on an island below the mouth of the river, belonging to Sandford Baker, Esq. Messrs. Gilmour's mill saws annually from ten to fourteen million feet of boards, and the daily capacity of the mill for this purpose is from 100,000 to 110,000 feet during the 24 hours. There are in this mill five gates or gangs of saws, besides double and single, edging, splitting and cutting saws, lath machine, planing machine, &c., &c. The mill gives employment to over one hundred men.

The steam saw mill of Mr. Sandford Baker contains four gangs of saws, viz., slabber, stock-gang, a gang named the Yankee gang,

and single, which latter is now being replaced by a new full gang, making in all seventy-five upright saws. This mill will cut in the day of twelve hours about three hundred and forty eighteen inch logs, or 60,000 feet of boards, and employs about sixty hands. In addition to this there is a complete butting table and edging machine, also a lath mill which cuts 20,000 laths per day, and employs seven boys. The mill during the seven months of the year it runs, viz., from April 20th, to November 20th, can cut 10,000,000 feet of boards, merchantable in the American market.

At no great distance from Messrs. Gilmour's mill, and on the shore of the Bay of Quinté, is the steam grist mill, brewery and stave factory of J. F. Flindall, Esq., which latter has been but recently erected, at a cost of over \$2000. On the north side of the village, on a tributary of the Trent, are the two grist mills of E. W. Meyers, Esq. Three miles up the river is another excellent grist mill erected by the late C. Weaver, Esq., and now owned by Geo. H. Gordon, Esq. It has three run of stones, and its capacity is about one hundred barrels a day.

Above and below the mill for miles there are mill sites in abundance, and water power to drive machinery, cotton, woollen, and flax mills, &c., which if they were only in the hands of capitalists, from the copious supply of water, would afford ample manufacturing power for these purposes, and such as would give the banks of the Trent something of the aspect of Lowell in Massachusetts—the Manchester of the United States.

A little higher up the river than Mr. Gordon's mill, and on the opposite or eastern bank, there is the paper mill of Messrs. Ford & Taylor, recently erected, and now in full working order. Between this and Mr. Gordon's mill, a long-talked of bridge is to be built, and the probability is that the work will not long be delayed. Along the west bank of the river there is an excellent gravel road to Frankford, eight miles, and from thence to Stirling.

In the village is a large tannery worked by steam power, belonging to W. H. Austin, Esq., and also another smaller one belonging to Mr. R. Pearce. There is a carding machine at the lower mill of Mr. E. W. Meyers. A tin factory, for making stamped and pressed tin ware, has been recently erected by W. Shea, Esq. It is said to be the largest in Canada.

On the east side of the river near Messrs. Gilmour's fine stone store and offices, is a large stone foundry and two storied machine shop and engine house of the same material, of ample dimensions, built by Sheldon Hawley, Esq., for his son the late J. G. Hawley, Esq.; and, though now unoccupied for this purpose, it presents facilities of a most desirable character, with the adjoining wharf and storehouse, for this business.

## GRAIN TRADE AND EXPORTS.

The amount of grain bought and sold in Trenton during the year 1863, was 105,000 bushels, viz:

Spring Wheat.....	10,000 bush.
Full Wheat.....	3,000 "
Barley.....	35,000 "
Pease.....	30,000 "
Rye.....	15,000 "
Oats.....	6,000 "
Buckwheat.....	6,000 "
Total.....	105,000 "

The total exports from the port of Trenton from the 1st July, 1863, to 1st July, 1864, according to the return of the collector, Alexander Macaulay, Esq., are as follows. This return applies alone to the United States, and does not include what is sent to Montreal, Quebec, and elsewhere.

	VALUE.
Sawed Lumber, 20,347,000 feet.....	\$241,437.00
Floats, 3 cribs.....	60.00
Elm Timber, 28 pieces.....	100.00
Spars, 19 ".....	380.00
Oak, 28 ".....	200.00
Red Pine, 607 ".....	3600.00
White Pine, 12,000 feet.....	440.00
Pickets and Staves, 125,300 ".....	381.00
Leached Ashes, 6,500 bush.....	10.00
Lath, 1,673,000.....	1,673.00
Peas, 32,668 bush.....	18,400.00
Barley and Rye, 45,001 ".....	37,629.00
Oats, 4,766 ".....	1,986.00
Buckwheat, 4,688 ".....	2,344.00

Potatoes,	317	"	.....	79.00
Cordwood,	116	cords	.....	232.00
Slave Bolts,	109	"	.....	194.00
Cedar,	6	"	.....	12.00
Total value.....				\$309,168.00

## SHIP-BUILDING.

The facilities for ship-building at Trenton can scarcely be surpassed in Western Canada. Materials can be so readily procured there, and ships could be built and fitted for ocean navigation here at the head of the Bay of Quinté, from which, by the St. Lawrence they would have ready access to the Atlantic. This is now being appreciated, and a large schooner was built during the summer of 1864, by the Messrs. Gilmour. Her length of keel is 115 feet; breadth of beam, 26 feet; depth of hold, 9 feet 6 inches; burthen 385 tons.

## MERCANTILE ESTABLISHMENTS.

There are in Trenton ten dry good stores, three drug stores, two harness shops, groceries, provision stores, hotels, &c., &c., sufficient for the community in and around the village. A large amount of European and Canadian manufactured goods are brought up from Montreal during the year by water and by rail. Imports from the United States, owing to the war, and consequent depreciation of its currency, scarcity and price of labor there, &c., have decreased greatly of late in Canada, and consequently they are now far below what they were here four years ago, whilst those via Montreal have increased.

## PUBLIC BUILDINGS, &amp;c.

There is a Town Hall built of stone, 60 x 40 feet, of some architectural pretensions, having a council chamber, ante-room, &c. in the second story. The lower story is occupied with butchers' stalls, clerk's office, and lock-up. Around it is an open space with hay scales, fire engine house, and ground for outside market.

The places of worship are four in number, viz., the Church of

England, of stone, with a square tower, and a nave of over sixty feet in length, a chancel twenty feet in length, and in the advanced early English style of ecclesiastical architecture. Rev. W. Bleasdel, M.A., Examining Chaplain to the Lord Bishop of Ontario, Rector. There is a Wesleyan Methodist Church, of frame, with a beautiful spire. There is also an excellent parsonage belonging to this church. Rev. John English is minister. The Canada Presbyterian Church (free) has a neat building of frame, Rev. Thomas Killough, Minister, and resident on the front of the Township of Sidney. The Roman Catholic Church is of frame, with an excellent stone residence for the resident Minister, Rev. H. Brettargh.

Trenton is the established site of a grammar school, and has two excellent common schools. There is also a Roman Catholic separate school.

Trenton is distant from Toronto 100 miles, Kingston 66 miles, Belleville 12 miles, Frankford 8 miles, and Brighton 10 miles. The railway station is about a mile and a quarter from the village, Mr. John McColl, Station Master. The principal business streets are Water and Dundas streets, to which may be added Elgin street, leading to the market, and now rising into importance.

*Village Council, 1864.*—Wm. Shea, Reeve; W. H. Austin, Albert D. C. Hawley, Thomas Jeffs, and Denis Macaulay.

*Village Officers.*—Jeremiah Simmons, Clerk; D. Roblin, Treasurer; Charles Baker, Chief Constable; James Marsh, Constable.

*9th Division Court.*—J. Simmons, Clerk. Post Office address, Trenton.

Allan, John, baker, Water street.  
 Alley, William, watchmaker and jeweller, Water street.  
 Auger, George, laborer, Water street.

Zwick, James, laborer, Heber street.

## TUDOR.

---

The Township of Tudor was connected with Madoc for Municipal purposes until the year 1859, when it was erected into an independent municipality. It has owed its prosperity in a large degree to the opening up of the Hastings road by the Government. Eight or nine years ago, there were but a few settlers, now there are over 150 occupiers of lands. The soil is on a blue limestone formation, and in many portions of the township is considered excellent for agricultural purposes. Like most of the back townships, Tudor is rich in mineral wealth. Lead ore of a very rich quality has been discovered in great quantities, and some of the mines have been successively worked by Mr. Kersteman, and others. The great obstacle in the way of developing these mines is the difficulty of transportation. When once the Railway to the back country is built, Tudor will furnish a large share of its freight traffic. Copper has also been discovered in Tudor, but the explorations have not yet been carried on to any great extent. In the north-eastern part of the townships are several large lakes, in which fish in great quantity abound, such as salmon trout, &c. There are also numerous mill privileges, the most important of which is at the Jordan, a small village, which in time will become of considerable importance. The population of the township, according to the census of 1860-61, was 848. The number of occupiers of lands was 143; land under cultivation, 1973 acres; in wood and wild land, 13,089; cash value of farms, \$49,030; cash value of farming implements \$2,169. The quantity of grain raised was, fall wheat 223 bushels; spring wheat, 7,973; barley, 375; rye, 127; peas, 1,039; oats, 9,405; buckwheat, 294; corn, 105; potatoes, 18,209; turnips, 18,868. Of maple sugar there was made 7,528 lbs.; butter 7,675 lbs. There were 147 oxen and steers; 264 cows; 36 horses; 68 sheep; 244 pigs; value of live stock \$10,734.

## TWEED AND GEORGETOWN.

---

Tweed and Georgetown—we couple them together for the purposes of the Directory, as the extreme limits of each are scarcely a quarter of a mile apart—are situated in the Township of Hungerford, and distant from Belleville about 25 miles.

Tweed is on the Moira, which is here a wide and deep stream, and having considerable fall, furnishes a splendid water-power privilege. The principal proprietor of the property, James Jamison, Esq., made a commencement of some valuable and substantial improvements in the mills and dams during the summer of 1864; and we believe it is his intention to make additional improvements this season. The wooden foundations of the flour and saw mills were replaced by heavy stone work, the height of the flour mill was raised one story, and its capacity increased by adding a third run of stone. A new water lime dam or flume, six feet in thickness, and 120 feet in length, was constructed, affording facilities for additional factories. The saw mill has two uprights, a circular, and a lath machine. Both the flour and saw mill are owned by Mr. Jamison. On the opposite side of the river is the woollen factory owned by Dyer, and leased by Mr. Alonzo How. The capacity of this factory is to be increased this year. Tweed is surrounded with an excellent agricultural district. The soil is chiefly sandy loam, with now and then a mixture of clay, and the well cultivated farms, the substantial and neatly built farm-houses, with their commodious out-buildings, and the superiority of the stock, are all evidences of thrift and industry. The village has two or three first-class country general stores, tinsmith, carriage, and blacksmith shops, tailors, bakers, shoemakers, &c. Its religious welfare is well provided for, there being three churches—the Church of England, Wesleyan Methodist, and Bible Christian, in which service is held at stated periods. It possesses one of the most efficient schools in the North Riding.

Its natural advantages are such, that with a judicious expenditure of capital and a proper spirit of enterprise, it must become an important inland town.

Georgetown, the property chiefly of Felix Gabouric, Esq., is situated on Stoco Lake, a short distance from Tweed. This lake is about seven miles in length, and from one to two in width, and is one of the finest of the chain of lakes in the back country. Georgetown is the capital of Hungerford, the Township Hall, a commodious building, being located here. It also possesses a fine school, which is conducted on the free system.

*Church of England.*—Rev. F. Fleming, Minister. Hours of service, 2 o'clock P.M., every second Sabbath.

*Wesleyan Methodist Church.*—Rev. — Kerr and Rev. — Witcher, Pastors. Hour of service, 7 o'clock, P.M., every Sabbath evening.

*Bible Christian Church.*—Rev. Jesse Whitlock, Pastor. Hour of service, every Sabbath at 2 o'clock, P.M.

*Issuer of Marriage Licenses.*—James Reid, general merchant.

*Good Templars' Lodge*—Has about 40 members, and meets every Tuesday evening in the Temperance Hall.

*Debating Society.*—Meets every Thursday evening in the Orange Hall, Wm. White, President; J. C. Jamison, Secretary.

 Bread, Biscuits, Confectionery, etc., of all kinds,  
 at the lowest possible prices.

## TYENDINAGA.

The Township of Tyendinaga is bounded on the north by the Township of Hungerford, on the east by the Township of Richmond in the County of Lennox, on the south by the Bay of Quinté, and on the west by the Township of Thurlow. The Mohawk reserve is situated in Tyendinaga, and until recently, it has proved to be a serious drawback upon the settlement of this portion of the County, but a law passed a few years ago permits the Indian to sell his lands. Few, however, have taken advantage of the law. In all probability it will be many years before this section of the township will undergo much change. Tyendinaga is one of the most fertile townships in the county; the soil is chiefly clay, sandy and vegetable loam, with subsoil of gravelly marl. The River Salmon, a large stream on which are numerous flouring and saw mills, factories, &c., runs through the township. There are several villages, the largest of which is Shannonville, having a population of about 750. In 1839 the population of the township was 2,092; in 1850 it numbered 6,200 inhabitants; in 1860-61, according to the census returns, the population was 7,812, of which 543 were Indians. The same returns show that there were 786 occupiers of lands; there were 41,340 acres under cultivation, and of wood and wild lands 36,112. The cash value of farms was estimated at \$1,133,150; cash value of farming implements \$65,280. The quantity of fall wheat grown during the year 1860-61 was 5,978 bushels; spring wheat, 67,140; barley, 41,473; rye, 52,457; peas, 89,830; oats, 118,907; buckwheat, 18,506; corn, 16,820; potatoes, 68,542; turnips, carrots, and mangel wurzel, 18,490. There was made during the same year 44,951 lbs. maple sugar; there was produced 41,724 lbs. wool; of butter 151,041 lbs.; cheese 2,213 lbs. The number of oxen is stated at 557; cows, 5,728; horses, 2,431; sheep, 7,709; pigs, 3,587; total value of live stock is estimated at \$238,255.

*Township Council.*—N. S. Appleby, Reeve; W. Frissell, Deputy Reeve; Alex. McLaren, J. Huffman and P. Tighe.

The Town Hall is situated on lot No. 15, in the 2nd concession, in the village of Melrose.

*Township Officers.*—Michael Nealon, Clerk; Francis English, Treasurer.

*Post Offices.*—Shannonville, H. Holden, Postmaster; Blessington, 5th concession, lot 7, John Lally, Postmaster; Lonsdale, 2nd concession, lot 32, Richard Wildman, Postmaster; Marysville, 1st concession, lot 30, James Killmurray, Postmaster; Melrose, 3rd concession, lot 15, George Duncan, Postmaster.

*3rd Division Court*—Hiram Holden, Clerk; Post office address, Shannonville.

*Church of England.*—There are two churches, one on lot 34, concession A; and one on lot 17, 3rd concession. Rev. G. A. Anderson, Pastor.

*Presbyterian Church.*—There is a church at Melrose, on lot 15, 3rd concession, and one at Lonsdale, lot 32, 3rd concession, Rev. James Hume, Pastor.

*Wesleyan Methodist Church.*—A church at Shannonville, and one on lot 34, 5th concession, Rev. Aaron D. Miller, Pastor.

*Episcopal Methodist Church.*—One at Shannonville, Rev. J. Ferguson, Pastor.

*Roman Catholic.*—There are two churches, one at Marysville, lot 24, 1st concession, Rev. M. McKay, Priest; and at Blessington, lot 16, 5th concession, Rev. M. McMahan, Priest.

*Abbreviations.*—In this township there are two *first* concessions, and two *second* concessions, which are divided by what is called the "Slash road," and where names occur with the letters "*S. R.*" it signifies South of the Slash Road, and with the letters "*N. R.*" it signifies North of the Slash Road.

Yourex, William, yeoman, 2nd concession, part 12.

## WOLLASTON.

This is the second township, on the west side of the Hastings road. It was surveyed in 1863. In the central and south-western portions, there is some fine level hard-wood land, of which the surveyor's report speaks very favorably. There is a splendid water-power privilege at the foot of Eagle Lake in this township

Banes, Francis, yeoman, 9th concession, part lot 10.  
Bereworth, Christian, yeoman, Hastings road, part lot 62.  
Bird, Henry, yeoman, 1st concession, part lot 1.  
Blythe, John, yeoman, 8th concession, part lot 1.  
Bushman, David, yeoman, 5th concession, part lot 17.  
Caffner, Michael, yeoman, 1st concession, part lot 7.  
Conlin, Peter, yeoman, 9th concession, part lot 4.  
Conlin, Timothy, yeoman, Hastings road, part lot 1.

Telf, Richard, yeoman, Hastings road, part lot 28.  
Toff, Thomas, yeoman, 7th concession, part lot 6.  
Vance, James, yeoman, Hastings road, part lot 58.  
Woods, Samuel, yeoman, 3rd concession, part lot 5.

## COUNTY OF PRINCE EDWARD.

### AMELIASBURGH.

The Township of Ameliasburgh is situated in the County of Prince Edward, and is bounded on the north by the Bay of Quinté, on the south by the Township of Hillier, on the east by the Township of Sophiasburgh, and on the west by Lake Ontario. Its proximity to the flourishing town of Belleville has, to a great extent, made the commercial interests of the two places identical. The inhabitants of Ameliasburgh, as well as some of the adjoining townships in Prince Edward, have found it to their advantage to buy their goods and ware of the merchants of Belleville. This trade is yearly increasing, and in order to accommodate the traffic between the two sections, it will be necessary immediately to put a much larger ferry boat on the route. This has been in contemplation for the last year or two, and it is to be hoped that the project will be carried out at once.

There are three small villages in the township, viz.: Conseccon, Rednerville, and Roblin's Mills, the former of which is the largest. Conseccon is situated in the western extremity of the township on Lake Ontario. Weller's Bay constitutes the harbor, and it is said to be one of the largest and safest on the lake. The entrance from the lake to the bay must be enlarged in order to make the passage perfectly safe, although now the largest vessels go through it. Conseccon will doubtless in the course of time become a place of considerable importance.

Ameliasburgh was settled about the same period as the township of Sydney, and is one of the oldest settled townships in the Province. The soil is excellent for agricultural purposes. There is only one mill privilege in the township, and that is at Roblin's Mills. The water to drive the machinery is obtained from Roblin's Lake, which has an elevation of over 100 feet above the water of the bay. We take the following statistics of the township from the census returns of 1861. The population was then 3,847; it is now probably 4,000. The number of occupiers of lands was 330; amount of land under cultivation, 26,037 acres; in wood and wild land, 13,876. The cash value of farms was \$1,106,830; cash value of farming implements, \$41,067. The number of bushels of Fall wheat grown in 1861 was 3,242; spring wheat, 29,625; barley, 46,587; rye, 52,476; peas, 71,960; oats, 38,161; buckwheat, 46,754; corn, 2,240; potatoes, 38,785;

turnips, carrots, and mangel wurzel, 16,459. Of maple sugar, there was made 49,848 lbs.; of butter, 118,671 lbs.; cheese, 6,038 lbs. There were 289 oxen and bulls; 2,831 cows; 1,650 horses; 4,337 sheep, 1,483 pigs. The value of live stock was estimated at \$147,688.

*Township Council*, 1864.—Sylvanus Sprague, Reeve; William Whittier, Deputy Reeve; John Anderson, John Russell, and James Young.

*Township Officers*.—Charles Drewry, Clerk; John Sprague, Treasurer; Samuel Parliament, Collector; John H. Morden, Assessor.

*Division Court*.—Edward Roblin, Post Office address Ameliasburgh.

*Post Offices*.—Ameliasburgh, Owler Roblin, Postmaster; Rednersville, George Roblin, Postmaster; Albury, Isaac Dempsey, Postmaster; Mountain Fair, H. May, Postmaster; Consecon, Abram Marsh, Postmaster.

OF EVERY DESCRIPTION, MADE TO ORDER.

## BOOKBINDING.

Owing to the difficulty of procuring first class Bookbinders, and the high wages they demand not being warranted by the amount of support accorded, together with the heavy duty (20 per cent.) on binding material, *while the bound book is admitted free*, the undersigned is under the necessity of declining to execute further orders in this branch, and will hereafter confine himself to binding connected with his own business, and the manufacture of Blank Account Books.

### ENLARGEMENT OF PREMISES.

The undersigned has greatly enlarged, and otherwise improved his premises, which he has adapted, in every respect, for carrying on an extensive Book and Job Printing and Blank Book Manufacturing business. The Compositors' Rooms are well stocked with a large variety of Plain and Fancy Types, embracing the newest designs. The Establishment is furnished with ten Steam Printing Presses, nine Steam Smashing, Sawing, Cutting, Stamping and Hoisting Machines, six Hydraulic and Hand Presses, together with Ruling, Backing and Paging Machines, all in thorough working order, which enables the subscriber to turn out large quantities of work at very short notice. 130 persons are employed in this Establishment.

Country Orders for Printing and Blank Books carefully attended to, and work despatched by the safest and cheapest modes of conveyance.

**JOHN LOVELL,**

Book and Job Printer, and Blank Book Manufacturer.

Montreal, January, 1865.

INFORMATION  
FOR  
**Immigrants, Settlers,**  
AND  
**PURCHASERS OF**  
**PUBLIC LANDS.**

**GEOGRAPHICAL POSITION.**

Canada extends from the Gulf of St. Lawrence on the East, to (according to some authorities) the Rocky Mountains on the West, embracing an area of about 350,000 square miles, or 240,000,000 of acres, independently of its North-Western possessions, not yet open for settlement. The River St. Lawrence, and Lakes Ontario, Erie, St. Clair, Huron and Superior, with their connecting rivers, form a remarkable natural boundary between Canada and the States of the Union, and a means of communication of surprising extent, and unrivalled excellence.

**CONSTITUTION AND GOVERNMENT.**

An integral part of the British Empire, Canada enjoys perfect religious, social, and political freedom. All public offices and seats in the Legislature are open to any candidate possessing the confidence of the people, holding a certain

limited amount of property, and being at the time a British subject. Three years' residence entitles a foreigner to all the rights and privileges of a natural born citizen. Aliens can buy, hold, and sell land.

### CLIMATE, WOODS AND FORESTS.

The climate of Canada is in some measure exceptional, especially that of the peninsular portion. The influence of the great lakes is very strikingly felt in the elevation of winter temperatures, and in the reduction of summer heats, and is more suitable than a reference to monthly and annual means of temperature. Much information is conveyed in the simple narration of facts bearing upon fruit culture. From the head of Lake Ontario, round by the Niagara frontier, and all along the Canadian shores of Lake Erie, the grape and peach grow with luxuriance, and ripen to perfection in the open air, without artificial aid. In Lower Canada, melons ripen freely in the open air, and apples attain a peculiar degree of excellence, those of the island of Montreal being especially famed. The island of Orleans, below Quebec, is equally celebrated for its plums.)

The principal descriptions of timber found in the forests of Canada, are:--White, yellow, and red pine; white and black spruce; tamarac; white and black ash; grey, red, soft, and rock elm; bird's eye, white, and red oak; bird's eye curly and soft maple; black and grey walnut; smooth and rough bark hickory; ironwood; basswood; beech; white cedar; hemlock; chestnut; buttonwood and whitewood.

Canada exports annually about 30,000,000 cubic feet of timber in a rough state, and about 400,000,000 feet, board measure, sawed lumber.

### PROGRESS AND SETTLEMENT.

The resources of Canada have of late years been rapidly developing, and the increase in her population is steadily

augmenting. Industry may here find a place to better its condition, and capital a field for profitable investment. In 1829, Upper Canada had but one hundred and ninety-six thousand inhabitants; now the population is 1,396,091. The growth of wealth in the community may be seen from the assessment rolls. The amount of assessable property in the year 1829, in Upper Canada, was about \$8,000,000, now the assessable value of farm property, including the value of farming implements, and of live stock, is \$359,670,148, or a little more than \$257 to each man, woman and child; a degree of prosperity it would be difficult to credit, were it not established by incontrovertible proofs. The population of Lower Canada, by the census of 1861, is 1,110,664, and the cash value of farms, including the value of farming implements, and of live stock, is \$204,652,069, or a little less than \$185 to each individual.

The advantages which Canada offers to emigrants must, when they come to be generally known, be sufficient to decide their choice in favor of the wood-lands of the Province, watered by beautiful lakes and living streams, which abound with every variety of fish; where the certainty of health, and the chances of life are far greater than in the flat prairies in the West, and where water power is everywhere abundant, just where it is required, in the midst of forests of valuable timber. The backwoods settler in Canada finds a ready cash market with the lumberer for his hay, oats, peas, and potatoes, thereby saving the latter the cost of transport. It is the mission of the lumberer to wage war on the gloomy forest, and of the settler, on the rugged soil. While the advance of settlement has enabled the lumberer to push his enterprise further and further up the stream, it is mainly in consequence of the trade in its timber, that the country is so fast filling up with inhabitants, the wants of the lumberman affording to the farmer a ready market for his produce at high prices.

---

### CROWN LANDS.

Several millions of acres of surveyed lands are always in market, and the prices fixed at which intending settlers can acquire them, upon application to the respective Crown Land Agents. The names of these agents, their residences, and how to get there, will be found below. The prices of Crown Lands vary from seventy cents cash, to one dollar, and one shilling an acre, on time, according to locality.

Crown Lands in Upper Canada are sold for cash, at seventy cents an acre, and, on time, at one dollar an acre, one-fifth to be paid at the time of sale, and the remaining four-fifths in four equal annual instalments, with interest at six per cent. on the purchase money unpaid. On the north shore of Lake Huron, and at Fort William on Lake Superior, lands are sold on time at twenty cents an acre. All Crown Lands in the newly surveyed territory, are subject to settlement duties, and no patent in any case (even though the land be paid for in full at the time of purchase) shall issue for any such land to any person who shall not by himself, or the person or persons under whom he claims have taken possession of such lands, within six months from the time of sale, and shall from that time continuously have been *bona fide* occupant of, and resident on the land for at least two years, and have cleared and rendered fit for cultivation and crop, and had under crop within four years at farthest from the time of sale of the land a quantity thereof in the proportion of at least ten acres to every one hundred acres, and have erected thereon a habitable house, of the dimensions at least of sixteen by twenty feet. Timber must not be cut without license, except for agricultural purposes.

There is generally on Crown lands an unlimited supply of the best fuel. The conditions of sale allow the settler to cut and sell from his lot whatever timber he thinks proper, by taking out a license, which can be had on application to the Crown Land Agent. The value of the timber thus cut is

applied in payment of the purchase money due the Crown. Even in burning the timber which he does not sell, the settler can convert the ashes into potash, which will meet a ready sale at from £7 to £9 currency per barrel.

Purchasers of land, after paying a first instalment, can raise from the land itself and from the timber on it, the means of paying the balance of the purchase money, and by their own exertions, in a short time be possessed of a valuable property; the pioneer settler thus becoming the independent farmer.

#### COLONIZATION ROADS—FREE GRANTS.

Government has opened several great lines of road in Upper and Lower Canada on which free grants of one hundred acres are given to actual settlers. The conditions of location are;—That the settler be eighteen years of age. That he take possession of the land allotted to him within six months. That he build a log house 16 by 20 feet. That he reside on the lot, and clear and cultivate 10 acres of land in the course of four years. Members of a family having land allotted to them may reside on a single lot, thereby exempting them from building and residence on each location

#### THE SEIGNIORIES.

There are also some thousands of acres of land for sale in the Jesuits' Estates Seigniories of the Crown, and in the Seignior of Lauzon, in Lower Canada, at prices varying from 40 to 60 cents per arpent.

The lands in these Seigniories, instead of being conceded, as formerly, under the Seignioral Tenure, are now sold under a tenure equivalent to free and common soccage; the purchase money is payable by instalments, and the sales are subject to settlement duties. An arpent is a little less than an English acre.

---

### THE GOLD MINES.

The discovery of gold in the Seigniories and Townships bordering on the River Chaudière and tributaries, in Lower Canada, have rendered it necessary to make provision for the protection of those who engage in mining ; therefore it is provided, in cap. 9, 27, 28 Vic., that there shall be two descriptions of license, neither of which shall be transferable : one to be called the "*Crown Lands Gold License*," and the other "*Private Lands Gold License*," each of such licenses shall contain the name of the licensee.

A "*Crown Lands Gold License*" shall authorize the person therein named to mine, during one month or more from the date therein named on any unsold Crown Lands within the Gold Mining Division mentioned in such license ; and for every such license a fee of two dollars per month shall be paid.

A "*Private Lands Gold License*" shall authorize the person therein named to mine during one month or more from the date therein named on private lands, within the Gold Mining Division mentioned in such license, but only by and with the consent of the proprietor of such lands, by such license first had and obtained, and to the limit or extent agreed upon between such licensee and proprietor ; and for every such license a fee of one dollar per month shall be paid.

Each Crown Lands Gold Licensee shall have the right to stake out one claim on unoccupied Crown Lands within the Division (by planting a wooden picket at each of the four corners thereof), and to work the same.

Each claim shall be of one of the following dimensions, viz :

#### FOR ALLUVIAL MINES.

If on any river or large creek, twenty feet front by fifty feet to the rear, to be measured from the water's edge.

If on a small creek or minor stream, forty feet front by fifty feet to the rear, to be measured from the centre of the stream.

If in a gully, sixty feet along said gully and to extend from hill to hill.

If on a surface or hill side digging, sixty feet square. Except where a Company intend to hill-tunnel, then, upon application, the Officer for the Division may grant such larger claim as he may think fit.

And for working a bed of river the Officer shall determine as circumstances may require the size and position of claims; and all side lines shall be drawn as nearly as possible at right angles to the general course of the stream, for half a mile on each side of the claim where such side lines touch the stream.

#### FOR QUARTZ MINES.

For any person one hundred feet along a lead, by one hundred feet on each side thereof, measuring from the centre of the lead.

Companies of two or more persons may stake out and work additional feet along a lead by the above width in the proportion of twenty-five additional feet in length for every additional miner, not to exceed five hundred feet in length altogether, and work the claim jointly.

The Crown Lands in the Gold territory are open for sale for settlement, subject to proof that no gold mining is going on therein, and to payment of an annual increased sum in the event of mining being afterwards had, sufficient to raise the price to \$2.00 an acre.

#### DIRECTIONS TO EMIGRANTS AND OTHERS WISHING TO PURCHASE CROWN LANDS.

Emigrants and others desirous of purchasing Crown Lands should make application to the respective local Crown Land Agents, who are required by law to furnish all applicants with correct information as to what lands are open for sale.

The Government Emigration Agents at Quebec, Montreal, Ottawa, Kingston, Toronto, and Hamilton, will afford information and advice to emigrants respecting the best means of reaching the localities in which they intend to settle.

#### DIRECTIONS TO PARTIES CORRESPONDING WITH THE DEPARTMENT OF CROWN LANDS.

Applications to purchase wild lands, in newly surveyed or thinly settled townships, should be made to the local agent, and if the lot sought to be purchased is at his disposal, at a fixed price, he will sell under existing regulations. If the lot has not yet been advertised and placed at the disposal of the agent, no sale of it can be made until that is done, unless the applicant is in actual occupation, with valuable improvements; in that case he may, at his own expense, procure the services of the agent, (if the lot be within the jurisdiction of one) to inspect it, or furnish him satisfactory evidence, by affidavits of two credible and disinterested parties, or the report of a sworn surveyor, to enable him to report to the Department the following particulars, viz:—

The whole time the lot has been occupied; by whom now occupied; the nature and extent of the improvements owned by applicant, and whether there are any adverse claims on account of improvements made by any other party on the same piece or parcel of land.

If the lot is public land, but not within the jurisdiction of any agent, the application should be made direct to the Department, applicant being careful, in order to avoid delay and prevent unnecessary correspondence, to transmit at the same time the evidence by affidavit or Surveyors' report, as above stated.

The same rules should be observed by applicants to purchase Public Lands situated in the old settled Townships, with these additions: that in cases where the applicant occu-

pies improvements made by his predecessors on the lot, he should show by assignment or other evidence, how he obtained possession of them, and that he is now the *bonâ fide* owner of the same. The present full value of the land per acre, exclusive of improvements, should also be stated by the agent, the surveyor or deponents, as the case may be. All papers necessary to substantiate the applicant's claim or right to purchase, if the application is made direct to the Department, should accompany the first application.

All assignments, whether by squatters or purchasers, must be unconditional, to be recognised by the Department.

Applications for information relative to the dates of Patents and the names of Patentees should, invariably, be made to the Provincial or Deputy Provincial Registrar.

Parties writing to the Department should give their Post Office, the date and number of the last letter (if any) they received from the Department on the subject. They should, if they can, state whether the lots they write about are Crown, Clergy, or School lands. Each letter should be confined to one subject; the signature should be distinctly written, and the letter addressed to "The Honorable the Commissioner of Crown Lands."

Every applicant for Letters Patent for lands, should state his Christian name at length, with his occupation and residence, as these must be stated in the Letters Patent.

#### INSTRUCTIONS TO IMMIGRANTS WITH SOME CAPITAL.

Immigrants with some capital, desirous of settling on land, and unaccustomed to life in the bush, would do well to purchase a Lot with a House, Outbuildings, and a few acres of clearance. Lots of this description are always to be found in the newly settled districts, the title to which is still in the Crown. In such cases a small sum must be given for the right

and improvements of the original purchaser. The patent would then be issued on payment of the balance of the purchase money due to the Crown, and on completion of the required settlement duties.

The Crown Land Agents will aid Immigrants inquiring for Improved Lots within their Agencies, for which patents have not been issued. They will say where such Lots are to be found, and they will assist, if requested, in drawing up the necessary assignment to the purchaser, for registration in the Department of Crown Lands.
